

# i-Futurz Group

To bring the Pure Taste of Nature Worldwide

I-Futurz (Dalian) Co. Ltd

I-Futurz (Shenyang) Co. Ltd

# Who We Are

**I-Futurz** is a natural food ingredient and additive supplier, with an extraordinary passion to bring the pure taste of nature worldwide.

We are devoted to providing uncompromising high standards of natural ingredients, both Organic and Conventional. That's why our products are trusted by customers from all over the world, serving a variety of fields including food & beverage, healthcare, food supplements, pharmaceuticals and cosmetics.

In addition to ingredients and additives, we developed several healthy finished products, including monk fruit sweetener, stevia sweetener, organic instant cup noodles, canned tomato pastes/diced...

# Why Us

## Stable Supplying with Various Ingredients

**I-Futurz** owns and has set up in-depth cooperation with more than 8 factories located in different provinces of China.

We can supply more than 200 organic and conventional products, including Tomato Paste, Sweeteners, Plant-based Protein & Fiber, Natural Extract, Vegetable & Fruit Powder/IQF/Puree, Superfood Powders, Lecithin & Oils...

We have also cooperated with 2 factories located in Peru for processing of superfoods, such as Cocoa/Chia Seed/Maca/Quinoa...

# Why Us

## Demanding Quality System

Quality does Not mean the product returns, but the client returns instead. We pay much attention to quality, monitoring it strictly from growing to processing, from the farm to the fork.

All our Organic Products are USDA and EU organic certified by Ecocert; Our processing factories are certified Kosher, Halal, HACCP, ISO, BRC...

For each batch before shipment, we shall entrust the third party lab (SGS/Eurofins...) to analyze pesticide, heavy metal, microbiology items according to clients' requirements. The cargos shall be released only when the analysis results are qualified.

# **What we can supply**(Organic & Conventional)

**Sweetener – Ingredients & Monk Fruit/Stevia Sweetener**

**Vegetables & Fruit - Powder | Paste & Puree | IQF & Dehydrated**

**Customized Products**

# Sweetener - Ingredients & Monk Fruit/Stevia Sweetener

## Ingredients:

### Sweetener & Functional Sugar

Monk Fruit Extract

Erythritol

Xylitol

Stevia

Allulose

Inulin

## Finished Products: \* Hot Sale

Our monk fruit/stevia sweetener is a zero-calorie sweetener that tastes just like white sugar.

This unique blend of erythritol and all-natural monk fruit/stevia is a perfect sugar replacement to delight your taste buds with calorie-free joy.

### Application:

- **Great for Cooking and Baking:** White sugar substitute that's perfect for cookies, coffee, desserts, and other sweet, sugar-free treats. Tastes, bakes, and cooks like sugar.
- **Matches the Sweetness of Sugar:** A healthy cup-for-cup alternative to ordinary sugar. Monk fruit contains zero calories and is about 250 times sweeter than sugar.
