RELIED  
ON SINCE  
1969

## Mission Statement

Since 1969 the focus and commitment of Harcor remains unchanged.... to be the “Trusted Business Partner” to the industries we serve.

With over 50 years of experience & expertise our company philosophy is to work in partnership with clients by providing tailored solutions across various industries and applications; supported with high quality products, service and reliability .... it's that simple.

## Reliable Solutions

While clients benefit from our industry experience, we gain strength through their diversity. Enabling us to offer a vast depth of reliable solutions.

The following pages describe our competency in our primary product portfolios.

### Security Seal Expertise

- Australia's first and largest security seals business, supplying security seals used for a diverse variety of applications.
- Harcor Sealing Solutions protect valuable assets and reduce loss worldwide.
- Specialist customised security innovator from concept, design, development and full implementation assistance.

### Bag Supplies Expertise

- Harcor manufactures and sources a variety of bags to meet clients' custom needs.
- We understand the importance of sturdy design, material quality and service when supplying commercial and security bags.
- Harcor is the largest Australian supplier of security bags and exports a variety of bag styles worldwide.

### Emergency Essentials Expertise

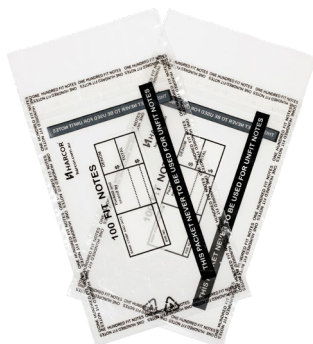

- Exclusive range of robust stock emergency services products and custom solutions.
- Fire Awareness award winning Harcor Arm Core Cooler Harness is a perfect example of Harcor's unique emergency essentials.
- Design and manufacturing of premium emergency services bags, medical cabinet security sealing solutions and much more!

### Technology Solutions Expertise

- Specialist team committed to providing expert service and reliable technology solutions.
- The range of technology solutions offered can in many cases be tailored specifically to our client's requirements.
- From tracking to wireless access Harcor are the ideal technology supplier having a reputation for reliability.

Exclusive Security Seal Serial Numbering Technology:

Protects against serial number duplication, enables fast and reliable tracking.

For further information please contact your local Harcor office or visit: [harcor.com.au](http://harcor.com.au)

## Harcor carries two styles of Tamper Evident Bags.

- The first are the reusable bags. These bags are secured by inserting a small seal into a special chamber. Access can only be gained by breaking this seal allowing the bag to be reused.
- The second style are the One Trip bags. These bags are designed along the lines of a plastic envelope and once sealed can only be opened by cutting/destroying the bag.

Some Harcor One Trip bags and reusable bags are S.C.E.C. approved for use within the Australian Government, both State and Federal.

TEC, the only security chamber series with tamper breakout points. Tampering is exposed if an attempt is made to remove the chamber.

## Tamper Evident Bag Chambers (Suitable for most bag styles unless stated)

**THEMIS 8**  
Sealed with Themis Security Seal.

**S-TEC**  
Sealed with Harclip Security Seal. S.C.E.C. approved.

**TEC 8**  
Sealed with Harclip Security Seal.

**U-TEC**  
Any seal with a narrow diameter tail can be used for sealing the chamber.

**TEC 10**  
Suitable for the larger bag styles only. Sealed with Harclip Security Seal.

**ZIP TRAP**  
Any seal with a narrow diameter tail can be used for sealing the chamber.

#### THEMIS SEAL (NUMBERED AND BARCODED)

  - Tail length: 220mm
  - Minimum: 1,000
- Colours: Blue (02), Red (12) and Yellow (14)

## GRIP RIP SERIES NO.6

WE05912

- Extra large tab for additional information
- Ideal for sealing bags, sacks and more
- Numbered in mats of five, boxes of 1,000
- Total length: 415mm
- Tail length: 295mm
- Minimum: 1,000

## PLASTIC PULLTIGHT V2

WE051..

- Ideal for use on fire extinguishers, medical cabinets
  - Small diameter strap is suitable for small apertures
  - Total length: 238mm / Tail length: 190mm
  - Minimum: 1,000
- Colours: Red (12), Yellow (14), Green (08) Orange (10) and White (13)

#### HARCOR TENSIONING TOOL

HA02400

- Used with Cashier Seal and Speed Seal

#### CASHIER SEAL

HA013.. with tear line  
HA011.. no tear line

- Quick and secure calico bag seal
- Tear line and no tear line versions available
- Used with Harcor Tensioning Tool
- Total length: 246mm
- Operational length: 105mm
- Minimum: 1,000

Colours: Blue (02) select with tear line or no tear line. Red (12) & White (13) with tear line only.

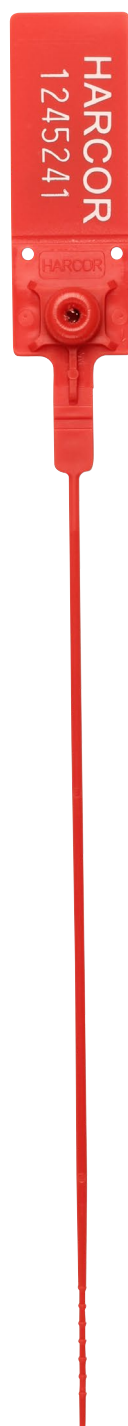

#### SPEED SEAL

HA023.. with tear line  
HA021.. no tear line

- Designed for securing mail bags
- Tear line and no tear line versions available
- Used with Harcor Tensioning Tool
- Total length: 380mm
- Operational length: 235mm
- Minimum: 1,000

Colours: Red (12) select with tear line or no tear line. Green (08), White (13) & Yellow (14) with tear line only.

#### S PULL I

BA074..

- Ideal for small valves, meters and ATM cassettes
  - Manufactured from polypropylene
  - Incorporates a unique high security metal locking chamber
  - Total length: 354mm
  - Operational length: 255mm
  - Minimum: 1,000
- Colours: Blue (02), Red (12), White (13) & Yellow (14)

#### S PULL II

BA077..

- Manufactured from polypropylene
  - Incorporates a unique high security metal locking chamber
  - Total length: 255mm
  - Operational length: 165mm
  - Minimum: 1,000
- Colours: Blue (02), Orange (10), Red (12) & Yellow (14)
- Minimum: 1,000

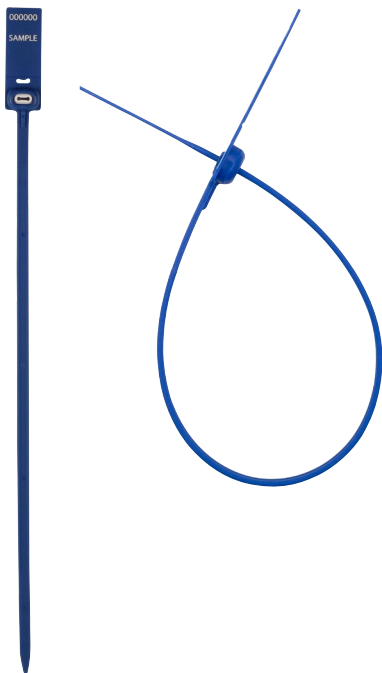

## S GRIP

BA071..

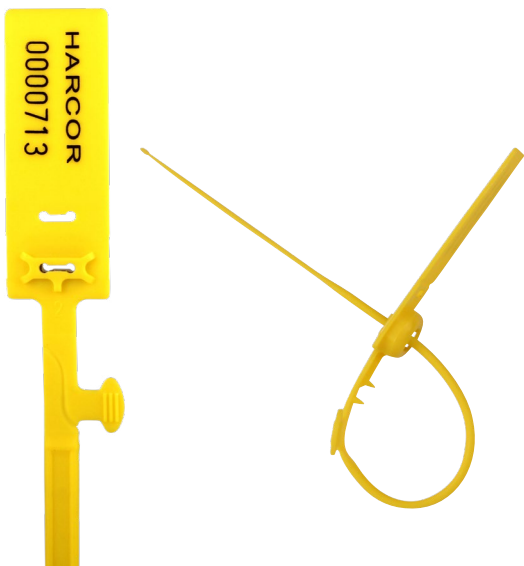

- S.C.E.C. approved seal
- High strength metal locking chamber
- Ideal for use on large bags or cages
- Total length: 405mm
- Operational length: 330mm
- Minimum: 1,000
- Colours: Blue (02) & White (13)

## S GRIP WITH TEAR LINE & GRIPPING PRONGS

BA40114

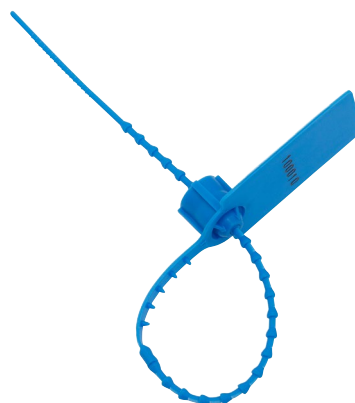

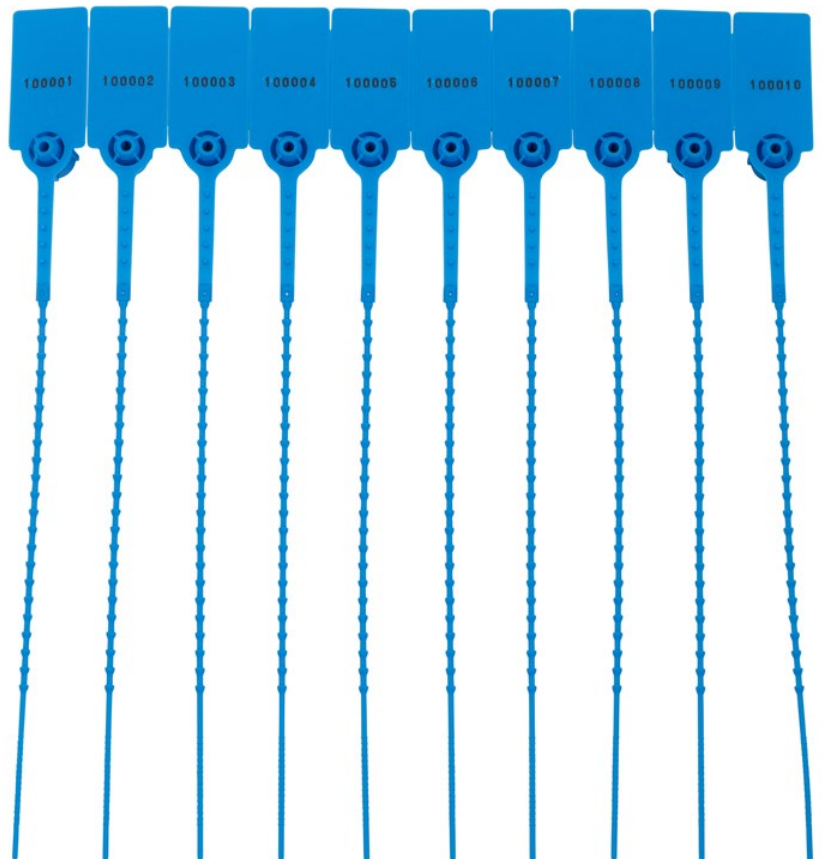

- Total length: 255mm
- Operational length: 180mm

## HARCOR PULLTIGHT 2

WE031..

- Dual locking mechanism
- Gripping spikes for added security
- Beaded strap provides addition grip with applied surface
- Total length: 300mm
- Operational length: 250mm
- Minimum: 1,000
- Colours: Blue (03), Green (08), Red (12), White (13) & Yellow (14)

An example of some areas where these seals are utilised are:

- Mail Sacks
- Taut Liner Buckles
- Cages
- Tanker Valves

Decorating capabilities include hot foil logos and numbering, thermal printing barcodes and laser printing logos, numbering and barcodes.

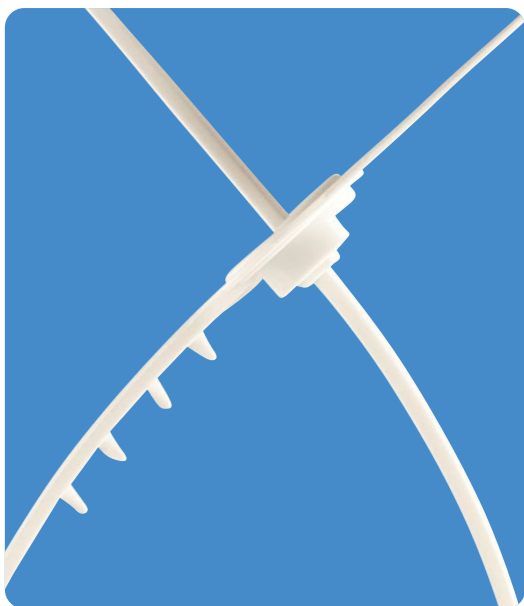

#### EPIC SEAL

WE70313

- Tail width: 7 mm
- Includes 4 gripping prongs
- Flexible and adjustable for trouble-free handling
- Stainless-steel self-locking chamber
- Manufactured from polypropylene
- Total length: 414mm
- Minimum: 1,000

Colour: White

#### SKY200 PULL UP SEAL

WE01513

- 2 mm diameter tail fits small sealing apertures
- Manufactured from polypropylene
- Metal insert provides a high level of security
- Total length: 250mm
- Operational length: 200mm
- Minimum: 1,000

Colour: White

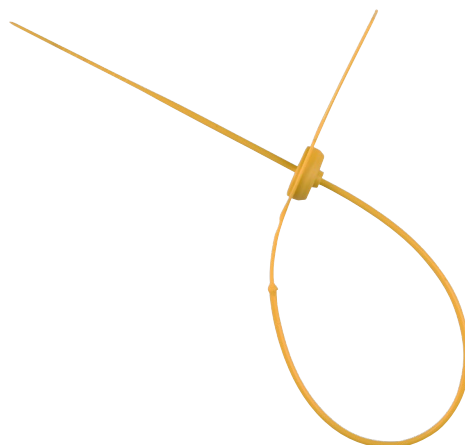

#### SKY300 PULL UP SEAL

WE01614

- 2.2 mm diameter tail fits small sealing apertures
- Manufactured from polypropylene
- Metal insert provides a high level of security
- Total length: 350mm
- Operational length: 300mm
- Minimum: 1,000

Colour: Yellow

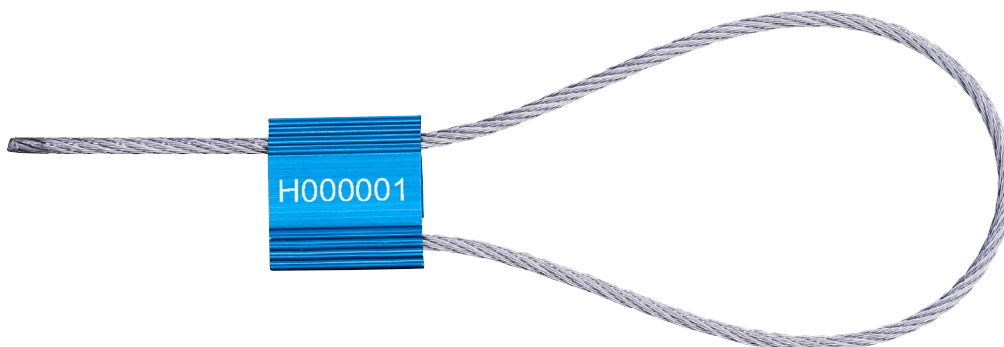

#### MINI CABLE SEAL

SS20002

- Non-preformed cable frays when cut • Smooth insertion • Removable by standard cable cutters
- Greater than 200kg breaking strain • Wire Diameter: 1.5mm / Wire Length: 300mm
- Minimum: 100

#### ECO CABLE SEAL RANGE

- Secured with a steel locking mechanism, enclosed in a dye-cast aluminium body • Steel wire unravels when cut • Removable by bolt cutter only • Smooth insertion and easy to apply
- Minimum: 25

#### ECO CABLE SEAL

3.0MM

SI10302

Diameter: 3mm

Wire Length: 300mm

#### ECO CABLE SEAL

1.5MM

SI10102

Diameter: 1.5mm

Wire Length: 400mm

## FLEXIGRIP RANGE

- Built with a steel locking mechanism, hoisted in a diecast alloy body • Pull-through cable seal
- Removable by bolt cutter only • Stainless steel wire unravels when cut

### FLEXIGRIP 500M (5MM DIA)

UN09102 Blue (300mm length)

- Minimum: 10

### FLEXIGRIP 300M (3MM DIA)

UN06102 Blue (300mm length)

UN04106 Gold (900mm length)

- Minimum: 50

## STORAGE RECOMMENDATIONS

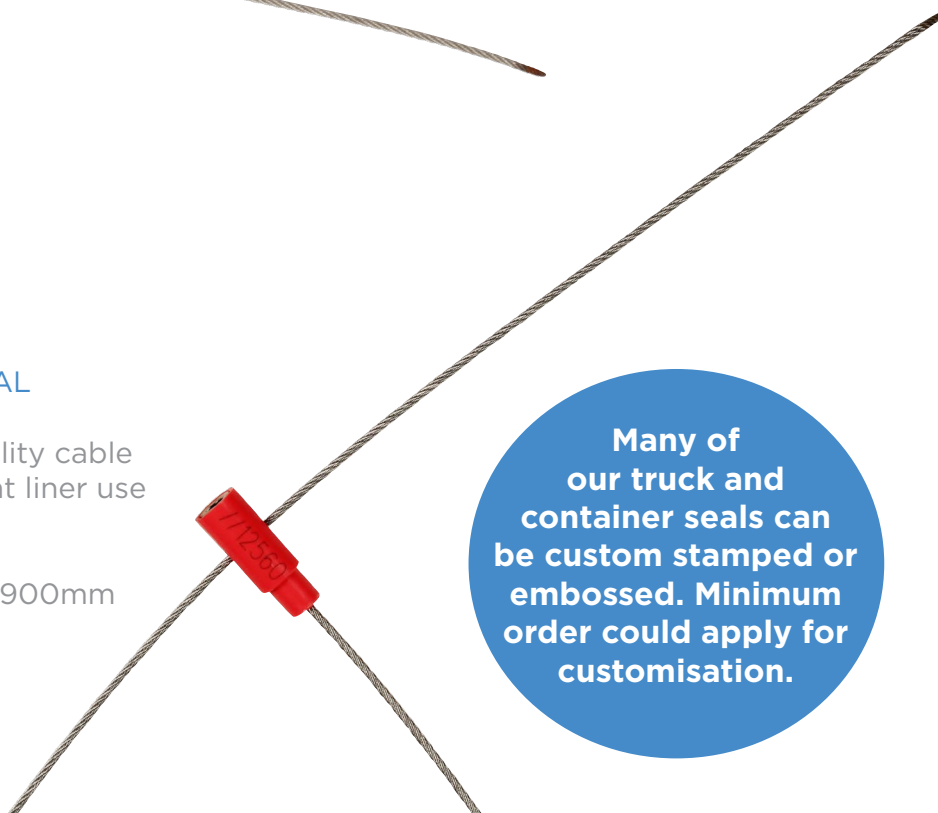

*Truck and Container Seals are serial numbered. Serial numbers serve as a unique identifier. Harcor recommend having a procedure in place to record the numbers prior to use and removal. Security Seals should always be stored in a safe location when unused and only be issued to authorised individuals.*

## S204 BREAKAWAY CABLE SEAL

SF20113 White / SF20512 Red

BR03914 Yellow Insert

- Used on logic boards
- Requires tool for removal
- Clear body with coloured insert
- DGR Approved - NSW only
- Logo'd and numbered
- Minimum: 200

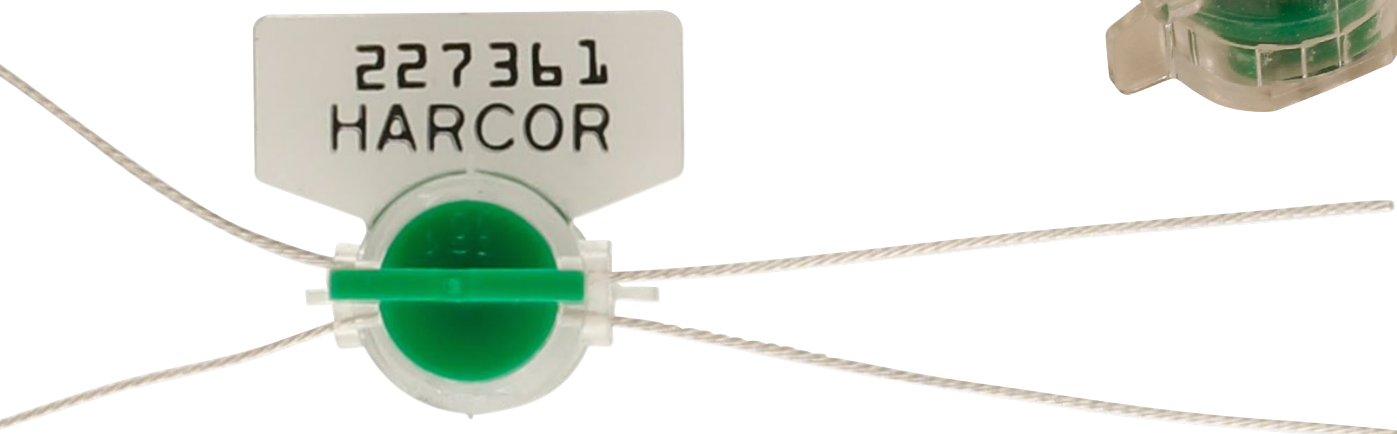

*In addition to stocking a range of utility & electrical products that have been tried and tested for numerous years, Harcor is able to offer both commercial bag and security sealing solutions to suit varied requirements.*

### TOOL LESS ROTO SEAL

BR13402 (Blue )

BR13408 (Green)

- Heat stamped serial number
- Laser etched 3 digit number on insert that matches last 3 digits of serial number
- Can be logo'd
- Minimum: 100

### PRE CUT WIRE FOR TOOL LESS ROTO SEAL

BR13840

- Stainless steel wire
- For use only with Tool Less Roto Seal
- Minimum: 100
- Length: 250mm
- Diameter less than 0.7mm

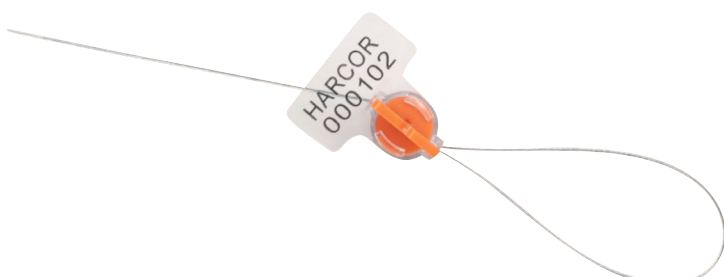

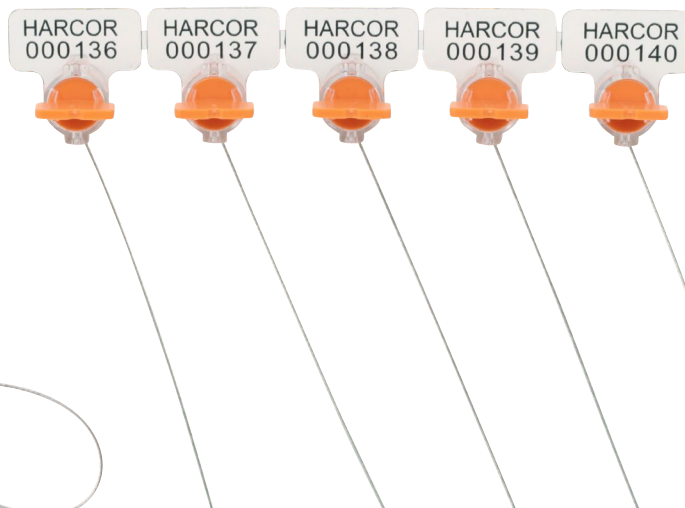

### TOOL LESS METER SEAL WITH SEALING WIRE

SS13402 (Blue)

SS13410 (Orange)

- Includes pre-attached wire
- Large flag for legibility
- 5 unit mats for convenience
- Minimum: 1000 Unit Carton
- Wire length: 250mm
- Wire diameter: 0.7mm

## STAINLESS STEEL WIRE TO SUIT ROTO SEAL

BR13900

- 152 Meters
- Diameter under 1mm
- Minimum: 1 roll

Compatible Seals

- Roto Seal
- Tool Less Roto Seal

## COPPER SEALING WIRE

SU00300

- 500 grams
- Minimum: 1 roll

Compatible Seals

- Clip Seal
- Harmet Seal

## GALVANISED WIRE

SU00400

- 50 Meters
- Diameter under 2mm
- Minimum: 1 roll

Compatible Seals

- Clip Seals
- Harmet Seals

## BI-LOK

BR66114

- Easy to apply adjustable strap seal
- Round tail for smooth insertion
- Mats of 5
- The BI-LOK is used for a variety of applications like sealing meters
- Total length: 228mm
- Operational length: 153mm
- Minimum: 1000

## METAL FERRULE SEAL - COPPER/TIN

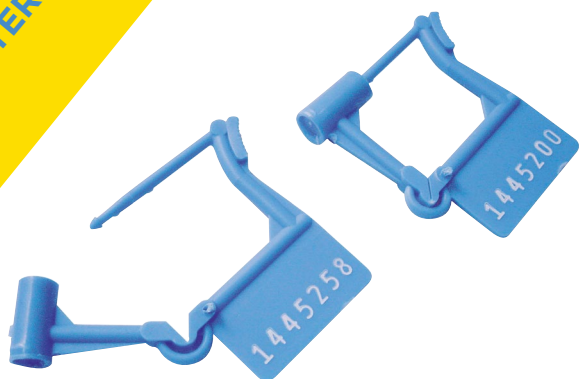

EA01000 - Metal Ferrule Seal 12mm long x 4mm diameter

CA70500 - Stainless Steel Wire 150mm long x 0.914mm diameter

CA70000 - Stainless Steel Wire 100mm long x 0.914mm diameter

- Harcor Sealing Press compatible
- Minimum: Sold in multiples of 1000 units

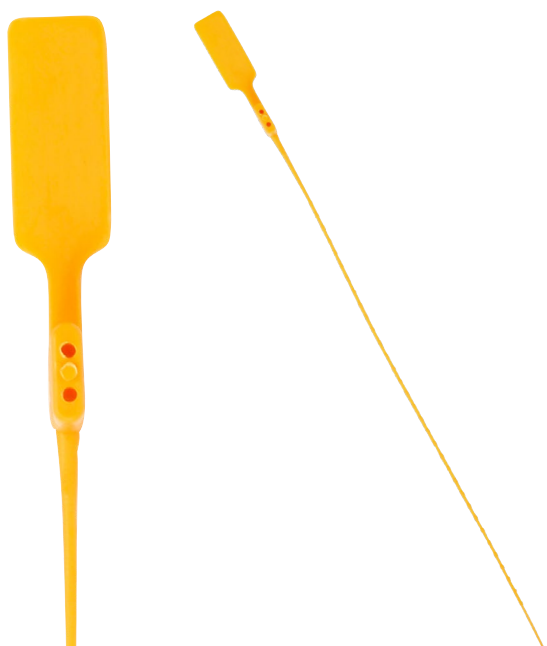

### SPRINGLOK

BR030..

- Quick and easy to remove by twisting at break-point on spear
- Hinge springs open to show evidence of tampering
- Easy to close one handed operation
- Ideal for first aid cabinets, meter boxes and bar carts
- Minimum: 1,000

- Compatible with Harcor Energy Seals, Harmet Meter Seals and Metal Ferrule Seals
- Minimum: 1

### HARMET TAIL

HA03401

- Made from polypropylene
- Designed specifically for use with the Harmet Meter Seal
- Size: 165mm
- Minimum: 500

**TOTAL TRANSFER SECURITY TAPE**  
NE01002

- Leaves unique void message
- Ideal for archive boxes and security packaging
- Tape can be customised P.O.A.
- Size: 50mm x 50m
- Minimum: 5 rolls

Many of  
our Tamper  
Evident Labels can  
be custom sized and  
printed. Minimum order  
could apply for  
customisation.

Applied to surface

Partially removed  
from surface

**HNR (NON-RESIDUE LABEL)**  
MA01002

- Voids when removed
- No residue
- Weather resistant
- Can be logo'd and barcoded
- Size: 110mm x 30mm
- Minimum: 1 roll (1000 labels)
- Custom order minimum: 5 rolls

**HR (RESIDUE LABEL)**  
MA50512

- Voids when removed
- Removable adhesive residue
- Weather resistant
- Can be logo'd and barcoded
- Size: 85mm x 25mm
- Minimum: 1 roll (1000 labels)
- Custom order minimum: 5 rolls

#### SELF DESTRUCT LABEL SMALL

SU01200

- Highly aggressive silver reverse material
- Breaks into pieces when removed
- Numbered at manufacture
- Labels can be customised with barcodes, logos, etc upon request
- 38mm diameter
- Minimum 1 roll (1000 labels)

#### SELF DESTRUCT PAPER LABEL LARGE

SU01000

- Highly aggressive silver reverse material
- Numbered at manufacture
- Breaks into pieces when removed
- Labels can be customised with barcodes, logos, etc, upon request
- Size: 125mm X 75mm
- Minimum: 1 roll (500 labels)

*Harcor's range of tamper evident labels and tape have been utilised in many areas including vehicle hatches, cartons, parcels, conduits, document validation, government and industrial applications, medical specimen containers and vehicles used during the Sydney Olympic games to name a few.*

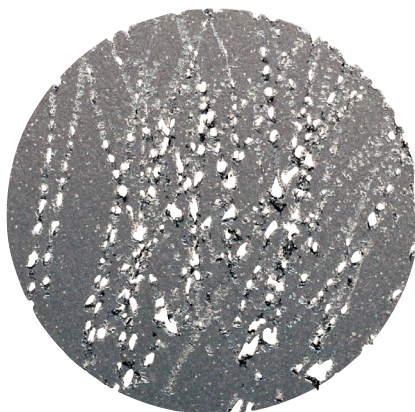

*The following pages show the various types of labels and tape that are carried by Harcor ex-stock. As with the majority of products stocked by Harcor, these seals can be customised with barcodes, logo's, varying materials, etc.*

*However, due to the varied nature of the requests we receive, customised seals require minimum order quantities. Wherever you see the wording "P.O.A." please contact the office closest to you for further information.*

#### TESA TAMPER EVIDENT TAPE SU01300

- Fits most standard industrial tape guns
- Leaves unique void message
- Ideal for archive boxes and security packaging

## KEY-WHERE

Key-Where is a smart key control solution for those looking for frustration free key management. The unique panel (made in Australia) and software system saves users time and eliminates manual error. The key control panels include a full 3-year warranty against defects and workmanship.

### Key Features

- Speedy key check-in and check-out
- Overdue key email and SMS reminders
- Identify keys with one tap using mobile devices
- Identify missing keys quickly
- An alarm sounds when a key is incorrectly removed
- Real-time reconciliation

## PROTEC2 CLIQ WIRELESS ACCESS CONTROL

PROTEC2 CLIQ is a fully electronic wireless access control system. It is a cost-effective solution which provides electronic access control without the need for wiring. The award winning ABLOY® PROTEC2 CLIQ and CLIQ WEB MANAGER with CLIQ REMOTE is a combination of the proven, S.C.E.C. approved ABLOY® PROTEC2 mechanical keying system and the CLIQ electronics developed by ASSA ABLOY. PROTEC2 CLIQ offers the ultimate synergy between the tried-and-true reliability of the superior mechanical ABLOY® PROTEC2 and the programming ease and flexibility inherent in electronic locks and keys.

### Key Features

- Electronic access control without wiring
- Audit trails stored in keys and cylinders
- Flexible access permissions
- IP57 rated keys and IP68 rated padlocks
- Permissions can be updated remotely
- Cloud (web) based software
- Easily replaced standard battery
- Dual security; mechanical & electronic

**HARCOR, THE ASSA ABLOY® CLIQ OFFICIAL DISTRIBUTOR (AUSTRALIA)**

## IKLAS KEY MANAGEMENT SYSTEM

Its user-friendly interface can be configured to suit different business and security needs. The Key Management System is also easy to maintain and is built with quality materials to withstand damage due to daily operation or tampering.

Key cabinets available from 24 key slots all the way to 252 key slot models.

## TRAKA 21 KEY MANAGEMENT SYSTEM

Traka 21 is a sophisticated stand-alone key management system.

It combines innovative RFID technology and robust design to provide management of 21 keys or keysets in an affordable plug and play unit.

Simple and cost-effective, Traka21 helps trace and account for every key or keyset, which is individually locked in place.

**Contact us for more information on our comprehensive range of key cabinets**

## COBRA KEY RING SYSTEM

Affordable Cobra key rings are made of stainless steel and show any sign of attempts to open them. To lock a key ring, crimp the metal connector with a crimping tool to permanently close it. After that the ring will have to be destroyed for the keys to be removed.

Single pack contains one SCBA Staging Area Mat and Deluxe Carry Bag

# Reduce Core Body Temperature Fast!

## FIRE FIGHTER ARM COOLER HARNESS

Combat Fire Fighter heat stress with the only small, compact, low cost and portable Fire Fighter arm immersion cooling product on the market.

Studies have found that forearm immersion in temperate water is more effective in lowering core body temperature than passive cooling, mist sprays or cooling vests.

The patented Harcor Arm Cooler Harness has been designed and developed by Fire Fighters for Fire Fighters.

The small & compact design of the Harcor Arm Cooler Harness means Fire Fighters can reduce their core body temperature almost anywhere, at a staging area, on the fire ground, in any urban or rural situation.

### Features:

- Extremely compact when rolled up and folded away, requiring minimal space on fire fighting appliances.
- The unique design on the main strap enables the harness to hang onto many types of camping chairs.
- Adjustable webbing strap allows the harness to be adjustable to anyone's size.
- Padded neck strap.
- Easy to install and remove plastic bags providing a hygienically clean harness after each use.
- High Vis reflective strips make the harness visible at night.
- Reinforced base resists wear and tear.
- Can be used almost anywhere, sitting in a chair and leaning up against a wall, a tree, etc.
- Ideal for rural fire fighters, on the fire ground, when rehab breaks are taken, etc.

## BEAT HEAT STRESS AND SPEED UP RECOVERY BY HAND AND FOREARM WATER IMMERSION

### ARM COOLER HARNESS KIT DOUBLE PACK

HCSP10N02X1

Contains two Arm Cooler Harnesses, outer carry bag, twenty LDPE plastic bags, 10 hygiene wipes and user guide.
