Monday 13/11/2017

08:00 - 08:45	**Innovators' Networking Breakfast (By invitation only)**
	Blockchain and artificial intelligence in healthcare.
08:30 - 09:00	Registration and Coffee
09:00 - 09:15	**Welcome UAE - Clinical Pathways** Dr. Bassam Mahboub, Care Model Innovation Lead, Dubai Health Authority, UAE
09:15 - 09:30	**Emirati Genome Project** Dr. Noor Almehiri, Project Manager, Hospitals Department, Ministry of Health & Prevention, UAE
09:30 - 10:00	**Improving Clinical Communications and Workflows** Dr. Sean Spina, Clinical Coordinator of Pharmacy, Island Health, Canada

Dr. Sean Spina, Clinical Coordinator of Pharmacy at Island Health in Canada, will discuss his team's award-winning research that proves a secure, integrated smartphone app improved clinical communication and workflows. Study findings also show how implementing a smartphone solution into clinical practice improved physician response times, increased efficiency, and transformed care team coordination. Use of the smartphone technology also resulted in physicians reporting a significant reduction in interruptions during patient care.
