

# STOVA

## Wednesday, 23 November 2016

8:30 am - 8:45 am

REGISTRATION

### **Registration - LEVEL 5**

8:45 am - 8:50 am

OPENING

### **CONFERENCE OPENING - DAY THREE**

8:50 am - 9:35 am

KEYNOTE PRESENTATION

### **INNOVATION @ GOOGLE**

Scott Thomson, Customer Solutions & Innovation, APAC, Google

Disruption is inevitable, and it's happening faster than it used to. Companies need to prepare for the future now. Innovation and ideas are required to drive AUNZ forward and to do that we need to embrace a new way of working. I will discuss 10x ideas and the culture at the heart of how Google innovates from measuring everything with smart use of data to becoming a growth-based and data-driven enterprise, from breaking down silos, to bringing people together and accelerating sharing & collaboration

9:40 am - 10:10 am

SESSION ONE

### **WHAT MAKES AN INTELLIGENT COMMUNITY?**

Marianne Archibald, Director, CityWorks

In this fast changing world the term 'smart city' is often used to describe how communities are responding to increasingly available digital technology. Whanganui went beyond the smart city approach and examined how to create an intelligent community.

Using the global benchmarking offered by the Intelligent Community Forum, Whanganui has been included in the Smart21 intelligent communities for the past five years and was included in the Top 7 in 2016.

Marianne talks about the difference between smart and intelligent and why it matters for your community.

WORKSHOP

### **WORKSHOP: TIME FOR 365?**

Mark Watson, Senior Consultant, Information Leadership

365 can enable significant productivity & cost savings in your organisation.

Join Mark in this pragmatic session to understand its benefits and limitations and how it compares with on-premise.

During the workshop you will work through Information Leadership's "Decision DNA" that can form the start of your

SESSION TWO

### **DIGITISING THE BUILDING CONSENT PROCESS**

Glyn Williams, Global VP Objective Trapeze Solutions, Objective Corporation

The ever rising number of building consent applications in New Zealand is a key driver escalating the need for local councils to focus attention on efficiency. How can you simplify and fast-track the building consent process, and what does transformation mean for you and your communities? What should you focus on to be successful? How can you empower your staff to deliver better outcomes faster and enhance customer experience? Come along to learn more and hear some great digital transformation stories.

9:40 am - 10:40 am

business case, roadmap and tactics for 365.

We will cover:

- An overview of what 365 is with demonstrations relevant to local govt
- What to use 365 for and not plus system, design , governance and change management facets to cover
- Specific elements will be touched such as One Drive for Business, hybrid designs, PRA compliance and migration

Marianne Archibald, Director, CityWorks

Steve Adams, Director, CityWorks

Understanding the Intelligent Communities Forum Framework, why it is valuable and how your community could enter the awards programme.

11:30 am - 12:00 pm

SPEAKER PRESENTATION

**LINKED DATA PRESENTATION**

Adrienne Bonnington,

Senior Environmental Information Analyst, Horizons Regional Council

Linked data is an approach for integrating and interlinking data and information resources with minimal impact on organisations. Over the last year, ALGIM's Linked Data Working Group has been developing a toolkit based on standards and best practice for implementing this linked data approach.

This presentation describes the progress of the toolkit and the national and international collaboration efforts to enable agencies to open and link 'never connected before' information in an innovative way.

SPEAKER PRESENTATION

**YOU HAVE TO KNOW WHERE YOU ARE TO KNOW WHERE YOU'RE GOING- A PRACTICAL APPROACH TO AGILE**

Linda Lindeman, Business Solutions Team Leader, Palmerston North City Council

Paul Phillips, Manage Engine.

You probably recognise the scenario: Delivery of solutions is sluggish (on a good day), the team is swamped with urgent requests, requirements take a-a-ages to complete, only to be out of date – and everyone is asking" why are we doing this and why did no-one tell us it was coming?

Our story is no different, and our continued journey to become leaner, meaner and more agile has not been easy. In this session we will explore some of the common problems, mistakes and challenges that our team has dealt with.

Come along as we introduce you to some of the practical tools and attitudes that are supporting our team delivery.

12:00 pm - 12:45 pm

KEYNOTE PRESENTATION

**PANEL DISCUSSION - A WORLD OF QUESTIONS**

Thomas Frey (World No.1 Futurist)
