

Taylor

Healthy Life Foods Company Since 1916

ABOUT US

The original fruit stand!

The Taylor brothers with Dad

- The world's largest organic prune grower and processor.
- Established in 1916 on the rich soils of California.
- 3rd generation management.
- Retail packaging factories in Korea and Poland and do marketing globally with exporting around 40 countries.
- Expanding products with functional foods like Prune Deep Water, which is the No. 1 inner beauty drink with strong diet effect

Vision

Mission

For Healthy life by Harmony of Human and Nature

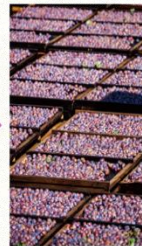

Vision

Taylor Brothers Farm

Since 1916, we have been growing the freshest raw materials with our unique technology on California farms. We pursue to provide healthier life to our whole customer.

Poland Factory

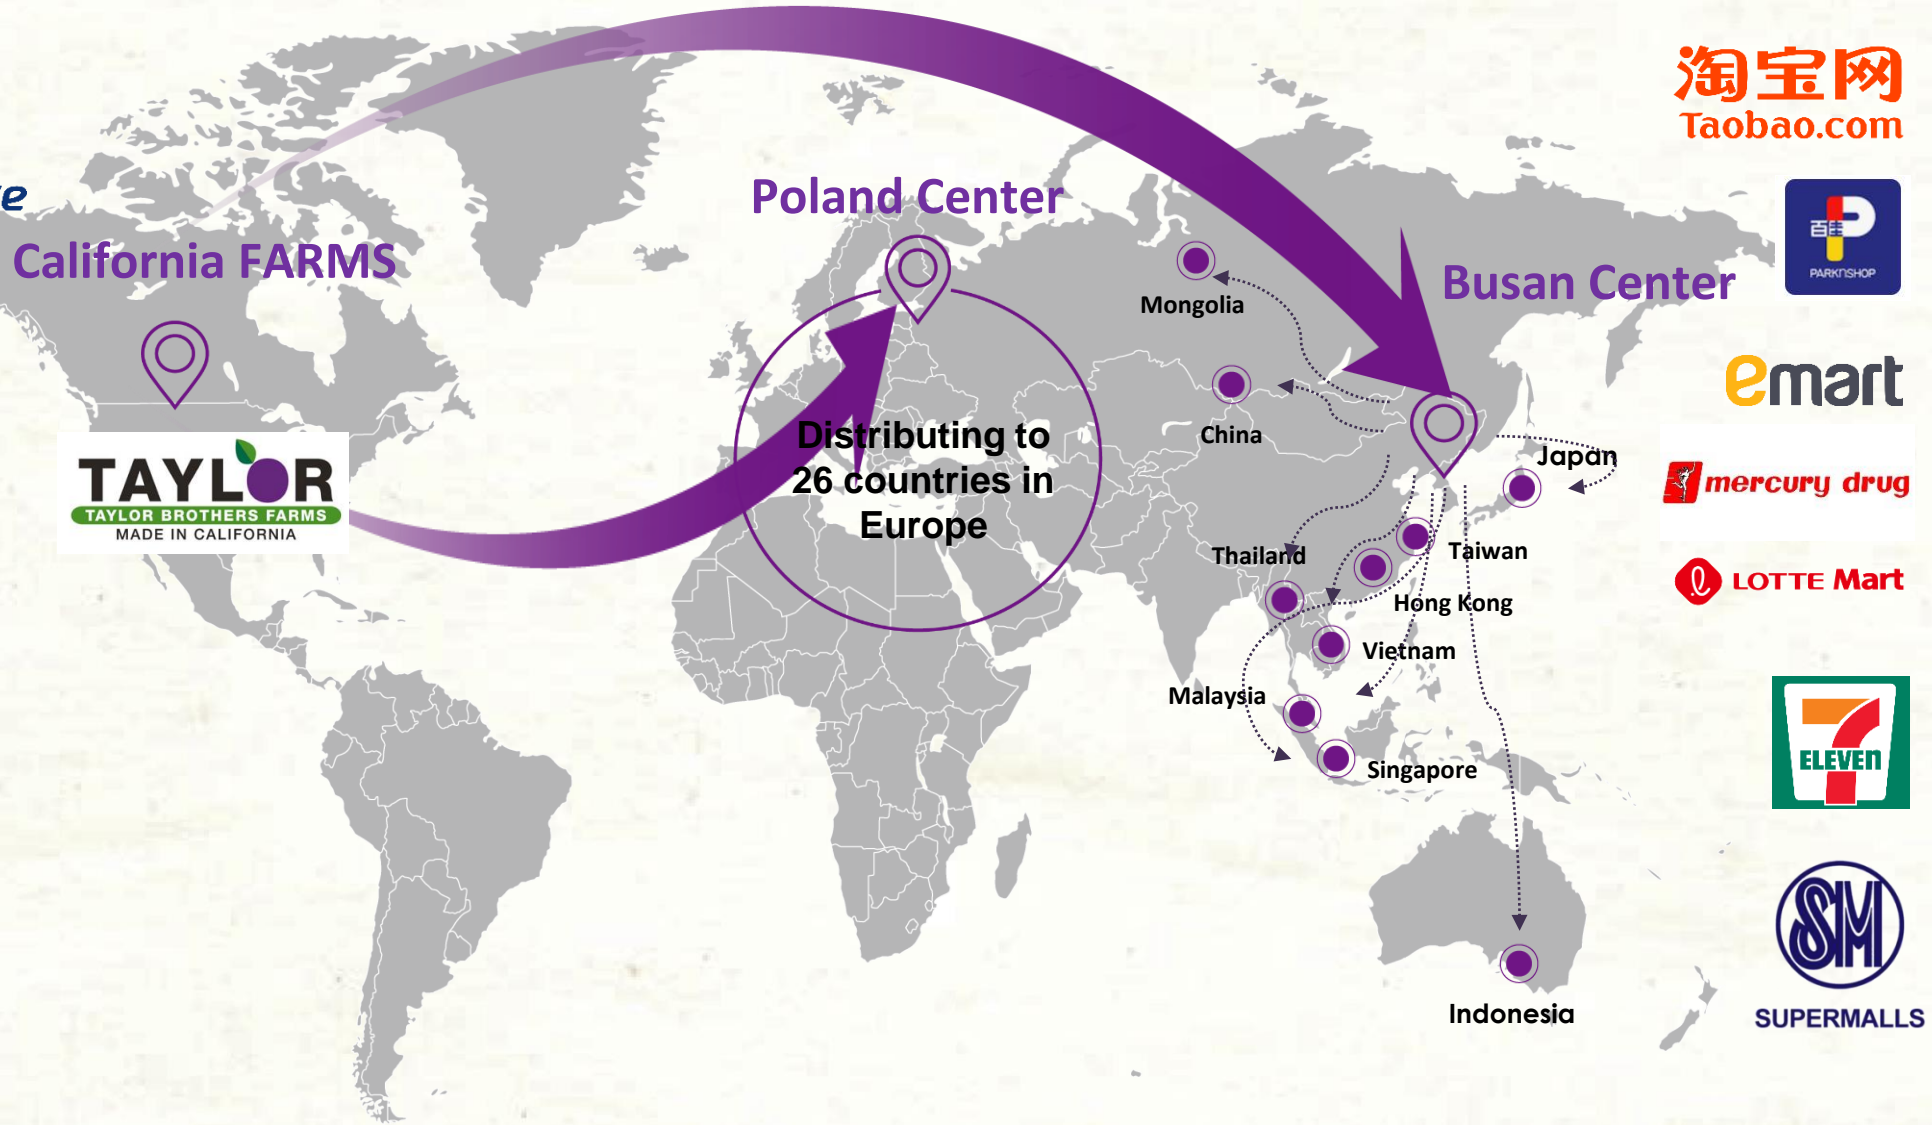

Since 2003, Poland Factory has been operating in Grudziadz, Poland which is the headquarter of Europe for exporting Taylor's prune. Currently distributing products to 26 countries in Europe.

Korea Factory

Since 2011, Taylor Farms established a juice bottling plant and dried fruits repacking plant in Busan. We has specialized extract and concentrate technologies for juice production and offer customized production..
