COMPANY PROFILE

**JETWAVE**  
MARINE

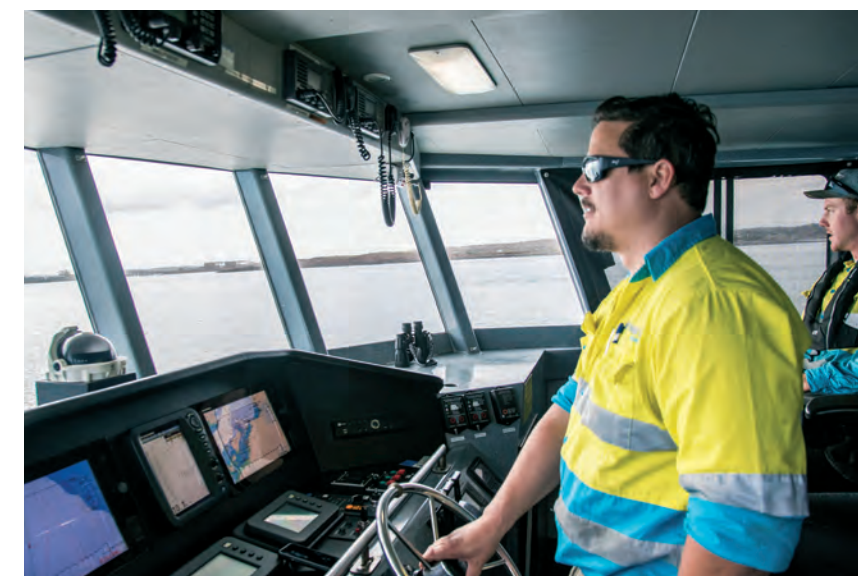

# WHO WE ARE

A DYNAMIC MARINE  
SERVICES TEAM, DRIVEN  
BY OUR PASSION FOR  
THE OCEAN

Jetwave Marine delivers industry leading marine logistic solutions for a diverse range of clients across the shipping, oil & gas, resource, and construction sectors. Our strength is born of a relentless work ethic, genuine family business values and a caring approach. It's why since 2008, Jetwave Marine has consistently exceeded expectations and forged a reputation as a reliable, customer focused operator.

THE OCEAN IS  
OUR PASSION  
AND OUR  
PROFESSION

Our love for the ocean underpins everything we do. From our owners down, everyone at Jetwave aspires to be on, under or around the ocean. It's a collective drive and energy that ripples through your experience every time we work with you.

# OCEAN DRIVEN

## CARE

Caring is in our nature. Care for our people, our clients, our stakeholders, our equipment. And most importantly, care for the ocean, so we can continue to enjoy all it has to offer.

## RESPECT

The ocean is a rugged environment of raw beauty and power. Navigating it safely takes a healthy respect for its unique risks.

## SYNERGY

Our greatest asset will always be our people. We place enormous value in working together with our team and our clients to find extraordinary solutions to unique challenges.

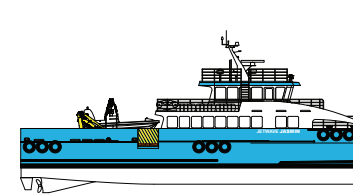

AND WE ENJOY  
WHAT WE DO!!

# VESSELS

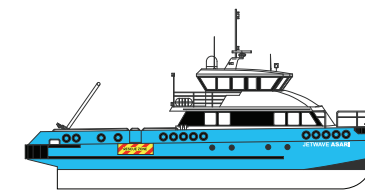

DYNAMIC YOUNG  
FLEET, PURPOSE BUILT  
TO PERFORM

Jetwave Marine owns and operates a large, versatile fleet of modern vessels. Purpose-built with the unique demands of our clients in mind, and equipped with the latest technology and safety features, we are well positioned to support any requirement. Whether its supply, crew/pilot transfers, offtake support, survey, environmental monitoring, safety standby, emergency response, towage, barge handling and everything in between – we’ve got you covered.

# CARBON NUETRAL

## TAKING ACTION TO PROTECT OUR OCEANS' FUTURE

If you want to see change, be the change. Jetwave Marine is proudly taking climate action and was the first marine operator in Australia to achieve carbon neutral status back in 2017. We believe it is our responsibility to minimise our environmental impact by making everyday changes within the business to reduce our carbon footprint and continuing to offset our emissions. We remain at the forefront, actively engaging with universities and industry bodies to implement alternative energy solutions for our fleet. The future starts now.

## HSEQ

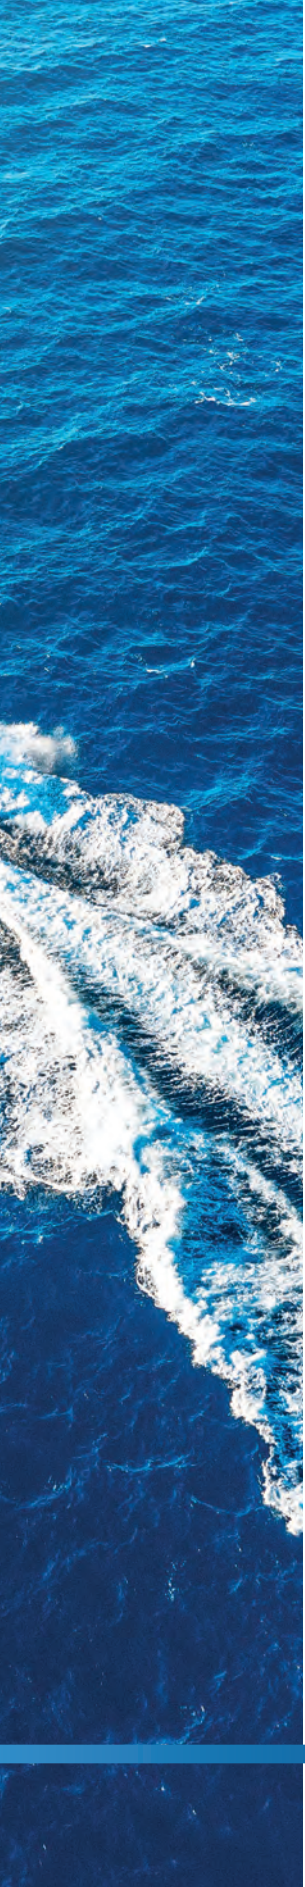

Jetwave Marine is extremely proud of our HSEQ culture and safety record. With a strong focus on mindfulness, hazard awareness and continual improvement, we actively shape our working environment into a safer place to operate. Our passionate, highly experienced divers and mariners deliver our services with the highest priority on safety, all while maximising sustainability and reducing our impact on the environment and communities in which we operate.

In support of these principals, we have established and refined over time our integrated HSEQ Management System, certified by 'Bureau Veritas' to internationally recognised standards:

- ISO 45001:2018
- ISO 14001:2015
- ISO 9001:2015
