Allegion helps keep people safe where they live, work and visit. As a leading provider of security products and solutions for homes and businesses, Allegion specialises in security around the doorway and beyond: everything from residential and commercial locks, door closers and exit devices, steel doors and frames to access control and workforce productivity systems. Allegion is a \$2 billion business offering products in more than 130 countries across the world.

Allegion's portfolio includes strategic brands Brio, Briton, FSH, LCN, Legge and Schlage; and other brands including AXA, CISA, Dexter by Schlage, Falcon, Interflex, Ives, Kryptonite, Milre, Normbau, Republic, SimonsVoss, Steelcraft, Trelock, Von Duprin and Zero.

## Pioneering safety

The brands that make up Allegion began by solving problems in new ways and have remained trailblazers in the decades since. A proud heir to that tradition, Allegion believes that those who stay focused on the future will always find new ground to break.

### Brio

Solutions for the sliding and folding door industry with applications for both residential and commercial spaces

Established in 1920 and awarded the first patents granted for the cylindrical lock and the push button lock

### LCN

Established in 1926 and created the door closer in response to a request by Boston's Trinity Church

From the New Zealand engineered 990 mortice lock, to a series of stylish levers to suit any high-end residential or commercial applications.

## We are many. We are one. We are Allegion.

Allegion serves the security needs of many markets including universities, schools, aged care, healthcare, government, commercial real estate, and single and multi-family residential properties.

What we do is far from ordinary. People depend on our products and solutions to work seamlessly at critical moments and function effortlessly in daily use. This responsibility is paramount to our employees, who are wholly dedicated to the millions of people who depend on us to keep them safe and secure.

It's the knowledge, skills and experience of our people first — followed by the quality and reliability of our products — that sets us apart. We don't just provide products, we solve problems. We partner with our commercial and residential customers to help them navigate their toughest security challenges, and we help builders and property owners differentiate themselves by providing innovative and secure solutions. Our trained specification writers and experts not only help our customers adhere to codes and standards — we help advocate for and raise those security standards in the first place in markets across the globe.
