

NO SUGAR COATING IT

FUNDAY[®]
NATURAL SWEETS

DAMN TASTY AND GOOD FOR YA.

No sugar added.

We're sweet enough with the natural fibres in our lollies and a touch of stevia to balance things out. Resulting in 91% less sugar than other lollies.

No sugar alcohols.

Stacks of other 'no sugar' lollies have sugar alcohols (ew) with warnings of 'laxative effects' (double ew). We just wouldn't do that to you.

Natural colours & flavours.

Our colours come from things like beetroot, carrot, pumpkin and turmeric. You that read right, nothing artificial up in here!

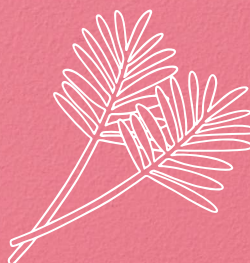

Prebiotic fibre.

We've got a whopping 7g of plant-based goodness in each bag. Prebiotics are the goods that feed the good guys (probiotics) in your gut.

GMO free ingredients.

None, zilch, nada! It's a no from us on GMO.

Gluten free.

Coeliac's rejoice! Gluten-free guaranteed.
