

# WNA 2014 Symposium

World Nuclear Association Symposium & Exhibition

10-12 September 2014, Central Hall Westminster, London, UK

*The global nuclear industry shapes the future*

## POST EVENT REPORT

WNA Symposium week: where the world's nuclear energy leaders come together

- Two-day conference and exhibition gathering over 600 global leaders and experts
- Working group meetings attended by 300 WNA member representatives
- Media opportunities with 50 international journalists
- Unrivalled networking opportunities and social events

Sponsors:

Media partners:

Exelon

Urenco

[www.wna-symposium.org](http://www.wna-symposium.org)

## KEY TOPICS

- Leaders Panel: Key issues for the next 60 years
- Major threats and opportunities facing fuel cycle companies
- Energy policy
- Security of fuel supply
- Public acceptance
- Financing and liability
- Radiological protection
- Uranium resources

## SPEAKERS

**Sir David King**  
Foreign Secretary's Special Representative for Climate Change, FCO, UK

**Alexander Lokshin**  
Chief Operational Officer, Rosatom

**Mohamed Al Hammadi**  
CEO, Emirates Nuclear Energy Corporation

**Marv Fertel**  
President and CEO, Nuclear Energy Institute

**Malcolm Critchley**  
President, Converdyn

**Helmut Engelbrecht**  
CEO, Urenco

**Tim Gitzel**  
President and CEO, Cameco

**Nurlan D. Kapparov**  
Chairman of the Management Board, NAC Kazatomprom JSC

**Yoichi Maeda**  
Senior Advisor, Mitsubishi Corporation

**Lyudmila Zalimskaya**  
General Director, Tenex

**Phumzile Tshelane**  
CEO, Necsca

**Yoo Yunbaek**  
Director General for Nuclear Power Industry Policy, Ministry of Trade, Industry and Energy, Republic of Korea

**Stephen Tindale**  
Associate Fellow, CER

**Jason Cameron**  
Vice-President, Regulatory Affairs Branch, Canadian Nuclear Safety Commission

**Saida Laârouchi Engström**  
Vice President, Strategy and Program, SKB

**Nadira Barkatullah**  
Director of Economic Regulation, Regulation and Supervision Bureau

**Vanessa Jakovich**  
Senior Associate, Freshfields Bruckhaus Deringer

**Mark Tetley**  
Managing Director, Price Forbes & Partners

**Roger Coates**  
Vice President, International Radiation Protection Association

**Malcolm Grimston**  
Honorary Senior Research Fellow, Imperial College Centre for Energy Policy and Technology

**Willie Harris**  
Director, Radiation Protection, Exelon Nuclear

**Wolfgang Weiss**  
Representative on the Scientific Committee, UNSCEAR

**Jeff Combs**  
President, Ux Consulting

**Tarik Choho**  
Chief Commercial Executive Officer, Areva

**Mats Ladeborn**  
Head of Nuclear Development, Vattenfall

**Kirill Komarov**  
Deputy Director General, International Business and Development, Rosatom

**Herkko Plit**  
Deputy Director General, Finnish Ministry of Employment and the Economy

**Danny Roderick**  
President and CEO, Westinghouse Electric Company

**Jay Wileman**  
Chief Operating Officer, GE Hitachi Nuclear Energy

**Adrienne Hanly**  
Uranium Resource Specialist, IAEA

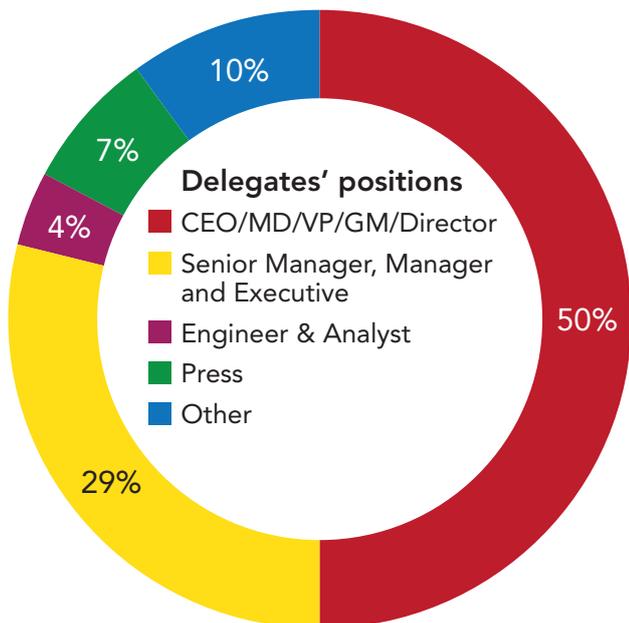

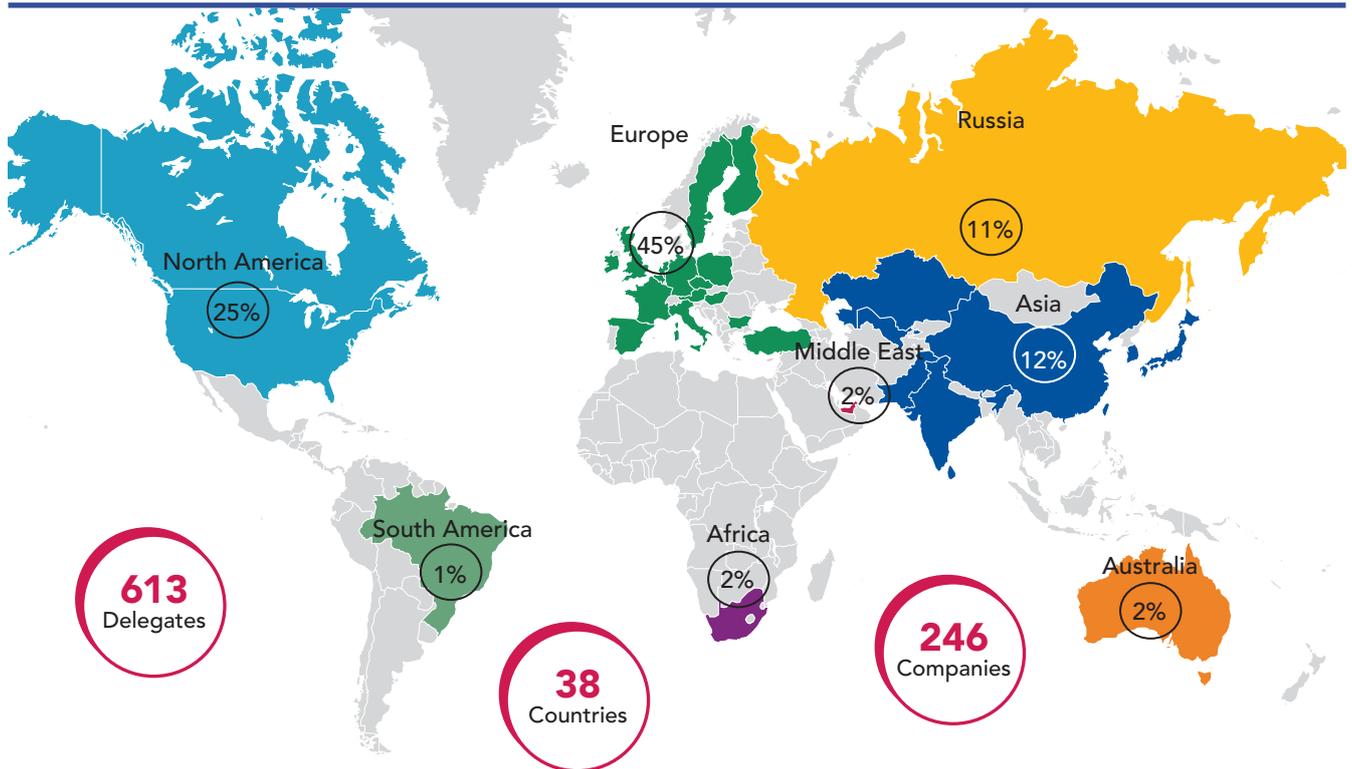

*"It is important to agree cooperative processes up-front to avoid an irresolvable impasse later during the licensing process."*

**Vanessa Jakovich**, Senior Associate,  
Freshfields Bruckhaus Deringer

*"Nuclear plants are the foundation for our baseload capacity. It's recognized but not appreciated and not necessarily valued ... and that's part of the battle that we have."*

**Marv Fertel**, President and CEO, NEI

## DELEGATES

### Gala dinner

The gala dinner at the Natural History Museum was a huge success, celebrating the 60<sup>th</sup> anniversary of the first nuclear power plant providing electricity to the general public, with first class entertainment from the Bolshoi Theatre, Moscow.

## EXHIBITORS

## FEEDBACK

---

*"A fantastic way to meet people from all over the world and share ideas in an open forum."*

Jean-Jacques Gautrot, Adviser to the CEO,  
Areva

*"The WNA Symposium is an important opportunity for high-level networking and to get updates on the latest information. I am highly likely to attend next year."*

Yoshinori Kondo, Director, Paris Office,  
Kansai Electric Power

*"The WNA Symposium gave us the opportunity to present our company and products to a world state of customers."*

Daren F. Croteau, Manager, Nuclear Parts & Service,  
Fairbanks Morse Engine

*"A fantastic networking opportunity and a great forum to catch up with the latest developments in the industry."*

Michael Goldsworthy, CEO, Silex Systems

## SEE YOU NEXT YEAR

---

WNA  
**Symposium 2015**  
World Nuclear Association Symposium & Exhibition

**NEW VENUE**  
**PARK PLAZA WESTMINSTER**  
**9, 10 & 11 SEPTEMBER 2015**

## ORGANIZER

---

The World Nuclear Association is the international organization that promotes nuclear energy and supports the many companies that comprise the global nuclear industry.

WNA membership encompasses virtually all world uranium mining, conversion, enrichment and fuel fabrication; all reactor vendors; major nuclear engineering, construction, and waste management companies; and the majority of world nuclear generation. Other WNA members provide international services in nuclear transport, law, insurance, brokerage, industry analysis and finance.
