

Delegates' feedback

"The World Nuclear Association Symposium is the annual 'can't miss' event for the global nuclear energy industry."

David Powell, Vice President European Sales, GE Hitachi

"The Symposium is a unique meeting place for the world nuclear industry. Here you can openly discuss the industry's development, learn about new achievements and share your experience."

Alexander Merten, President, Rosatom International Network

"Congratulations to the World Nuclear Association on the successful Symposium and Gala Dinner".

Minna Forsström, Project Director, Fennovoima Oy

"I would like to congratulate the World Nuclear Association for the exceptionally well organized Symposium this year. The choice of the themes and speakers as well as the whole structure of the event was simply impeccable."

Wilson Paulucci Rodrigues, President, Instituto Brasileiro da Qualidade Nuclear

Networking events

The Welcome Reception and Gala Dinner in London's finest venues provided opportunities for delegates to network, make new contacts and strengthen relationships.

About the organiser

The World Nuclear Association is the organisation that represents the global nuclear industry. Its mission is to promote a wider understanding of nuclear energy among key international influencers by producing authoritative information, developing common industry positions, and contributing to the energy debate, as well as to pave the way for expanding nuclear business.

WORLD NUCLEAR ASSOCIATION SYMPOSIUM 2015
