

Xergy

Embracing the Gig Economy – Opportunities in Maximizing Human Capital

Business Design Centre, London
Wednesday 6 March 2019

Prof. James G. McCallum

Executive Chairman

Xergy is creating a disruptive platform that will bring complete reputational transparency to the **quality, availability and **cost effectiveness** of the intellectual resource needs of the energy industry**

A troubled industry

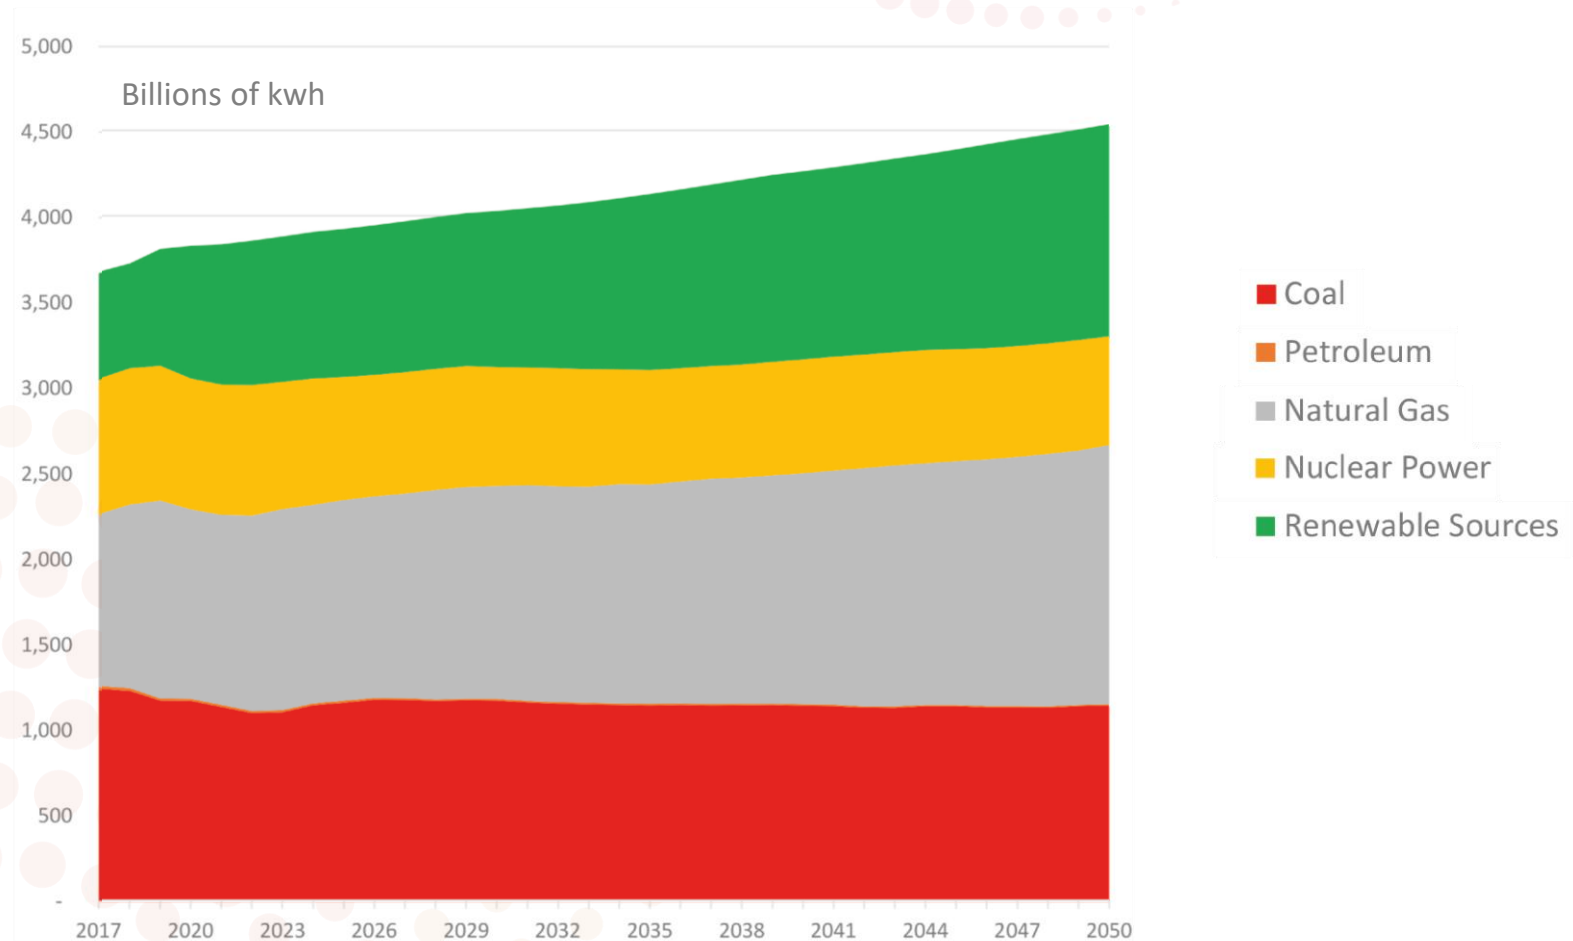

RIGZONE		
O&G Global Job Cuts		
(as of February 10, 2017)		
Segment	Numbers	Percent
Service	195,899	44.38
Drilling	44,919	10.18
Supply	93,041	21.08
E&P	90,709	20.55
Downstream	12,369	2.86
Midstream	4,164	0.94
TOTAL	441,371	100

The background of the image is a dark blue field filled with numerous circles of varying sizes. The circles are colored in shades of red and orange, creating a dense, textured pattern. The text is centered in the middle of the image.

**An energy hungry
challenged world.**

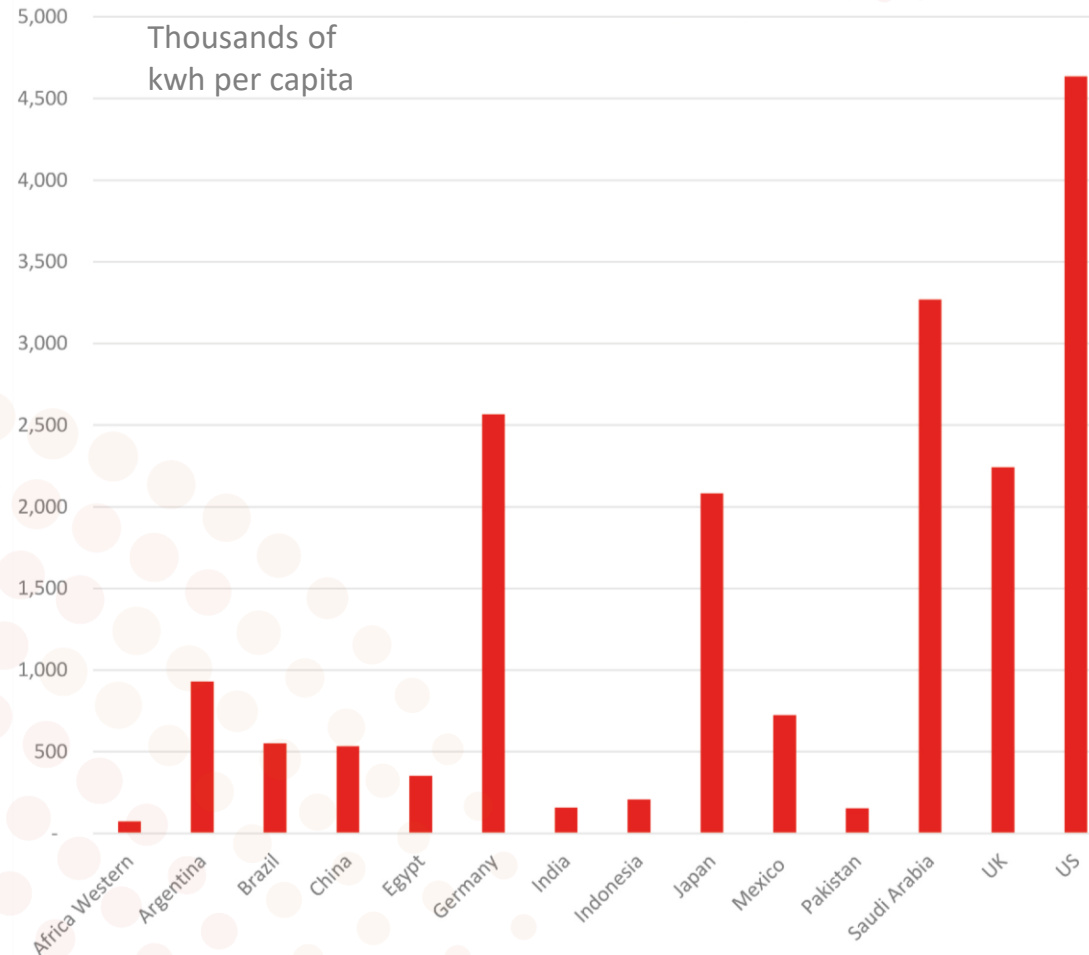

EIA Data on US Electricity Generation by Fuel Type: 2017 – 2050

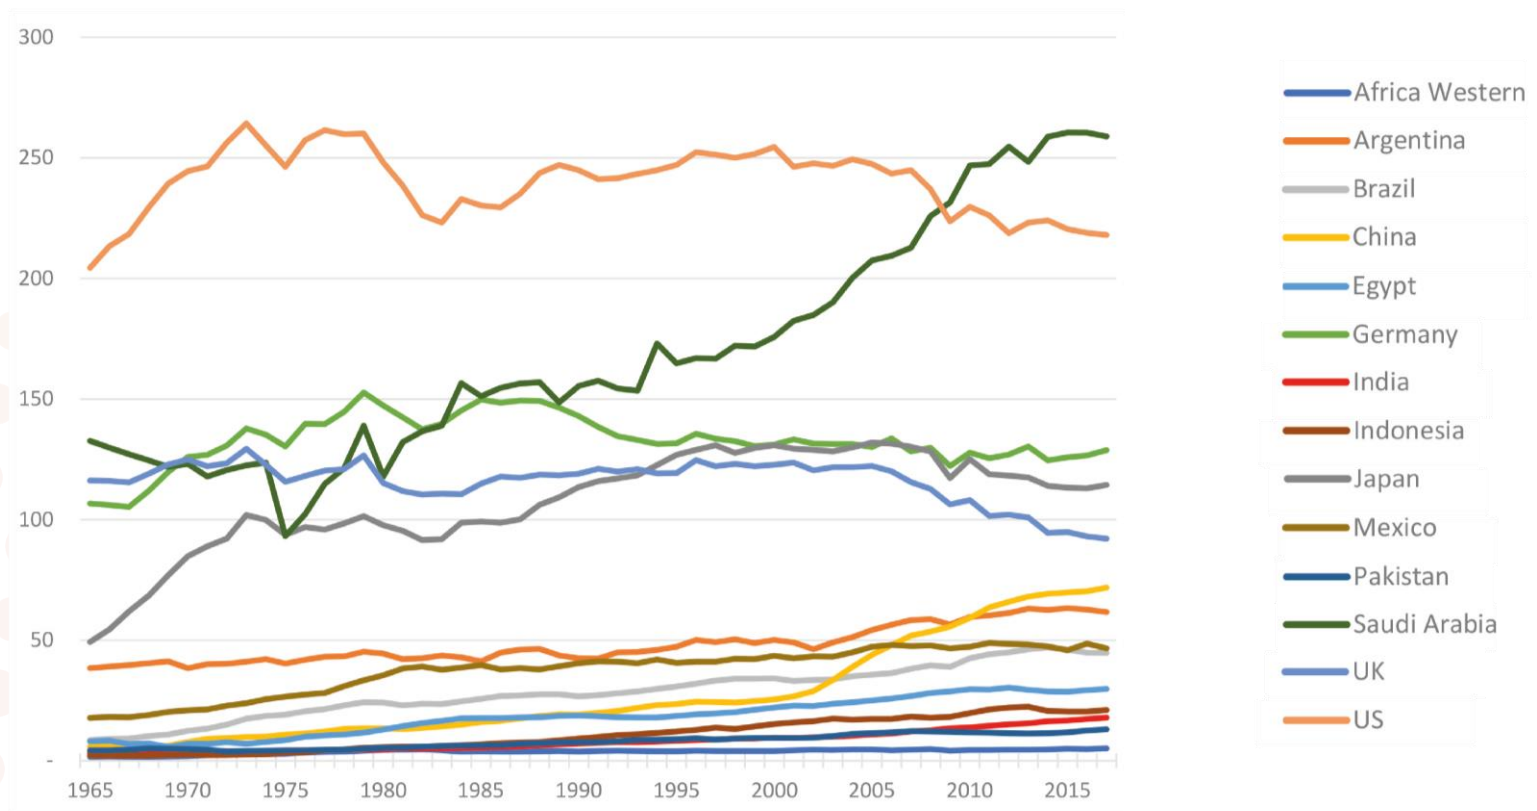

BP Data for Primary Energy Usage in 2017 in kwhpdpc

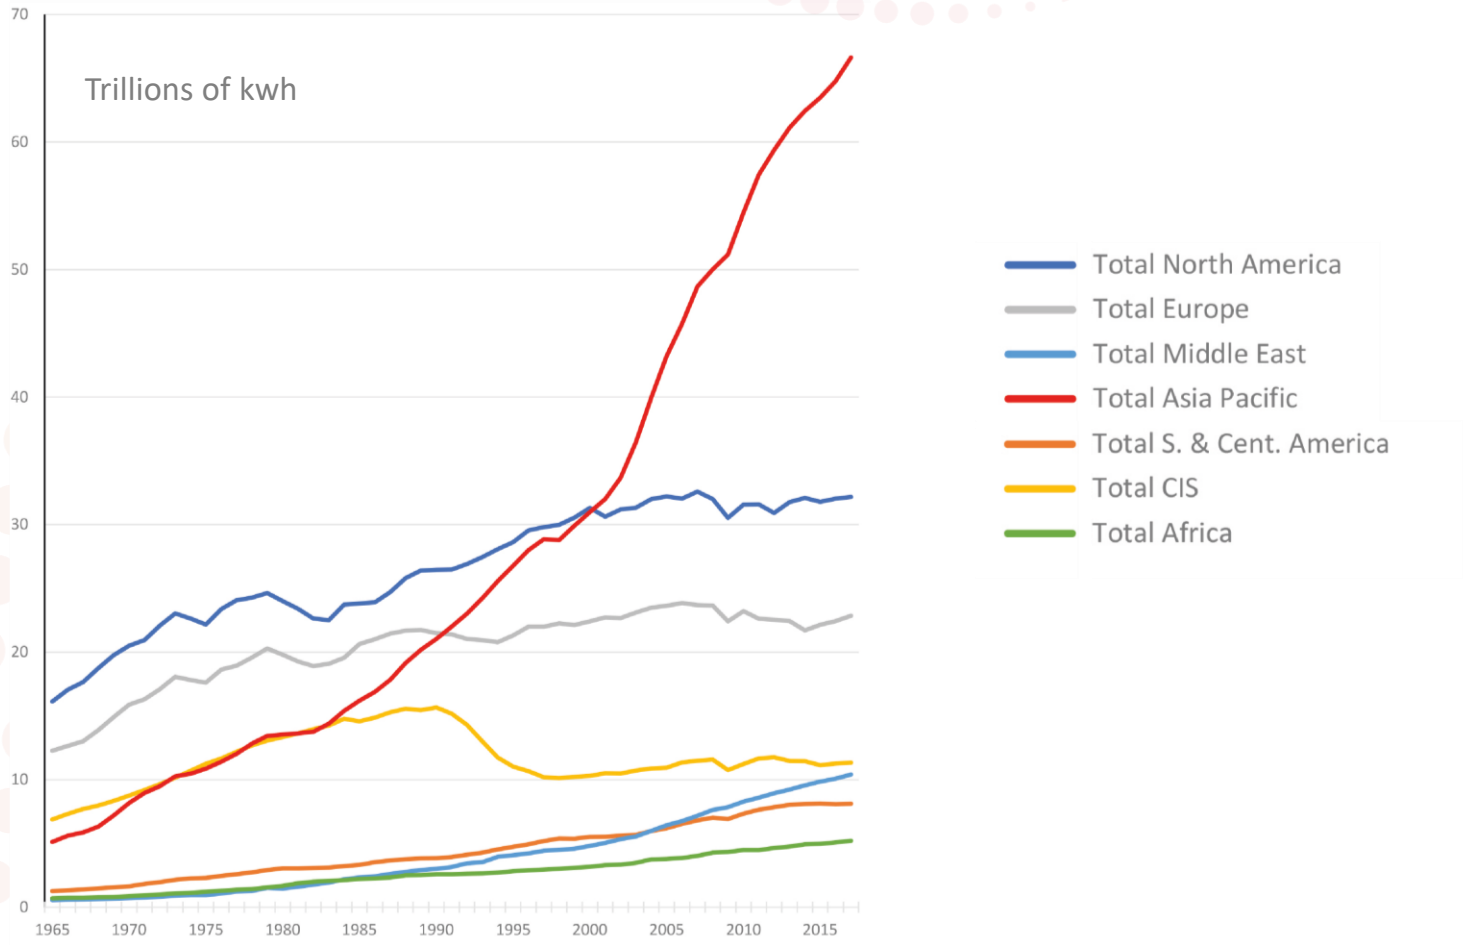

BP and World Bank Data for Total per capita Primary Energy Use by Country: 1965 – 2017

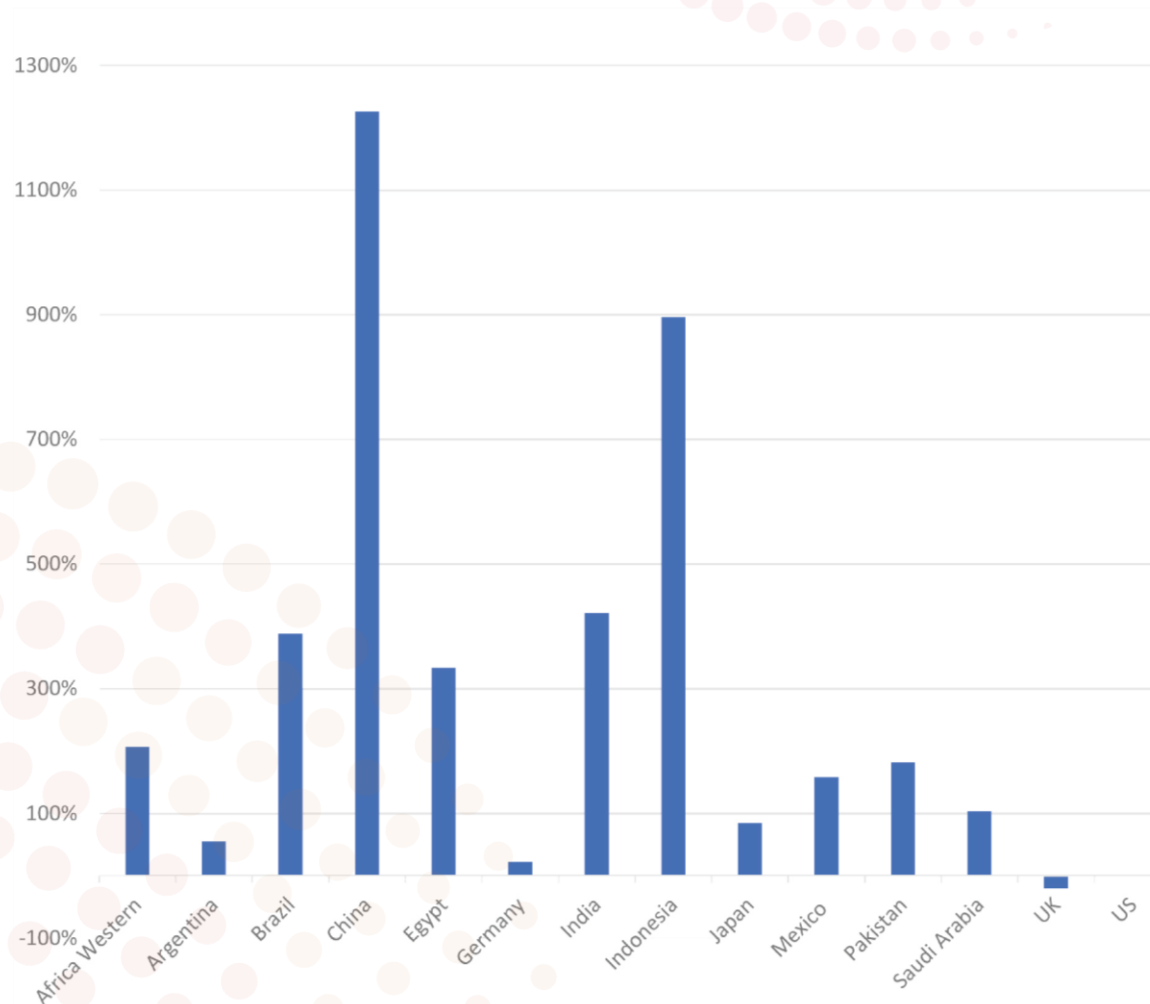

BP and World Bank Data for Country Energy Usage kwhpdpc: 1965 – 2017

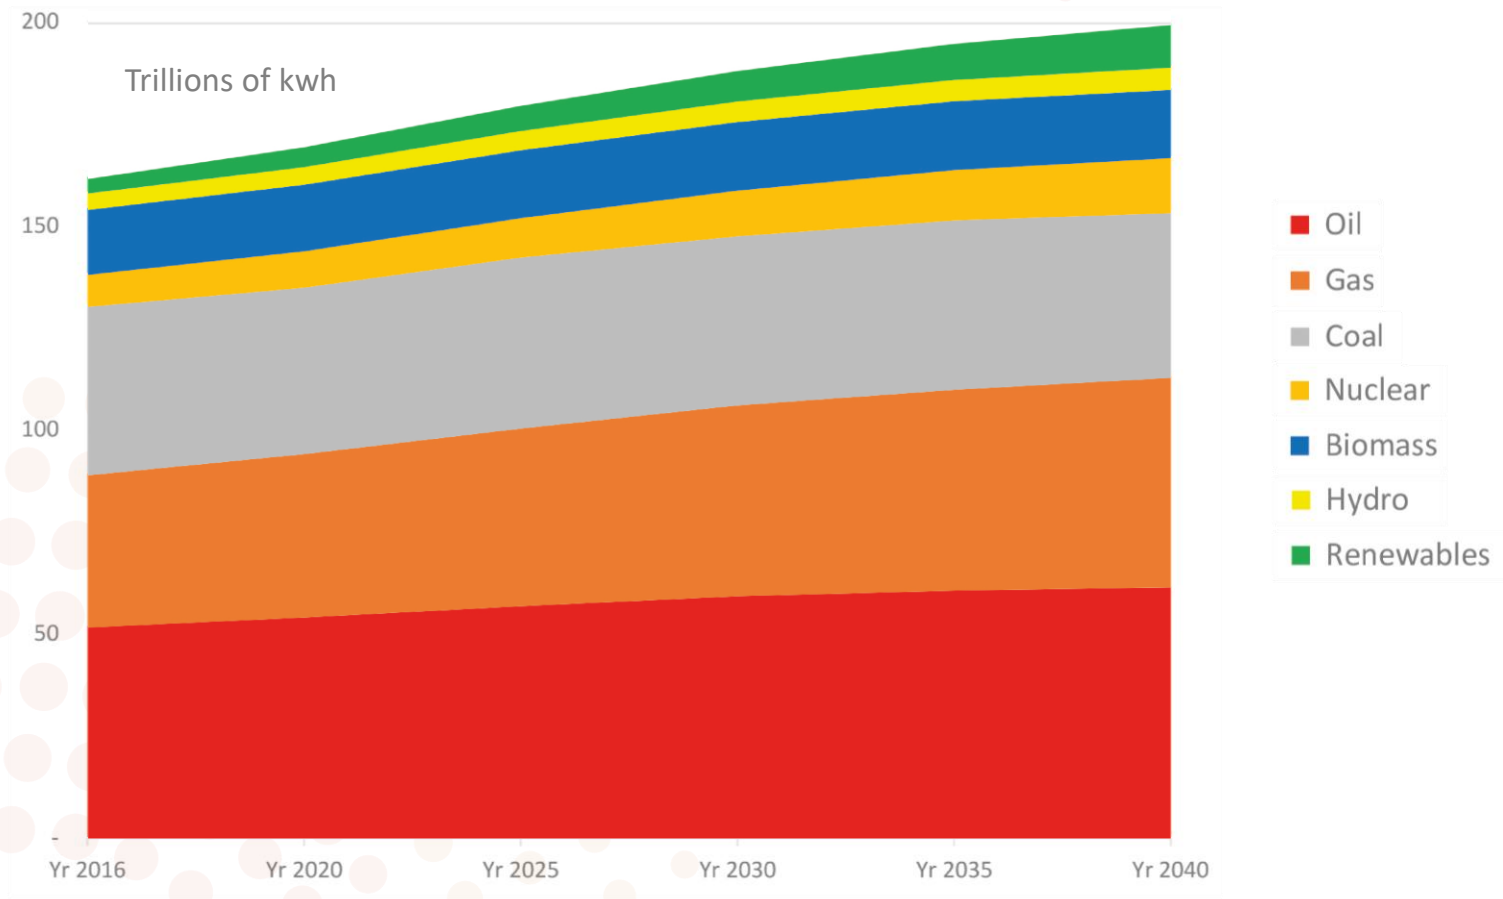

BP Data for Primary Energy Consumption by Region: 1965 to 2017

Growth Rate in kwhpdpc by Country: 1967 – 2017

Exxon Projections of World Consumption by Fuel Type: 2016 – 2040

Proteus
developed by Xergy

A disruptive solution

The future is

Proteus
developed by Xergy

Proteus will enable companies and individuals to collaborate effectively to drive efficiencies and drive down costs by connecting an international pool of rated professional's with globally accessible data protected projects, working where and when required. Proteus will further provide tools to seamlessly manage projects and co-ordinate distributed resource.

Proteus improves business performance in every area possible

Improve Efficiency

Improve workflow efficiency

Increased Utilisation

Use remote team as and when required

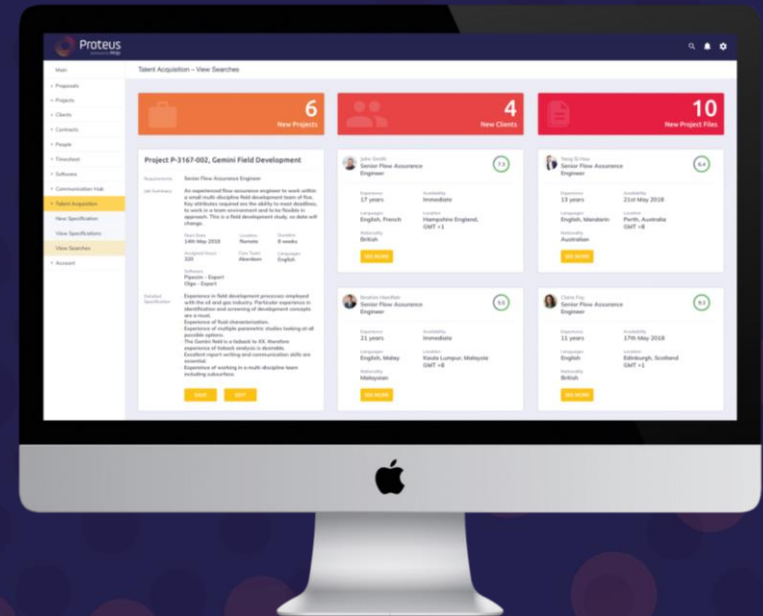

Lower Overhead

Less staff, less infrasture, smaller office

Flexible Software

When you need it and pay by the hour

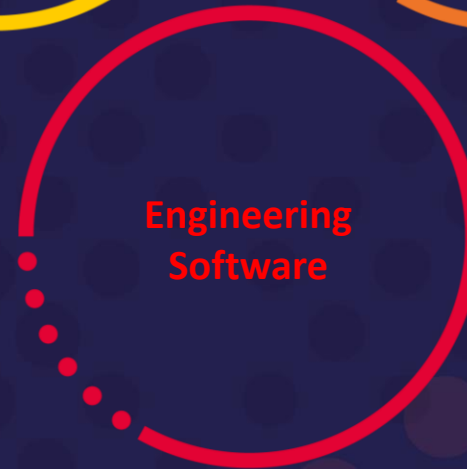

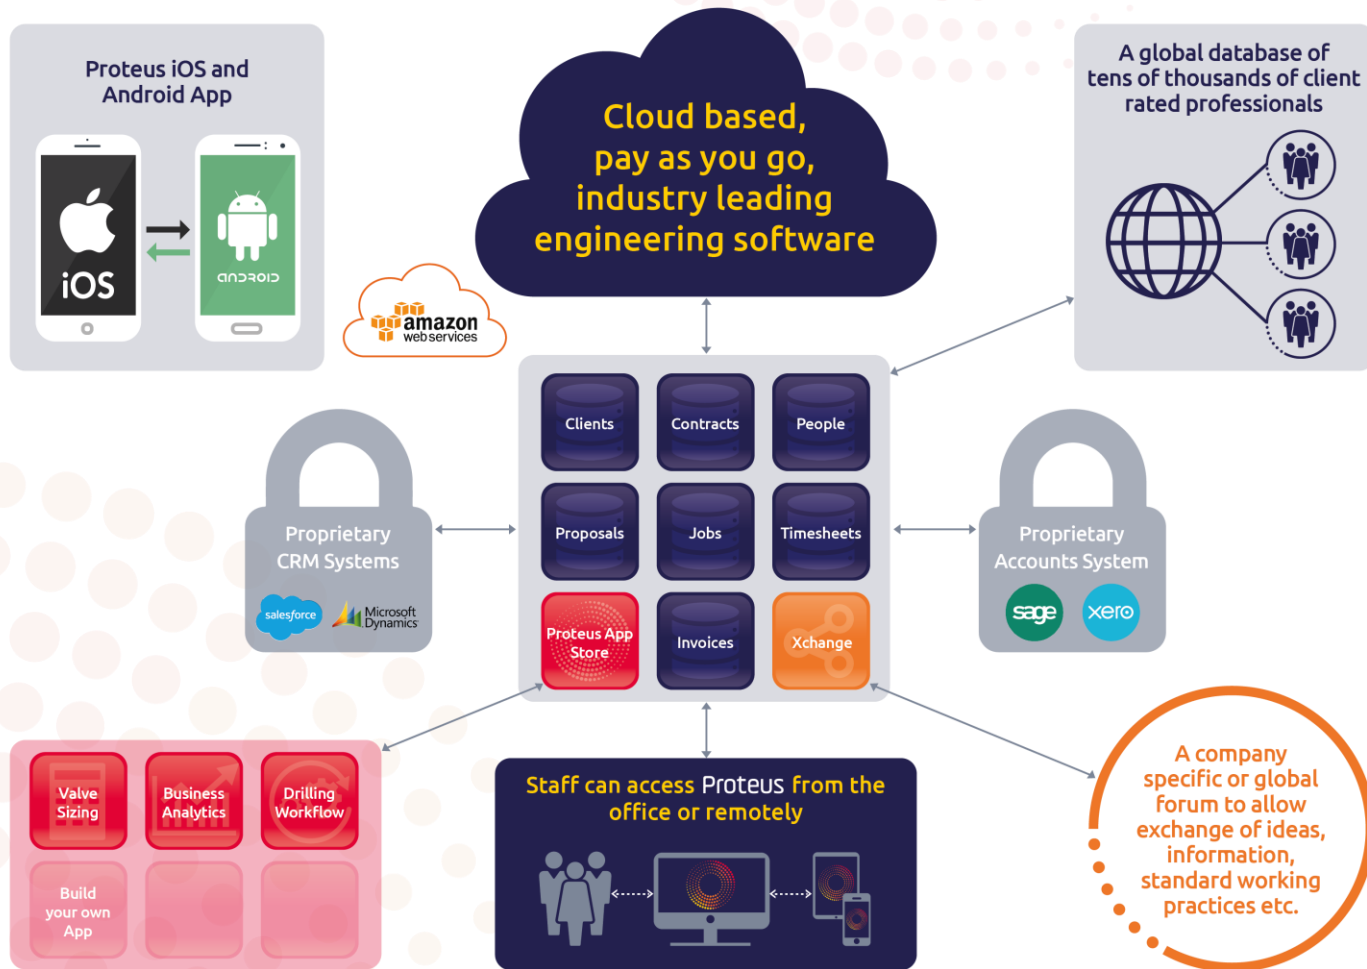

Xergy

How Proteus Works

- Oil & Gas companies use the Proteus ERP system to...
- ... access professional talent when needed
- ... access engineering software when required using a pay as you go model

Proteus Key Features
