# nature craft series

Our Nature Craft Series is the most popular among our customers and retailers. It makes a great gift and is loved by kids, parents, grandparents and teachers.

Parents appreciate that the majority of the activities use natural and recycled materials, so their child's creations don't end up in landfill. Plus the books make it easy to encourage more green time. Kids love exploring the fun ideas, collecting natural materials, making something with their own hands and sometimes getting a bit messy!

Each book includes more than 20 nature craft projects and play ideas that are loved by children 3-12 years. They are hardcover and durable, measuring 24cm x 16cm, which is the perfect size for backpacks and travel.

Inside each book you will find engaging activities from making a flower crown, Christmas wreath or nature wings, to building a mud kitchen, bird feeder or bug hotel. These activities are open ended and use common materials so they can be adapted to many locations.

Each activity features beautiful full colour photos with easy to follow instructions, requires minimal craft supplies and helps kids connect with nature.
