

WORLD STI & HIV CONGRESS POSTER LISTING

First Name	Last Name	Organisation	Title of Presentation	Poster Number	Poster session title
Kat	Byron	VACCHO	Deadly Sexy Health; Sexual Health Promotion in the Victorian Aboriginal Community Controlled Health Setting	P01.01	Sexual health of Indigenous and minority ethnic populations
Bradley	Whitton	Melbourne Sexual Health Centre	A regional sexual and reproductive health campaign providing clinical education and health promotion activities in 2015 for Aboriginal Health Services and communities in the western district of Victoria	P01.02	Sexual health of Indigenous and minority ethnic populations
Brent	Mackie	ACON	Encouraging Aboriginal Gay men to test for HIV	P01.03	Sexual health of Indigenous and minority ethnic populations
Marisa	Gilles	Western Australian Country Health Service	Equity in Aboriginal HIV health care delivers the goods	P01.05	Sexual health of Indigenous and minority ethnic populations
Sabina	Wagle	Raks Thai Foundation	Roles of NGOs/CSOs in HIV/AIDS prevention, treatment, care and support for Mobile Population in Greater Mekong Sub-regions	P01.06	Sexual health of Indigenous and minority ethnic populations
Judith	Dean	Griffith University School of Nursing and Midwifery	Young Queensland Sudanese's sexual health knowledge and behaviours may place them at risk - culturally informed sexuality education is needed	P01.07	Sexual health of Indigenous and minority ethnic populations
Catherine	MacPhail	School of Health, University of New England	Structural and Contextual Factors in the Sexual Health of Adolescent Aboriginal Australians: A Systematic Review	P01.08	Sexual health of Indigenous and minority ethnic populations
Thomas	Gift	CDC	Trends in Selected Measures of Racial and Ethnic Disparities in Gonorrhea and Syphilis in the United States, 1981-2012	P01.09	Sexual health of Indigenous and minority ethnic populations
Quang	Tran	National Institute of Hygiene and Epidemiology	HIV/STI Infections and Risk Behavior Among Dao Ethnic People In 2006 And 2012 in Viet Nam	P01.10	Sexual health of Indigenous and minority ethnic populations
Sonali	Wayal	UCL	Understanding the greater burden of STIs among Black Caribbeans in the UK: evidence from a systematic review	P01.11	Sexual health of Indigenous and minority ethnic populations
Sonali	Wayal	UCL	Systematic Review and Meta-Analysis of Randomized Control Trials of Interactive Digital Interventions for Sexual Health Promotion	P02.01	New media in STI prevention
Mary	Florance	RNSH	Another Digi-Gap! Integrating Multifaceted Triaging Approaches to Assist and Speed Technological Transition to Electronic Medical Documentation and Booking Systems	P02.02	New media in STI prevention
Mark	Gilbert	Ontario HIV Treatment Network	"Click Yes to Consent": Can we Achieve Informed Consent for Online Testing for Sexually Transmitted Infections?	P02.03	New media in STI prevention
Mark	Gilbert	Ontario HIV Treatment Network	Acceptability of Online Resources for STI Partner Notification: Who would use what in the Toolkit?	P02.04	New media in STI prevention
Mark	Gilbert	Ontario HIV Treatment Network	Sexual Health Literacy - An Emerging Framework for Research and Intervention to Improve Sexual Health for Gay Men	P02.05	New media in STI prevention

First Name	Last Name	Organisation	Title of Presentation	Poster Number	Poster session title
Khine Soe Lin	Khine Soe Lin	Melbourne University	Identities in Motion: Cyberspace and Myanmar Men having Sex with Men	P02.06	New media in STI prevention
Yu-Hsiang	Hsieh	Johns Hopkins University	Utilization of Risk Score Tool of Internet I Want the Kit (IWTk) Home Self-Collection Program for Sexually Transmitted Infections (STIs) in Males	P02.07	New media in STI prevention
Elizabeth	Fearon	London School of Hygiene and Tropical Medicine	Age of friends and norms about sexual behaviour are associated with HIV and HSV-2 status amongst young South African women in the HPTN 068 study	P03.01	Adolescent sexual health
Adekemi	Sekoni	University of Lagos	STI and HIV knowledge, prevalence and related behavior among young female traders in an urban slum in Lagos Nigeria	P03.02	Adolescent sexual health
Margaret	Hammerschlag	State University of New York, Downstate Medical Center	Seroprevalence of <i>Chlamydia trachomatis</i> in American Children and Adolescents - Implications for Vaccine Development	P03.03	adolescent sexual health
Margaret	Hammerschlag	State University of New York, Downstate Medical Center	The impact of universal <i>Chlamydia trachomatis</i> (CT) screening during pregnancy on seroepidemiology of chlamydial infection in children, 1991-2013	P03.04	adolescent sexual health
Lucy	Watchirs Smith	Kirby Institute	Chlamydia Re-Testing at Sexual Health Clinics has increased but further Initiatives are Needed for Young People	P03.05	adolescent sexual health
Oluwagbemiga	Adeyemi	Federal University Oye-Ekiti	Sexual Exchanges and Coercion among Undergraduate Students in Nigeria: Implications for Sexually Transmitted Infections	P03.06	Adolescent sexual health
Opeyemi	Agbaje	OROL Youth Empowerment Initiative	Mitigating the Impact of HIV/AIDS among in and out of school youth through peer education using Family Life HIV Education in Federal Capital Territory Abuja Nigeria	P03.07	Adolescent sexual health
Suresh	Badhan	H.K.M.C. Trust	Prevailing myths and misconceptions and effect of intervention in changing the attitude of secondary school students of South Delhi regarding HIV/AIDS and positive persons.	P03.08	Adolescent sexual health
Michelle	Bonner	STIPU	Implementing Sexual Health 'Spaced Education' for Undergraduate Medical Students in New South Wales, Australia	P03.09	Adolescent sexual health
Emily	Wheeler	STIPU	Working Together- Primary Health Care Nurses Taking the Lead in Sexual Health Care	P03.10	Adolescent sexual health
Hayley	Denison	Victoria University of Wellington	Knowledge about sexually transmitted infections among a New Zealand university population	P03.11	Adolescent sexual health
Hayley	Denison	Victoria University of Wellington	Recruiting to sexual health studies: possible strategies identified through focus group discussions	P03.12	Adolescent sexual health
Patricia	Dittus	Centers for Disease Control and Prevention	The Project Connect parental monitoring intervention: Population-level effects on adolescent perceptions of parental enforcement of family rules	P03.13	Adolescent sexual health
Suzanna	Francis	London School of Hygiene and Tropical Medicine	High Prevalence of Lactobacillus Crispatus among Adolescent Girls Attending Secondary Schools in Tanzania	P03.14	Adolescent sexual health
Rachel	Fuller	Youth Affairs Council of Western Australia	Peer Education in Practice: An Example of a Youth-led Sexual Health Program	P03.15	Adolescent sexual health
Suzanne	Garland	Dept Molecular Microbiology & Infectious Disease	Sexual Abuse Reported by Young Australian Women	P03.16	Adolescent sexual health

First Name	Last Name	Organisation	Title of Presentation	Poster Number	Poster session title
Sandra	Gregson	Victorian Aboriginal Health Service	The Victorian Aboriginal Medical Service (VAHS) conducted a young people's sexual health and sexually transmissible infections and blood borne virus (STI/BBV) knowledge, attitudes and behaviour survey in 2014	P03.17	Adolescent sexual health
Muhammad	Hoque	University of KwaZulu-Natal	Knowledge regarding HIV/AIDS and views on HIV testing before marrying migrant workers among rural higher secondary school students in Bangladesh	P03.18	Adolescent sexual health
Linnet	Masese	University of Washington/ University of Nairobi	Screening for Sexually Transmitted Infections in Adolescent Girls and Young Women in Mombasa, Kenya	P03.19	adolescent sexual health
Pratima	Mittal	Safdarjung Hospital	High Risk Factors and their Association with Sexually Transmitted Infections among Asymptomatic Pregnant Adolescent	P03.20	adolescent sexual health
Meagan	Roberts	Sexual Health and Blood-borne Virus Program	Be safe. stay well: four videos to educate international students on sexual health and staying safe in Australia	P03.21	Adolescent sexual health
Meagan	Roberts	Sexual Health and Blood-borne Virus Program	Infection Protection: The development of an interactive, online game to educate young people about sexual health and relationships	P03.22	Adolescent sexual health
Ni Wayan	Septarini	School of Public Health, Faculty of Medicine, Udayan University	Human Immunodeficiency Virus infection risk behaviours among school students in the capital city of a famous travel destination, Bali	P03.23	Adolescent sexual health
Deepak	Sharma	Post Graduate Institute of Medical Education & Research	Effect of media on adolescent girls "HIV/AIDS comprehensive knowledge" and "stigmatizing attitude" towards people living with HIV/AIDS	P03.24	Adolescent sexual health
Solomon	Sisay	FMoH	Perception of High School Students on Risk for Acquiring HIV and Utilization of Voluntary Counseling and Testing Service for HIV in Debre-Berhan Town, Ethiopia: A Quantitative Cross-Sectional Study	P03.25	Adolescent sexual health
George	Wanje	University of Washington/ University of Nairobi Mombasa Research Site	Parents' and Teachers' Views on Adolescents' Sexual Health to Inform the Development of a Screening Intervention for Sexually Transmitted Infections: A Qualitative Study	P03.26	Adolescent sexual health
Devon	Haag	British Columbia Centre for Disease Control and Prevention	Similarities and Differences in Perceptions of Models for Online Partner Notification for Sexually Transmitted Infections: Potential Users Versus Care Providers	P04.01	Partners, places and STI risk
Marc	Steben	Institut national de santé publique du Québec	Partner Notification in North America: a Historical Account	P04.02	Partners, places and STI risk
Wei Sheng	Tan	Department Of STI Control Clinic	Which partner notification method do patients prefer? Results of a patient preference survey at the national STI clinic in Singapore	P04.03	Partners, places and STI risk
Sarah	Huffam	Melbourne Sexual Health Centre	chlamydia infection in males and females reporting sex with partners with chlamydia.	P04.04	Partners, places and STI risk
Krishneel	Dutt	Peninsula Health, Melbourne Sexual Health Centre	High prevalence of rectal gonorrhoea among men reporting contact with men with gonorrhoea: implications for epidemiological treatment	P04.05	Partners, places and STI risk
Jason	Wong	BC Centre for Disease Control	Partner number and outcomes of partner notification among gay, bisexual, and other men who have sex with men with infectious syphilis in British Columbia, Canada	P04.06	Partners, places and STI risk

First Name	Last Name	Organisation	Title of Presentation	Poster Number	Poster session title
Vincent	Cornelisse	The Melbourne Sexual Health Centre	"Summer Loving": An Analysis of Seasonal Differences in Sexual Behaviour and Sexually Transmissible Infections"	P04.07	Partners, places and STI risk
Errol	Fields	Johns Hopkins University School of Medicine	Sex Partner Meeting Venues and HIV Transmission Risk Factors among Newly Diagnosed HIV-Infected Urban MSM: Implications for Targeted Control Strategies	P04.08	Partners, places and STI risk
Hanne	Harbison	University of Alabama Birmingham	Association of gender of sexual partners with women's sexually transmitted infection risk	P04.09	Partners, places and STI risk
Ryosuke	Omori	Hokkaido University	The link between population sexual behavior and HIV prevalence in sub-Saharan Africa	P04.10	Partners, places and STI risk
Ryosuke	Omori	Hokkaido University	Estimation of non-cohabiting sex partnering in sub-Saharan Africa	P04.11	Partners, places and STI risk
Steve	Simpson, Jr.	Menzies Institute for Medical Research, University of Tasmania	Front-To-Back Wiping and Dabbing Behaviour Wiping Post-Toilet Significantly Associated with Anal Neoplasia & HR-HPV Carriage in a Cohort of Women with a History of an HPV-Mediated Gynaecological Neoplasia	P04.12	Partners, places and STI risk
Steve	Simpson, Jr.	Menzies Institute for Medical Research, University of Tasmania	The sexual health literacy of the student population of the University of Tasmania: results of the RUSSL study	P04.13	Partners, places and STI risk
Jennie	Connor	University of Otago	Prevalence and consistency of opinions on same-sex partnerships over 12 years in a New Zealand birth cohort	P04.14	Partners, places and STI risk
Anna	Yeung	School of Public Health and Community Medicine, University of New South Wales	Sexual Behaviour, STI Testing And Diagnosis Down Under: Findings From The Second Australian Study Of Health And Relationships (ASHR2)	P04.15	Partners, places and STI risk
Anna	Yeung	School of Public Health and Community Medicine, University of New South Wales	"It Opened My Eyes" Examining The Impact Of The Australian Chlamydia Control Effectiveness Pilot (ACCEPt) On Chlamydia Testing Practices Of General Practitioners	P04.16	Partners, places and STI risk
Alison	Norris	The Ohio State University	Intravaginal practices among rural Malawian women	P04.17	Partners, places and STI risk
Alison	Norris	The Ohio State University	Are Intravaginal Practices Associated with Precancerous Lesions and HPV Infection?	P04.18	Partners, places and STI risk
Jennie	Connor	University of Otago	Alcohol involvement in sexual behaviour and adverse sexual health outcomes in early middle age	P04.19	Partners, places and STI risk
Dennis	Fortenberry	Indiana University School of Medicine	Incident Sexually Transmitted Infection and Post-Infection Partner Change	P04.20	Partners, places and STI risk
Dennis	Fortenberry	Indiana University School of Medicine	Event-Level Analysis of Condom Use and Love during Transactional Vaginal Intercourse among Women Living in the Midwestern United States	P04.21	Partners, places and STI risk
Jacky	Jennings	Johns Hopkins University	Sex Partner Meeting Places Over Time Among Newly HIV Diagnosed Men Who Have Sex With Men (MSM) In Baltimore, Maryland	P04.22	Partners, places and STI risk
Catherine	Mercer	University College London	Mind the gap! Biological and behavioural concurrency and their potential for STI transmission in the British population.	P04.23	Partners, places and STI risk
Marjan	Meshkati	Isfahan University of Medical Science	Evaluation of Prevalence of STIS between Women Referred to "Counseling and Harm Reduction Center for Vulnerable Women" in Isfahan - IRAN 2014	P04.24	Partners, places and STI risk
Puneet	Misra	AIIMS	Sexual Health problems among adult males of North India: A community based study	P04.25	Partners, places and STI risk

First Name	Last Name	Organisation	Title of Presentation	Poster Number	Poster session title
Achyuta	Nori	St George's University of London	Robustness of Capturing Behavioural and Sexual Lifestyle Data for a Complex Clinical Study Using Internet-Based Computer Assisted Self-Interview	P04.26	Partners, places and STI risk
Milan	Satcher	UCLA/Brown University	Partner-Level Associated Factors for Insertive and Receptive Condomless Anal Intercourse among Transgender Women in Lima, Peru	P04.27	Partners, places and STI risk
Milan	Satcher	UCLA/Brown University	Exploring Contextual Differences for Receptive and Insertive Role Strain among Transgender Women and Men Who Have Sex With Men in Lima, Peru	P04.28	Partners, places and STI risk
Wei	Guo	Nanjing University	Relationship between Cigarette Smoking and Health Risk Behaviors among Chinese Youth: Findings from a National Survey	P04.29	Partners, places and STI risk
Nikki	Jeal	university of bristol	A systematic review of interventions to reduce illicit drug use in female drug-dependent street sex workers	P04.30	Partners, places and STI risk
Faridoon	Qayoumi	World Vision International	Study among injectable drugs users (IDUs)	P04.31	Partners, places and STI risk
Carol	Reid	Queensland University of Technology	Motivational interviewing for people with chronic viral hepatitis and who drink alcohol: a randomised controlled trial.	P04.32	Partners, places and STI risk
Uma	Chaudhry	Bhaskaracharya College of Applied Sciences, University of Delhi	Drug target to inhibitor (DT2I) approach of combating increasing drug resistance in <i>Neisseria gonorrhoeae</i> .	P05.01	Antimicrobial resistance
Tania	Crucitti	Institute of Tropical Medicine	<i>Neisseria gonorrhoeae</i> Strain Types and Antibiotic Susceptibility	P05.02	Antimicrobial resistance
Tania	Crucitti	Institute of Tropical Medicine	Performance of Two Enzyme and One Strip Immune Assay for the Detection of IgM anti-Treponema pallidum Antibodies.	P05.03	Antimicrobial resistance
Paula	Dixon	UAB	Antimicrobial Susceptibilities of Persons with Gonorrhoea at Multiple Sites are Accurately Reflected by Urogenital Specimens	P05.04	Antimicrobial resistance
I Putu Yuda	Hananta	Department Dermatology and Venereology Faculty of Medicine Universitas Gadjah Mada	<i>Neisseria gonorrhoeae</i> in Indonesia: Prevalence and Antimicrobial Susceptibility among STI Clinics Patients in Jakarta, Yogyakarta and Denpasar	P05.05	Antimicrobial resistance
I Putu Yuda	Hananta	Department Dermatology and Venereology Faculty of Medicine Universitas Gadjah Mada	Prolonged Infection of Pharyngeal Gonorrhoea after Treatment with Ceftriaxone	P05.06	Antimicrobial resistance
Neeraj	Mahajan	All India Institute of Medical Sciences	ISSTDR Scholarship: <i>Neisseria gonorrhoeae</i> Multiantigen Sequence Typing (NG-MAST) of Isolates Collected from STD Patients in Delhi, India	P05.07	Antimicrobial resistance
Sunanta	Nabu	Medical Technology, Mahidol University	Beta-Lactam Antibiotics Induce Protein Expression Changes in <i>Neisseria gonorrhoeae</i> Revealed by a Proteomic Approach	P05.08	Antimicrobial resistance
Magnus	Unemo	Orebro University Hospital	Phenotypic, Genetic and Genomic Characterization of The 2015 WHO <i>Neisseria gonorrhoeae</i> Reference Strains for Quality Assurance of Laboratory Investigations Globally	P05.09	Antimicrobial resistance
Klaus	Jensen	Robert Koch Institute	Antimicrobial Resistance of <i>Neisseria Gonorrhoea</i> in Germany, Results from the Gonococcal Resistance Network (GORENET)	P05.10	Antimicrobial resistance

First Name	Last Name	Organisation	Title of Presentation	Poster Number	Poster session title
Ryoichi	Hamasuna	University of Occupational and Environmental Health	Antimicrobial Susceptibility of <i>Neisseria gonorrhoeae</i> Strains from Male Urethritis in Japan: Surveillance at 2012-2013	P05.11	Antimicrobial resistance
Ryoichi	Hamasuna	University of Occupational and Environmental Health	Analysis of Bacterial Flora of the Urine Specimens from Male Patients with Urethritis by the Clone Library Method Based on the 16s Rrna Gene	P05.12	Antimicrobial resistance
Damon	Getman	Hologic	Prevalence and Anatomical Distribution of <i>Mycoplasma genitalium</i> Macrolide Resistance Markers from Subjects Enrolled in a Multi-center US Clinical Study	P05.13	Antimicrobial resistance
Bronwyn	Joubert	University of KwaZulu Natal	Minimum inhibitory concentrations of metronidazole and tinidazole against <i>Trichomonas vaginalis</i>	P05.14	Antimicrobial resistance
Valentina	Dona	University of Bern	Ureaplasma spp. Isolated from Genital Samples in Switzerland: Susceptibility Patterns, Resistance Genes, and Sequence Type Distribution	P05.15	Antimicrobial resistance
Hanneke	Borgdorff	Amsterdam Institute for Global Health and Development	Women of Dutch ethnic origin have lower prevalence of vaginal microbiome dysbiosis than women of other ethnic origin residing in Amsterdam.	P06.01	Genital microbiome
Hanneke	Borgdorff	Amsterdam Institute for Global Health and Development	Longitudinal cervicovaginal microbiome measurements of women before and after HIV-seroconversion	P06.02	Genital microbiome
Catriona	Bradshaw	Melbourne sexual health centre The Alfred Hospital	Increased G. vaginalis clade diversity is associated with penile vaginal sex and bacterial vaginosis	P06.03	Genital microbiome
Vicky	Jespers	Institute of Tropical Medicine	Gardnerella Vaginalis Presence in Vaginal Dysbiosis: A Secondary Analysis	P06.04	Genital microbiome
Jordan Karanja	Kyongo	Institute of Tropical Medicine - Antwerp	Dynamics of Vaginal Immune Correlates and Microbiota in Women from Sub-Saharan Africa	P06.05	Genital microbiome
Bing	Ma	Institute for Genome Science at University of Maryland	Azythromycin treatment for <i>Chlamydia trachomatis</i> is associated with vaginal microbiota lacking protective Lactobacillus spp.	P06.06	Genital microbiome
Jason	Bell	University of Michigan	The Effects of Contraception on The Vaginal Microbiota	P06.07	Genital microbiome
May	Beamer	Magee-Womens Research Institute	The Association between Free Glycogen in the Vaginal Fluid and Colonization by Lactobacilli	P06.08	Genital microbiome
Laura	Breshears	University of Minnesota	Lactobacillus Crispatus Inhibits Growth of Gardnerella Vaginalis and <i>Neisseria gonorrhoeae</i> on a Porcine Vaginal Mucosa Model	P06.09	Genital microbiome
Gilda	Tachedjian	Burnet Institute	Lactic Acid Dampens Inflammatory Responses Elicited by Microbial TLR Agonists from Vaginal and Cervical Epithelial Cells	P06.10	Genital microbiome
Jennifer	Balkus	Fred Hutchinson Cancer Research Center	The impact of periodic presumptive treatment for vaginal infections on the vaginal microbiome among women participating in the Preventing Vaginal Infections trial	P06.11	Genital microbiome
Melissa	Herbst-Kralovetz	University of Arizona	Human IL-36 Gamma as an Indicator of Vaginal Infection and Promoter of Mucosal Inflammation	P06.12	Genital microbiome
Shaun	Barnabas	University of Cape Town	Inflammatory cytokine biomarkers identify women with asymptomatic genital infections that increase the risk of HIV infection	P06.13	Genital microbiome
Cathy	Watson	University of Melbourne	The Effect Of Sexual Intercourse on Vaginal Colonisation of Candida	P06.14	Genital microbiome

First Name	Last Name	Organisation	Title of Presentation	Poster Number	Poster session title
Sepehr	Tabrizi	The Royal Women's Hospital	The Stability of the Vaginal Microbiome in Relation to New Sexual Experiences	P06.15	Genital microbiome
Sepehr	Tabrizi	The Royal Women's Hospital	<i>Mycoplasma genitalium</i> Testing Pattern and Infection Rates Over a Six Year Period in Melbourne, Australia	P07.01	STI/ HIV diagnosis
Sepehr	Tabrizi	The Royal Women's Hospital	Evaluation of the Hologic Transcription Mediated Amplification Assay for Detection of <i>Mycoplasma genitalium</i> from Urine Samples	P07.02	STI/ HIV diagnosis
David	Pearce	Atlas Genetics	Clinical Performance Evaluation of A New, Rapid Point-Of-Care System For Detecting <i>Chlamydia trachomatis</i>	P07.03	STI/HIV diagnosis
Louise	Causer	The Kirby Institute, UNSW Australia	New Molecular Point-Of-Care Test Improves Timeliness of Treatment for <i>Chlamydia trachomatis</i> (CT) and <i>Neisseria Gonorrhoea</i> (NG) in a Remote Aboriginal Health Clinic	P07.04	STI/HIV diagnosis
Sunil	Sethi	PGIMER	Utility of pooled urine samples for detection of <i>Chlamydia trachomatis</i> infection in asymptomatic pregnant women in northern India	P07.05	STI/HIV diagnosis
Ruth	Mackay	Brunel University London	A Low Cost, Hand-Held Point of Care Molecular Diagnostic Device for Sexually Transmitted Infections	P07.06	STI/HIV diagnosis
Elisa	Mokany	SpeeDx Pty Ltd	Multiplexing STI causing Pathogens using Mnzyme Qpcr: A Novel Real-Time Technology with a Superior Capacity for Multiplexing	P07.07	STI/HIV diagnosis
Daman	Saluja	Acbr University Of Delhi	Designing of Molecular Beacon Based Polymerase Chain Reaction Method as an Unconventional Low Cost Diagnostic Assay for Sexually Transmitted Diseases	P07.08	STI/HIV diagnosis
Lisa	Cosentino	Magee-Womens Research Institute	A Validation Study of the Cepheid Xpert CT/NG for Detecting <i>Chlamydia trachomatis</i> and <i>Neisseria gonorrhoeae</i> in Rectal Samples	P07.09	STI/HIV diagnosis
Daniel	Golparian	Ärebro University Hospital	Evaluation of the New BD MAX GC Real Time PCR Assay, Analytically and as a Supplementary rest to the BD ProbeTec GC Qx Amplified DNA Assay, for Molecular Selection of <i>Neisseria gonorrhoeae</i>	P07.10	STI/HIV diagnosis
Christiane	Honisch	Roche Molecular Systems	Whole Genome Sequencing Characterization of a Unique Neisseria strain Generating a Positive Result with the cobas® CT/NG Test	P07.11	STI/HIV diagnosis
Melanie	Bissessor	MSHC	Factors influencing the detection of <i>Neisseria gonorrhoeae</i> from the tonsils and posterior oropharynx	P07.12	STI/HIV diagnosis
Jeremy	Chow	University of California, Los Angeles	Detection of Treponema Pallidum DNA from Whole Blood and Earlobe Specimens in Patients from Two STI Clinics in Lima, Peru	P07.13	STI/HIV diagnosis
Jane	Nicholls	Bristol Sexual Health Centre	Aptima TV NAAT Performance in GUM Clinic and Primary Care in the UK	P07.14	STI/HIV diagnosis
Leyna	Chunaifa	FETP UGM	Reability and Validity on <i>Bacterial Vaginosis</i> (BV) Screening among Sexual Workers-Baturraden, Banyumas District, Central Java, Indonesia 2014	P07.15	STI/HIV diagnosis
Liselotte	Hardy	Institute of Tropical Medicine	The Importance of Atopobium Vaginae in <i>Bacterial Vaginosis</i> -Associated Biofilm	P07.16	STI/HIV diagnosis
Wei-Ming	Gu	Shanghai Dermatology Hospital	Changes of biomarkers in a MSM HIV infection indicate the requirements of both antigen and antibody tests for early diagnosis	P07.17	STI/HIV diagnosis

First Name	Last Name	Organisation	Title of Presentation	Poster Number	Poster session title
Max	Chernesky	McMaster University	Ease and Comfort of a Novel HerSwab Vaginal Self-sampling Device for the Detection of Sexually Transmitted Infections	P07.18	STI/HIV diagnosis
Celine	Langendorf	Epicentre	Added Value of a Novel Dual Treponemal/ Non-Treponemal Rapid Diagnostic Test For Syphilis among Pregnant Women	P07.19	STI/HIV diagnosis
Claire	Bristow	University of California Los Angeles	Field Evaluation of a Dual Rapid Diagnostic Test for HIV infection and Syphilis in Port-au-Prince, Haiti	P07.20	STI/HIV diagnosis
Claire	Bristow	University of California Los Angeles	Serum Cytokine Analysis among Patients with and Without Early Syphilis Infection	P07.21	STI/HIV diagnosis
John	Osiecki	Roche Molecular Systems	Performance Characteristics of an Automated Assay on the Cobas® 4800 System to Detect Herpes Simplex Virus from Genital Lesion Specimens with the Cobas® HSV 1 and 2 Test	P07.22	STI/HIV diagnosis
John	Osiecki	Roche Molecular Systems	Evaluation of the cobas® HSV 1 and 2 Test for the detection of HSV from clinician-collected anogenital lesion swab specimens compared with ELVIS® HSV ID and D ³ Typing Test and Sanger Sequencing	P07.23	STI/HIV diagnosis
John	Osiecki	Roche Molecular Systems	Predicted Inclusivity and Specificity of The Cobas® 4800 CT/NG Test Through Global Surveillance Monitoring	P07.24	STI/HIV diagnosis
John	Osiecki	Roche Molecular Systems	Comparison of cobas® HSV 1/2 Test, Quidel Lyra®, Direct HSV 1+2/VZV, BD ProbeTec™ HSV 1/2 Qx Assay and Sanger Sequencing Using Clinician-collected Anogenital Lesion Swabs	P07.25	STI/HIV diagnosis
Tania	Sadlon	SA Pathology	Evaluation of a Novel Transcription Mediated Amplification Assay for the Detection of Herpes Simplex Virus from Clinical Samples	P07.26	STI/HIV diagnosis
Terri	Warren	Westover Heights Clinic	Performance of HerpeSelect ELISA for diagnosis of HSV-1 and HSV-2 infection in a clinical setting	P07.27	STI/HIV diagnosis
Mary Louise	Kamb	Division of STD Prevention, CDC	Syphilis testing in antenatal care: policies and practices among laboratories in the Americas	P07.28	STI/HIV diagnosis
Michael	O'Reilly	HNE Health - Local Health District	Point of Care Testing (POCT) for HIV; can venipuncture be avoided for Syphilis?	P07.29	STI/HIV diagnosis
Xiaojun	Meng	Wuxi Municipal Center for Disease Control and Prevention	Impact of expanded screening on the detection of HIV and syphilis in Wuxi, China	P07.30	STI/HIV diagnosis
Stephen	Jordan	UAB Hospital	Characterizing CD4+ and CD8+ T-Cell Responses by Intracellular Cytokine Staining in Women with and without <i>Chlamydia trachomatis</i> Reinfection	P08.01	Chlamydia infections
Bronwyn	Joubert	University of KwaZulu Natal	<i>Chlamydia trachomatis</i> causes mitochondrial damage in keratinocytes	P08.02	Chlamydia infections
Prashant	Mishra	Bhaskaracharya College of Applied Sciences	ISSTDR Scholarship: Mining Genome of <i>Chlamydia trachomatis</i> to Identify Vaccine Candidates	P08.03	Chlamydia infections
Dorothy	Patton	University of Washington	Pathogenicity of plasmid positive and negative <i>Chlamydia trachomatis</i> in a macaque model of ocular and genital tract diseases	P08.04	Chlamydia infections
Dorothy	Patton	University of Washington	<i>Chlamydia trachomatis</i> and <i>Trichomonas vaginalis</i> co-infection in the macaque model	P08.05	Chlamydia infections

First Name	Last Name	Organisation	Title of Presentation	Poster Number	Poster session title
Jacques	Ravel	University of Maryland School of Medicine, Insitute for Genome Sciences	Lactic Acid Isomers Differentially Reduce <i>Chlamydia trachomatis</i> Infection in a Ph Dependent Manner	P08.06	Chlamydia infections
Yvonne	Sweeney	University of Washington	<i>Chlamydia trachomatis</i> cervical infection / rectal detection in the macaque model	P08.07	Chlamydia infections
Yvonne	Sweeney	University of Washington	Expanding the macaque model of <i>Trichomonas vaginalis</i> infection	P08.08	Chlamydia infections
Joanne	Reekie	The Kirby Institute, UNSW Australia	Trends in chlamydia and gonorrhoea testing and positivity in Western Australian women, 1998-2013	P08.09	Chlamydia infections
Antoinette	Righarts	Dunedin School of Medicine	<i>Chlamydia trachomatis</i> Infection in Samoan Women: Prevalence and Risk Factors	P08.10	Chlamydia infections
Antoinette	Righarts	Dunedin School of Medicine	<i>Chlamydia trachomatis</i> incidence from self-reports and serology by age-period, sex and partner numbers in a birth cohort	P08.11	Chlamydia infections
Sarah	Woodhall	Public Health England	Insights into <i>Chlamydia trachomatis</i> cumulative incidence in the context of widespread opportunistic chlamydia screening in England: Seroprevalence study using sera from a nationally-representative household survey	P08.12	Chlamydia infections
Sarah	Woodhall	Public Health England	What can probability surveys tell us about changes in chlamydia prevalence in Britain? Evidence from the National Surveys of Sexual Attitudes and Lifestyles (Natsal)	P08.13	Chlamydia infections
Helena	Klepetkova	National Institute for Public Health	Lymphogranuloma Venereum in The Czech Republic	P08.14	Chlamydia infections
Ruth	Verbrugge	Scientific Institute of Public Health	Increasing number of lymphogranuloma venereum cases in Belgium: overview 2011-2014	P08.15	Chlamydia infections
Ruth	Verbrugge	Scientific Institute of Public Health	Risk profile of patients diagnosed with a sexually transmitted infection (STI) : a comparison of patients consulting general practices (GP) and specialised sexual health clinics (SHC) in Belgium, 2013	P08.16	Chlamydia infections
William	Geisler	University of Alabama at Birmingham	Influence of <i>Chlamydia trachomatis</i> Organism Load on Reinfection Risk	P08.17	Chlamydia infections
Jane	Goller	University of Melbourne	Regional Variation in Emergency Department Presentation Rates of Chlamydia Related Morbidity in Four States of Australia	P08.18	Chlamydia infections
Jane	Goller	University of Melbourne	Risk of Pelvic Inflammatory Disease from Chlamydia and Gonorrhoea among Australian Sexual Health Clinic Attendees	P08.19	Chlamydia infections
Jane	Goller	University of Melbourne	Pathogen Negative Pelvic Inflammatory Disease: Is it PID?	P08.20	Chlamydia infections
Nicola	Low	Institute of Social and Preventive Medicine, University of Bern	Sex and Pelvic Inflammatory Disease: What's The Relationship? Case-Control Study	P08.21	Chlamydia infections
Nicola	Low	Institute of Social and Preventive Medicine, University of Bern	How High is High Risk? Sexual Behaviour and Chlamydia Infections in Women Attending Genitourinary Medicine Clinics	P08.22	Chlamydia infections
Shruti	Menon	Queensland University of Technology	Sero-Epidemiological Assessment Indicates High Prevalence of <i>C. trachomatis</i> in Samoan Women with Infertility	P08.23	Chlamydia infections

First Name	Last Name	Organisation	Title of Presentation	Poster Number	Poster session title
Malcolm	Price	University of Birmingham	Alternative Evidence Sources Present A Consistent Picture of the Population Excess Fraction (PEF) of Pelvic Inflammatory Disease Caused by <i>Chlamydia trachomatis</i> Infection in England.	P08.24	Chlamydia infections
Rachel	Gorwitz	U.S. Centers for Disease Control and Prevention	Tubal factor infertility (TFI) epidemiology in infertility clinic patients	P08.25	Chlamydia infections
Rebecca	Lorch	The Kirby Institute	The impact of education on Australian practice nurses' knowledge and attitudes in relation to chlamydia testing: findings from the Australian Chlamydia Control Effectiveness Pilot (ACCEPT)	P08.26	Chlamydia infections
Alannah	Priddle	The Pharmacy Guild of Australia, Queensland Branch	Results of a 2014 QLD trial of pharmacy accessed testing for <i>Chlamydia trachomatis</i> via retail self-test uri swab postal specimen kits	P08.27	Chlamydia infections
