An Age Of Evolutionary Disruption
Michael Schelper, General Manager, UAE & Kuwait, Chief Operating Officer, Middle East & Africa, Cerner

We have experienced profound disruptions of entire industries in the recent past as well as the rising power of consumers and artificial intelligence. It's not a question whether the healthcare industry will get disrupted, but rather when and how drastically. What can we do to shape the future and guide the industry in the right direction?

(Greater) Happiness in Healthcare IT from Start to Finish

CIOs and Physicians of Mediclinic and American Hospital Dubai will walk through their successes in integrating stakeholders in selecting electronic medical records and addressing the on-going clinical needs and engagement.

14:15 - 14:45	**Mediclinic's Experience in Engaging Clinicians in the EHR Selection Process**
	Donna Lunn, Chief Information Officer, Mediclinic Middle East, UAE
	Dr. Rahul Goyal, Physician Clinical Informatics Lead, Mediclinic Middle East, UAE
