BUILDING WASHDOWNS

Paintwork stained or growing mould? Why re-paint when we can rejuvenate!

Dirt and surface build up in those hard to reach spaces? We have the equipment and working at heights accreditation to ensure all areas are thoroughly cleaned.

From windows to roofs, signage, solar panels & lights we have you covered.

hardsurfacecleaners.com.au

Hard Surface Cleaners offer a full roof & gutter clean which includes an inspection and cleaning of solar panels.

A gentle yet effective soft washing technique is used to ensure a thorough clean without the risk of damage.

ROOF & GUTTER CLEAN

CONCRETE SURFACES & TILES

Bring concrete surfaces and tiles back to life with a thermo pressure clean.

Our machines disperse hot water at a high pressure to break up dirt, grease and chewing gum.

We also offer clean and capture services for areas with little or no drainage, to remove all excess water and sediment, leaving a safe dry surface.

PRESSURE CLEANING & SOFT WASHING

SHADE SAILS

Are your shade sails stained or mouldy? Don't replace them, book in a shade sail cleaning service.

All product used is eco-friendly.

PLAYLANDS & PLAYGROUNDS

Along with our usual deep cleaning service for playlands, we now offer a deep clean and sanitisation service through our sister company Purely Sanitise.

The surface is thoroughly thermo cleaned, then sanitised using our non-toxic, hospital grade disinfectant which kills 99.9% of bacteria and viruses in two minutes or less.
