## The Natural Formulation Experts

### ABOUT US

EnerVite was established in Sydney, Australia in 1983.

EnerVite stands for "Energy" and "Vitality" and is committed to projecting the most scientific and effective nutritional formula into every product so that people can enjoy a happy life while being full of energy and vitality.

After 39 years of experience and development, it has become a favorite health care brand for Australians.

EnerVite is a trademark of Health Spring Australia (HSA) Pty Ltd, a brand management company of FPA Group.

We believe nature's best health solutions are discovered through rigorous scientific research. We combine what has already been learnt in the history of natural medicines and remedies with the latest technologies to develop innovative products with proven benefits that are backed by science.

We source only the purest, high-quality natural ingredients to develop and deliver effective formulations. With an eclectic range of supplements targeting common concerns such as beauty, lifestyle, vitality, weight management and mother and child, EnerVite has a simple, steady solution to all your concerns.

We are the natural formulation experts.

### BRAND CULTURE

Since its establishment, the brand has been adhering to the people-oriented concept and the promise of "Spring into Health" to produce high-quality health products and serve people's health.

It has become one of the brands that Australians love and trust. The high quality of EnerVite from Australia being a country that pays attention to environmental protection, and its rich biological species provides sufficient and high-quality raw materials for the biopharmaceutical industry.

EnerVite has been scientifically selected to ensure that the selected raw materials are all It is natural without any pollution.

Australia is the country with the most strict control of health products in the world.

The Therapeutic Goods Administration (TGA) took the lead in implementing homologous management of health products and medicines, and strictly controlled them through legislation.

EnerVite is a pioneer of this high standard to ensure that each of its products adheres to the highest production standards and best quality.

OUR MISSION IS TO HELP PEOPLE TAKE CONTROL AND IMPROVE THEIR HEALTH, BEAUTY AND WELLBEING

No downtime necessary.

### SHAKE

Slimsure Weight Management range will help you make these choices healthier.

All Slimsure Shakes can be used as part of the Slimsure Weight Management program.

In this program we recommend an initial 4 week phase of low calorie intake to kick start the program and achieve rapid results. After this phase, shift the focus to gentle control – to achieve the best long term weight management results. Go back to the rapid phase whenever required.
