

Meet the New Standard

Crystal QH[®]

Ubiquinol Q10

Demonstrated Best-In-Class Bioavailability & Stability

Patented Crystal QH[®] provides for the first time a much more stable & improved bioavailable form of ubiquinol CoQ10. A novel cocrystal powder that outperforms the current ubiquinol market leader & at a better cost value.

The Crystal QH[®] Advantage

- ✓ A new patent-protected solid form
- ✓ Better stability (almost 100% retained under stressed conditions)
- ✓ Significantly improved bioavailability with higher water solubility
- ✓ Higher melting point (10°C higher than Q10) allows preparation in various solid formulas

What is Cocrystal Powder Technology?

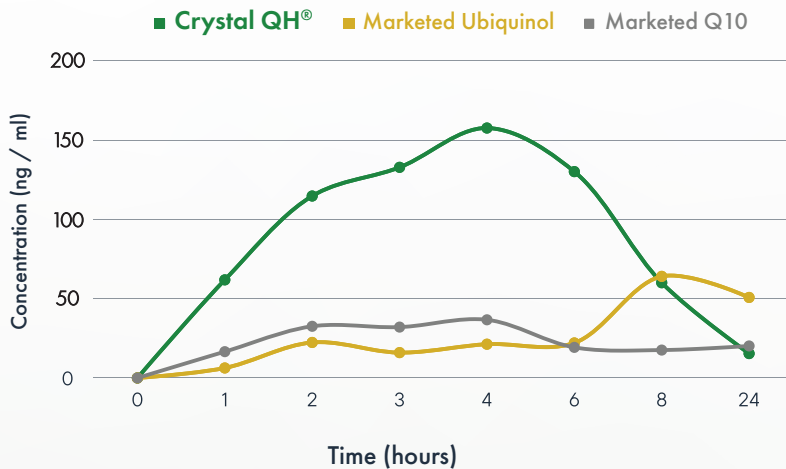

THE COCRYSTAL INGREDIENT INNOVATION PROCESS:

Cocrystal Actives

Cocrystal Key Advantages

DEMONSTRATED BEST-IN-CLASS BIOAVAILABILITY

Backed by 60 global patents & near 100 published papers

SUPERIOR STABILITY IN-FORMULA

Proven across a range of product forms

VEGAN & FREE OF GMO'S & KNOWN ALLERGENS

Produced without heavy solvents or other harsh chemicals

IMPROVED SOLUBILITY, MELTING POINT & MECHANICAL PROPERTIES

With no effect on nutrient's pharmacological activity

ENHANCED FLOWABILITY & PROCESSABILITY

Improving manufacturing efficiency

EXCELLENT MULTI-PRODUCT FORM FUNCTIONALITY

Both ingestible & topical applications
