# UNITING FOOD INDUSTRY PROFESSIONALS IN THE SCIENCE OF FEEDING OUR FUTURE

## ABOUT AIFST

The Australian Institute of Food Science and Technology (AIFST) was founded in 1967 as Australia's peak industry body for food scientists.

## Our purpose

Uniting food industry professionals in the science of feeding our future.

## Our mission

To advance and inspire all food sector professionals through education, collaboration, recognition and championing a robust and innovative, science-based food industry to meet future needs.

## Our members

The Institute supports and engages with a community of food scientists working across a broad spectrum of roles:

- New product development and innovation
- Food safety and quality
- Food policy and regulation
- Trends, insights and innovation
- Nutrition
- Food engineering
- Microbiology
- Sensory and consumer
- Sales and marketing
- Research and development
- Teaching

## Member benefits

Join today and connect with members working and studying in a wide range of disciplines in the agrifood and allied industries.

Your 12-month membership includes:

- Continuing Professional Development (CPD) Program
- Networking events
- AIFST mentoring program
- Webinars on a range of technical topics
- Subscription to food australia – our quarterly journal
- Monthly update and technical newsletters
- AIFST Branch and Special Interest Group membership
- Member rates for AIFST events
