SHRED-X.COM.AU

Shred-X is the industry leader in secure and certified destruction of sensitive data. With 9 NAID AAA certified facilities and operations located in all States and Territories of Australia, we offer the most extensive direct service coverage in the market. Our tailored solutions ensure your business is compliant with Privacy legislation, and our recycling initiatives aid your business in achieving its environmental sustainability targets.

PAPER & DOCUMENTS

Secure document destruction is one of our core solutions delivering certified & secure disposal of confidential documents and intellectual property. We understand that privacy of your organisation's confidential information is paramount, as is protecting your stakeholders from a potential data breach or identity theft. Shred-X will customise a secure, reliable document destruction solution to suit your requirements.

e-WASTE & ITAD

When it's time to upgrade your IT assets, we understand the data security risks associated with disposal of outdated e-Waste items. Shred-X provide a complete range of certified destruction, recycling and repurposing solutions for e-Waste to ensure your business protects all sensitive data and meets its environmental sustainability responsibilities.

PRODUCTS & TEXTILES

Designed to protect your company reputation and brand identity, the Shred-X product & textile solution guarantees the removal of items you do not want in public circulation. Our industrial shredders can securely destroy a range of items from outdated uniforms or textiles, advertising collateral and recalled, returned or counterfeit products.

WASTE RENEWAL

Born from the paper recovery industry, Shred-X has a lifelong commitment to minimising its environmental impact and working towards sustainability. As such Shred-X has developed collaborative recycling partnerships not only in paper recovery, but via our e-Waste, product, textile and single-use coffee cup collection solutions. Our objective is landfill diversion whenever and wherever possible.

CLINICAL & RELATED WASTE DISPOSAL

Med-X is an experienced service provider in clinical & related waste disposal and management. We work closely with each of our clients to provide customised solutions specific to their workplace and requirements. Med-X aligns with each State's Environment Protection Authority (EPA) and national legislation concerning clinical waste disposal, to ensure your business isn't at risk of harming the environment or in breach of your local disposal legislation.

SHARPS DISPOSAL

The Med-X Sharps Solution incorporates a complete range of Australian Standard compliant sharps containers, as well as safe, secure collection and disposal of all your sharps waste. Provision of puncture and spill-proof containers combined with our safe, compliant servicing protocols prevent potential needlestick injuries and infection transfer.

HYGIENE & SANITARY SOLUTIONS

Each of our feminine hygiene and nappy disposal solutions offer you flexible, discreet, and hygienically safe waste disposal. Med-X offer a comprehensive servicing model: we don't just remove the sanitary and nappy bin liner; we perform a complete unit replacement during each service. You can trust that the units supplied to your business are completely clean, hygienic, and ready for use.

WASHROOM PRODUCTS & SERVICES

With our repertoire of industry-leading washroom products and services including hand soap dispensers, air fresheners, toilet seat cleaners, urinal cleaners and treatments, Med-X will ensure your washroom is of the highest standard for your staff, customers and visitors.
