

ABOUT US

Aarneea Foods LLP is a BRC standard (British Retail Council) 'A grade' certified and US FDA-approved peanut processing company.

It was established on our founder's desire to cook and provide healthy food to his family and other families facing nutritional challenges in a traditional dairy based diet.

The main inspiration for starting a peanut processing business in Aarneea Foods is the presence of our farms, cultivating groundnuts and potatoes in different seasons in the northern parts of Gujarat, India. Our peanuts have a higher content of protein, good calories, and heart-healthy fats.

The quality team at Aarneea Foods takes a lot of care in ensuring that all of our products meet international certifications and standards.

We offer your food the taste, texture and safety it deserves. Aarneea Foods is an innovative plant based food with a focus on producing high-quality peanut products that meet international standards. We are committed to sustainable growth and continuous improvement.

AARNEEA FOODS LLP

Made in India

Doorway to **HEALTHY FOOD**
Sustainably Farmed & Produced

www.aarneeafoods.com

WHY US?

Authentic ingredients with great taste

Peanut butter makes everything peanut better.

Environmentally friendly packaging available

Wrapping the Future

100% recycling of all raw materials

Nearly anything may be cured with a jar of peanut butter.

Contamination control protocols with X-ray inspection

All-natural peanut butter goodness.

Farm to fork

Smooth as silk and delicious as always.

Healthy

Low On Carbs, High On Taste.

AARNEEA FOODS

We are a “farm to fork” agro-processing company based in Gandhinagar, Gujarat, India. We are a “white label” manufacturer of the following products at our fully automatic plant:

1. Peanut Butters & variants
2. Almond Butters
3. Peanut Butter with Jelly / Chocolate (Stripes)
4. Chocolate Spreads / with Hazelnut or Almond
5. Flavoured Nuts
6. Coated Peanuts

Our USP is our processing & product formulation. All nut based products are roasted only (no frying!). We do not use any artificial colours or additives for flavours (only use natural ingredients and spices).

We also develop customised products.

*Smooth texture & superior mouthfeel-
Don't leave your bread lonely; spread peanut butter.*

WHAT IS PEANUT BUTTER?
