iCap Encode PRO

Formerly known as the HD492, this encoder has recently been renamed iCap Encode PRO to better represent its purpose. Trusted by major TV networks and live venues worldwide, the iCap Encode PRO is a broadcast standard 1RU caption encoder.

Benefits

This encoder supports iCap so you can easily connect to live captioners or ASR solutions	Straightforward to set up and use	Capable of working with most common broadcast video formats	Gold standard for 3G-SDI broadcast captioning

Is the iCap Encode HD For Me?

☑ Adds CTA-608/708 or OP-47 Teletext caption data required for broadcasting and streaming applications

☑ Compatible with Premium Captioning and automatic solutions

☑ Includes built-in open caption decoder output for QA

☑ Available for rental for short-term events

How Do I Get Started?

Ai-Media will create a formal quote based on quantity, product addons, etc. Once we receive account details (end user contact details, iCap account information and source of captions), Ai-Media will process your order and ship the iCap Encode PRO.

Reach out to sales@ai-media.tv to receive a quote and demo.
