## About Us

### profile

PMT was established in 1996 and operates in the valve market as distributor and stockist of internationally recognized valve brands.

PMT Group is designed to provide efficient and reliable service in harsh industrial applications, combining the proven performance of the industry most rugged platforms with the widest variety of valves and flow control

### Vision

To profitably grow the Flow Control business by supplying solutions that give substantial value to our customers, to provide highly valued careers for our associates and deliver solid returns to our investors.

### mission

To build a partnership with our customers by supplying solutions that have deep impact and enable them to achieve core aims. PMT Valves aims to provide the best products and customer service. At **PMT** Valves customer satisfaction is the our motto

### MP and HP Fittings

**PMT** has been designing and manufacturing high pressure equipment for more than thirty years and has a worldwide reputation for quality and reliability, backed by one of the best service organizations in the industry.

### Pipe Valves and Fittings to 15,200 psi (1,050 bar)

**PMT** offers a complete line of pipe fittings, pipe hex nipples, pipe check valves and pipe line filters. All pipe valves use the NPT and BSP connection, fittings use the NPT connection.

- Sizes 1/4, 3/8, 1/2, 3/4 and 1 inch NPT Connection

### Medium Pressure to 22,500 psi (1,550 bar)

A complete line of medium pressure valves, fittings, tubing, Line fittings, angle filters, anti-vibration fittings and safety head assemblies are available through our catalog.

- Sizes 1/4, 3/8, 9/16, 3/4 and 1 inch Medium Pressure Connection

### High Pressure to 65,000 psi (4,500 bar)

Whatever your high pressure needs, **PMT** is the source. We supply a complete line of high pressure valves, fittings, tubing, check valves, line filters, angle filters, anti-vibration fittings and safety head assemblies.

- Sizes 1/4, 3/8 and 9/16 inch High Pressure Connection

## 2 way manifold valves

## Needle valve

## Ball- valve

## MEDIUM & HIGH PRESSURE VALVES & FITTINGS

## **machining**

End connections can be turned as per customer's specific requirements.

## **marking**

Identification of each valve with LASER marking indicating the exact wording, code

## **complete package**

Today more than never it is essential to supply a complete line of control equipment. Besides manual, actuated and control valves, PMT offers a full range of in-line components such as strainers, steam traps and sight glasses providing a complete package of supplies.

### **check valve**

## **Quick Disconnect couplers for Ultra -High pressure**

Screw type connect/dis connect(with out check valve)

Screw type connect/dis connect(with check valve)

-Hydraulics industry

### **Grease fitting**

### **Quick coupling**

## Where

The administrative and operating offices are located in INDIA, 9.3 Km from AHMEDABAD Air-port with easy access to airports, highways and seaports.

## Facilities

PMT Valves manages its own Bunch of CNC Machines and International Testing Facilities with 15000 psi, 35000 psi, 65000 psi and upto 100,000 psi with the Fully Automatic Software base which occurs the Pressure leak Graph according to Project Orders.

### BALL VALVES

### CHECK VALVES

### NEEDLE VALVES

### BALL VALVES

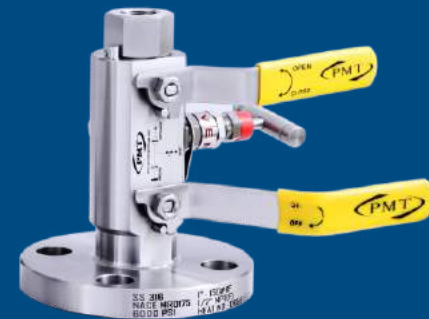

## MANIFOLD VALVES & MULTIPOINT(GAUGE) VALVES

## RELIEF VALVES

## DOUBLE BLOCK AND BLEED VALVES/MONOFLLANGE VAVLES

AN ISO 9001:2015 COMPANY

**PMT** has developed a complete line of valves and components specifically for the unique requirements of the oil and gas industry. We offer valves, fittings and tubing for use with sour oil and gas (H<sub>2</sub>S) in a 10,000 psi, 20,000 psi and 30,000 psi series.

Our SOUR GAS SERVICE products are constructed of annealed 316 stainless steel and meet or exceed all requirements of NACE MR0175 and the American Petroleum Institute. For those applications where H<sub>2</sub>S is not present, our standard line of valves, fittings and tubing will accommodate pressures to 100,000 psi.

**Process Instrumentation**

**Analytical Instrumentation**

**Biopharmaceutical**

**Orbital Welding System**

# Application

**Oil & Gas**

**Power**

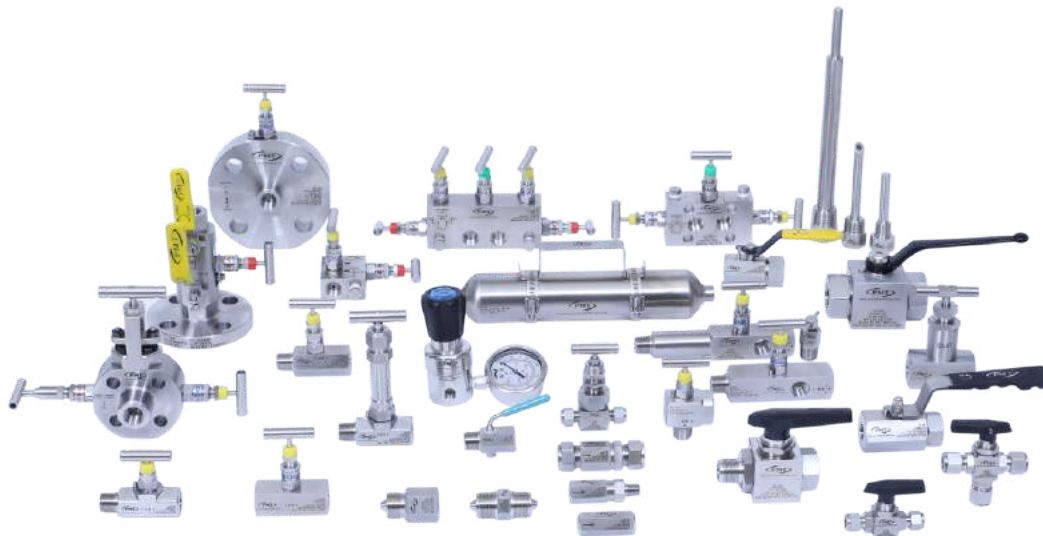

**Chemical/Petro Chemical**

**Water And Marine**

## **AVAILABLE OPTION**

- High Pressure
- High Temperature
- Low Temperature (For Cryogenic Applications)
- NACE MR0175
- End Connections of Valves :NPT/BSP/BSPT.ISO/SW/BW
- Alternates Connection Sizes
- Material Availibility : 316SS/316LSS/304SS/Carbon Steel  
Monel,Inconel,Hastelloy,Duplex steel

# Stock

## **The inventory**

A wide range of world leading manufacturers of Needle, Ball, check, Relief and DBB valves, barstock and forged steel

materials include Stainless Steel carbon steels through special alloys and pressure ratings ranging from ANSI class

Each valve is completely traced and certified to satisfy any customer request.
