Product of Australia

# Meet the makers

Morella Grove is nestled in the rich soils of the Riverina region of NSW. Established by the Dal Bon family over 20 years ago, the company is headed up by father and daughter team, Frank and Natasha Dal Bon. Together we have been producing extra virgin olive oil and condiments for the Australian consumer and restaurant market with award winning results. We pride ourselves on our true paddock to plate ethos, managing the entire process of growing, harvesting, pressing and bottling.

*“To achieve our award-winning quality, we personally oversee the entire process throughout the season. The olives are harvested in May, then processed, stored and bottled using the world’s best manufacturing technologies to achieve a standard of excellence that guarantees consistent quality”*

Frank Dal Bon

## Extra Virgin Olive Oil

Morella Grove is located in the Riverina region of NSW, the very heart of Australia’s food bowl.

The unique region enjoys a Mediterranean like climate of all year sunshine and excellent growing conditions for olive tree varieties. Traditionally grown we use a beautiful Spanish tree called the Arbequina and the delicious Italian Tuscan variety Frantoio, chosen for their fruity aroma, intense flavour and colour.

# Caramelised Vinegars & Drizzles

To compliment our outstanding Extra Virgin Olive Oil, we offer drizzles, dressings and balsamics.

All our products are made fresh with quality produce. Make your favourite dishes even tastier with ease and finesse. Our delicious range can be used across all types of dishes from entrees, canapes through to main dishes and even desserts.

Caramelised Balsamic Vinegar
