Designed to Perform **Better**, for **Longer**

The Ultimate High-Performance Resin Floor Systems

Apex Epoxy Flooring are seamless resinous polymer system specialists.

With more than 100 years of combined experience we design, install and maintain safe, hygienic and long-lasting flooring solutions for commercial and industrial clients in the food & beverage, automotive, aerospace and healthcare sectors.

We use the most advanced materials and trusted brands to deliver a range of safe, durable and environmentally friendly flooring systems to the highest standards.

Every floor surface is unique. Our comprehensive consultation, test and design service ensures that the specific challenges of your environment are met, guaranteeing the installation of a fully functional, optimal performing new floor.

As one of Australia's largest and most reputable flooring specialists our systems are used by many well-known and prestigious clients. Ultimately they're designed to last and backed by one of the longest warranties available.

PROJECT RELATED NEEDS AND THE FUNCTION OF FLOORING SYSTEMS

Impact Resistant Excellent resistance to impact & heavy load points	Thermal Shock Resistant CIP cleaning process & spills of hot process water	Non-Slip Textures Available in a range of textures to suit specific facility use according to Australian Standards	Moisture Tolerant to Concrete Able to be applied to green & damp concrete 7 days 10%
Low VOC / Odour Very low VOC according to Australian standards, will not taint food	Chemical Resistant To a wide range of industrial & cleaning chemicals		

RAL7037 DUSTY GREY	RAL3003 RUBY RED	RAL5015 SKY BLUE	RAL6010 GRASS GREEN	RAL7037 CURTAIN CALL
RAL1033 DAHLIA YELLOW	RAL7035 LIGHT GREY	RAL9017 TRAFFIC BLACK	RAL7040 WINDOW GREY	RAL7015 SLATE GREY

We offer a wide range of colours to suit virtually every specification. Ask about how we can match your needs.

SAFETY FIRST

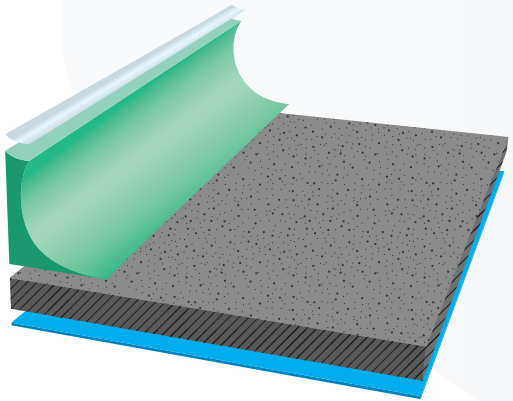

In work areas that require regular wash downs, Work Health & Safety inspections set a high bar for good, grippy flooring. Apex Epoxy Flooring offer a varied range of slip resistant profiles meaning that we can deliver the perfect floor for industrial and commercial applications.

ANTIMICROBIAL TECHNOLOGY

Commercial food preparation requires extremely easy to clean flooring, which demands a smooth, perfect finish. As an extra barrier to contamination, we mix polyurethane resins with Anti-microbial additives which proactively destroy microbes and prohibit the growth of bacteria and mildew.

Our coating systems use superior resins, applied by qualified experts, to achieve durable, high-performance results

We also install sealed, wall to floor coving which results in easy to clean, seamless waterproof surfaces for food preparation, healthcare and pet care industries:

- Optional Aluminium Trim
- Epoxy Cove
- 4-6mm trowel Applied Base
- Seal Coat/s

Our leading services are relied on by many of Australia's biggest names:

AUSTRALIA POST / ALH GROUP / ASahi / COLES / COSTCO / EAGERS AUTOMOTIVE / HUNGRY JACKS / HYUNDAI / IGA / JBS / KFC / KERRY / MAZDA / NORTHROP GRUMMAN / QLD CORRECTIVE SERVICES / QLD GOVERNMENT / SANITARIUM / SANOFI / TIP TOP / VESCO FOODS / WOOLWORTHS & MANY MORE

We guarantee long-lasting results. All installations include the option of a complete single source warranty for up to 10 years, one of the longest in the business.
