

SOAR Security Tech. Group

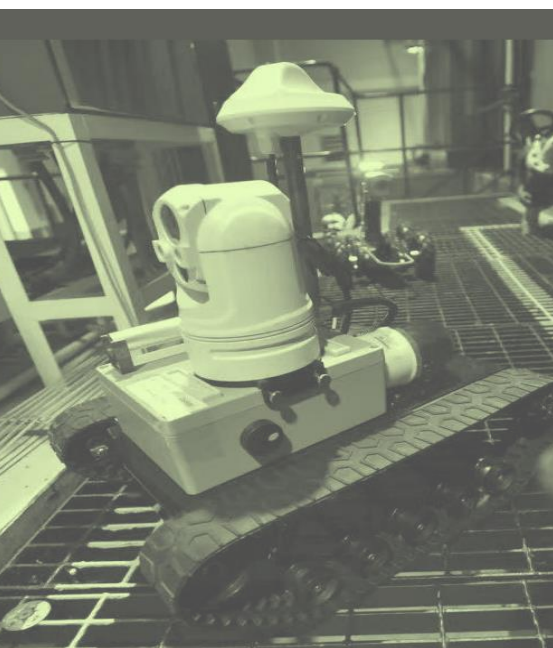

Hangzhou Soar Security Technology Group is a leading provider specializing in PTZ and zoom camera design, manufacturing and services. We have a full range of front side CCTV products including zoom camera module, IR PTZ speed dome, mobile surveillance camera, multi sensor PTZ, long range surveillance camera, gyroscope stabilization marine camera, as well as other customized cameras for special purpose.

As a technology oriented company, Soar Security has established a complete, multi-level R&D system that includes every operation from research to design, development, testing, technical support, and service, with over forty R&D specialist, engaging in the research on PCB design, mechanic design, optical design, software and AI algorithms development.

In China, We are one of the few competitive companies that have the ability to independently develop and design complete software and hardware products in this field.

In 2023, we are stepping into the Oceania market from the Security Exhibition 2023. A new company and a new office shall be set up in Australia soon. We are now creating a new website and product catalogue specially designed for the market as well.

We are looking forward to working with you !
