

Rheumatology 2016

26-28 April 2016 | SECC Glasgow, UK

26 April, 2016

09:30 - 17:30

TUESDAY 26 APRIL 2016

09:00 - 10:30

Medico-legal issues in rheumatology

Rheumatology in the world of social media

Seronegative and spondyloarthropathies oral abstracts

The three S's in rheumatology

Pulmonary hypertension for rheumatologists

09:00 - 10:30

Vasculitis special interest group

What Patients want from their rheumatology service

Myositis special interest group

10.30 - 11.30

Coffee, exhibition and poster viewing

Innovation session: UCB Biomarkers: Rich promise or eternal frustration?

11.30 - 13.00

The BSRBR-RA at 15 years: lessons learned and future challenges

Men with rheumatoid arthritis: Make life easier for yourself: get patients inputting the data!

Why do we need a stratified medicine approach in rheumatic diseases?

Occupational rheumatology for the uninitiated: work and upper limb disorders

Management of vascular manifestations of the skin, kidneys and GI tract in systemic sclerosis

11:30 - 13:00

Rheumatoid and vasculitis oral abstracts

Spondyloarthritis special interest group

13.00 - 14.00

Lunch

BSR Biologics register meeting

Dissemination and communication throughout your doctorate

Getting started with Celgene project
Innovation session: Models of your audit/research Care: New Approaches to PsA Management

14.15 - 16.15

Jewels in the Crown

16.15 - 18.45	Coffee and exhibition	Innovation session: tbc
16:45 - 17:45	Herberden Round	
18.00 - 19.00	Rheumatology 2016: Quiz	Industry symposium Pfizer: iQ Communicator post-ACR Industry symposium: Roche and Chugai: RA: breaking habits - dare to be different
19.30 - 21.00	Presidents' Reception	

27 April, 2016

09:00 - 17:30	WEDNESDAY 27 APRIL 2016		
07:15 - 08:45	Industry symposium: Bristol Myers Squibb: Sliding doors: Different choices, different outcomes	Industry symposium: Janssen: Raising the bar: Practical approaches to improving patient outcomes in PsA & RA	
09:00 - 10:30	BSI: How targeted therapies reveal the immunology of autoimmune rheumatic disease	Essentials: Disease management Dermatological manifestations in rheumatic disease: all you need to know	Common musculoskeletal foot problems in primary care Osteoarthritis and osteoporosis oral abstracts
09:00 - 10:30	Engaging with South Asian community in rheumatology care BSR clinical guidelines	BRiTs: How to survive as a consultant: all the things you need to know	Workshop: Assessing disease activity and damage in vasculitis
10:30 - 11:30	Coffee, exhibition and poster viewing		Innovation session: Eli Lilly: Targeting inflammatory pathways in RA: how can we progress from bench to bedside?
11:30 - 13:00	BSI: Imaging immunology and inflammation in action	Essentials: Symptom management BHPR oral abstracts	Foot problems in inflammatory arthritis Connective tissue diseases and muscle disorders oral abstracts
11:30 - 13:00	Group clinics in musculoskeletal disease: better together		Lung disease special interest group ARMA: MSK comes of age: person-centred, coordinated care for improved outcomes through co-production and multidisciplinary working
13:00 - 14:30	Lunch	BSR AGM	Innovation session: Mallinckrodt Specialty Pharmaceuticals: ACTH: another option for acute gout uncovered
14:30 - 16:00	BSI: The role of RNA species and RNA binding proteins in the joint	Essentials: Experts in the field Treating early RA to target: practice outside the UK	Primary care oral abstracts Heritable disorders of connective tissue special interest group
14:30 - 16:00	Supporting self-management for musculoskeletal health	Disease modification in osteoarthritis	Scleroderma special interest group Workshop: Assessing disease activity and damage in vasculitis
16:00 - 16:30	Coffee and exhibition		Innovation session: Abbvie: Targeted Ultrasound Initiative (TUI) MSUS: An

integral part of routine practice?

16:30 - 17:30	Heberden Oration				
17:30 - 19:15	International delegates' reception	Trainee reception	Industry symposium: Pfizer: Signalling the future: JAK inhibition in Rheumatoid Arthritis treatment	Industry symposium: Novartis: Targeted Management of AS & PsA	Conference dinner

28 April, 2016

09:00 - 17:30	THURSDAY 28 APRIL 2016				
09:00 - 10:30	How to manage rheumatic diseases in pregnancy?	Management of septic arthritis in the 21st century	Pain: State of the art: how to assess and manage low back pain	Psoriatic arthritis: before and after TNFis	
09:00 - 10:30	Basic science oral abstracts	Sjogren's: welcome to the biologic era!	How to cope with statistics in a research paper	Rehabilitation in rheumatology: for young and old	Staying physically active with rheumatoid arthritis
10:30 - 11:30	Coffee, exhibition and poster viewing			Innovation session: Sobi: Inflammatory conditions	Rheumatoid Arthritis and auto-inflammatory conditions
11:30 - 13:00	Unravelling knots of silk: Understanding Behcet's disease	BRiTs: The lung in rheumatology	Pain: Fibromyalgia: preventing onset and improving outcome	Paediatric and adolescent oral abstracts	Droitwich Medical Trust Lecture
11:30 - 13:00	What's new in the antiphospholipid syndrome?		BSR education special interest group	Adult inflammatory arthritis (AIA) studies: the importance of longitudinal data collection	
13:00 - 14:00	BSR Research committee launch party	BSR Audit session		Innovation session: National Osteoporosis Society: Model of support for fracture liaison service development and improvement	BHPR Members' meeting
13:00 - 14:15	Lunch			Osteoarthritis special interest group	
14:15 - 15:45	Update on basic science and clinical aspects of SLE	BRiTs: Radiology for rheumatologists	Pain: State of the art: management of persistent pain	Adolescent and young adult rheumatology	Getting the most out of patient and public engagement
14:15 - 15:45	Rheumatoid arthritis oral abstracts	Gout in the 21st Century		Workshop: Let's keep axial spondyloarthritis (AxSpa) patients in work, engaged with physical activity and self-managing their disease : an interdisciplinary approach	
15.45 - 16.00	Close of main programme & coffee break for those attending SIG sessions				
16:00 - 17:30	Ethnicity special interest group	Pain special interest group		Adolescent and young adult special interest group	Osteoarthritis special Interest group

16:00 - 17:30

Sjogren's special interest group: How to set up and run a Sjogren's multidisciplinary clinic special interest group

Ultrasound special interest group

Osteoporosis special interest group
