About Equine Veterinarians Australia

Equine Veterinarians Australia (EVA) is a special interest group of the Australian Veterinary Association (AVA) and the premier provider of continuing professional development for equine veterinarians in Australia. EVA maintains strong links with both equine organisations and horse owners. An important role for EVA is providing advice and information to the people who care for horses to ensure that Australian horses enjoy the best possible health and welfare. With an emphasis on providing the support members need to remain at the forefront of equine veterinary medicine, EVA also represents the interests of members to governments and equine industry groups. You must be a member of the AVA to join, and you can add EVA to your membership online.

You can contact EVA on 02 9431 5080 or at admin@eva.org.au. For more information, or to become a member of EVA, visit www.ava.com.au/equine/about-us

About the Bain Fallon Memorial Lectures

The Bain Fallon Memorial Lectures continues to be the biggest week of equine veterinary continuing education in the Southern Hemisphere, attracting over 230 delegates in 2018.

Featuring concurrent streams of practical clinical sessions, the Bain Fallon Memorial Lectures offers delegates the opportunity to participate in world-class lectures and thought-provoking discussions.

The event features an industry exhibition comprising of over 50 exhibitors. It continues to be a sell-out trade show year-upon-year, in addition to offering popular practical workshops and sponsored breakfasts.

The social events are a highlight of the conference, and provide perfect networking opportunities with peers, suppliers and fellow industry professionals.

In 2019, EVA is proud to present a pre-conference ophthalmology wetlab, presented by Professor Brian Gilger.

Follow EVA and Bain Fallon on social media!

GET INVOLVED – SUBMIT A CLINICAL PAPER OR POSTER!

One of the highlights of the Bain Fallon Memorial Lectures each year is the Clinical Papers sessions – this year taking place on the Monday afternoon. EVA invites members and non-members to submit a clinical or research paper to present at the combined ANZCVS/EVA abstract session. There are a number of prestigious awards and prizes to be won for submissions of papers and posters.

For more information regarding the 2019 Bain Fallon Memorial Lectures, please contact the AVA events team – events@ava.com.au or check the website for up-to-date information.

TROY

Animal
Healthcare

A supplier of high quality veterinary products to the Australian market for over 60 years

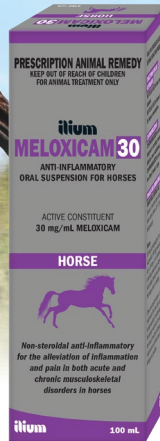

Focused on delivering affordable animal healthcare solutions and engaging in meaningful collaboration.

Ilium Sulprim Paste

Oral Antibiotic Paste

- For the treatment of infections in horses due to organisms susceptible to the combination of sulfadimidine and trimethoprim
- Convenient accurate dosage, oral syringe application
- Caramel flavoured readily accepted by the horse
- No mess or added water required
- No sticky molasses
- Cost effective

Ilium Meloxicam 30 & 12

Anti-inflammatory Oral Suspension

- Registered for use in foals less than 6 weeks of age
- Safe and effective
- Patented treatment in neonate foals with Ilium Meloxicam 12
- Oral presentation increasing owner compliance
- Exceptional formulation stability

Ilium Sedaquin Gel

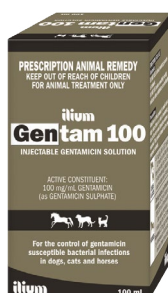

Oral tranquilliser

- Orally administered relaxant – sedative for horses
- Triple strength, active 35 mg/mL Acepromazine maleate (ACP)
- Low volume formulation
- Easy dial-a-dose syringe applicator
- Slight sedation 2 – 3 mL for a 450 – 500 kg horse
- Moderate/heavy sedation 4 – 7 mL for a 450 – 500 kg horse

Also Available

Ilium Guaiphenesin

Ilium Gentam-100

Empowering a higher standard of care

A pragmatic approach to harnessing technology and managing the unique demands of equine practice.

Equine medicine is an environment where you are dealing with a range of personalities. Everyone from the passionate animal lover with a couple of hobby horses, through to trainers and performance managers whose professional livelihood rests on delivering the best possible performance from a patient who has been bred for purpose.

In this environment results matter, and as an equine veterinarian you are measured on your ability to make informed, evidence-based decisions which support timely and efficient action in managing the patients' health and performance.

Here we explore a few questions which aim to address how contemporary approaches to diagnostics can help you meet the demands of equine practice and elevate the standard of care available.

1. Are you assessing band neutrophils?

There are many important indicators of inflammation but the ability to detect a left shift supports a timely and accurate assessment of your patient's condition. Only the latest

in-clinic haematology analysers offer the technology that enables you to understand if bands are present in minutes.

2. Do you know the difference between wet & dry chemistry analysis?

Patented dry chemistry technologies are available which filter out sample impurities such as icterus, haemolysis and lipaemia to deliver reliable and accurate diagnostics in-house.

3. Can you visualise serial bloodwork in a simple way?

Cloud based viewing portals are all the rage and diagnostic service providers are increasingly getting more sophisticated with how results can be viewed, trended and shared. Seeing serial blood results in one view will enhance your ability to see critical changes and monitor patient status. It's a must in the modern age of medicine.

4. Are you offering a flexible service which tailors the workup to the client's needs?

Instrumentation and service providers should offer a flexible solution to

support a cost effective and targeted approach. Again, a review of the options available, suggests that you can invest in solutions which offer you the ability to run full profiles or be more selective when focusing on muscle enzymes, liver panels, or the ongoing assessment of inflammatory markers in very cost effective ways.

5. Does your diagnostic service provider have a proven track record for quality?

As a leader in the research and development of veterinary diagnostics and recognition the world over as the leader in their field, IDEXX Laboratories is a stand out performer. Testament to this was their selection as the diagnostic partner for the 2012 and 2016 Olympic games.

To find out how IDEXX Laboratories could help you, please contact **1300 44 33 99** or via e-mail at **IDEXX-ANZ-Sales@idexx.com**

IDEXX

The Complete Diagnostic Solution™

RACV Royal Pines, Ross Street, Benowa 4217, QLD

07 5597 8700 | www.racv.com.au/royalpines

RACV Royal Pines Resort is the perfect destination for experiencing the best of the Gold Coast. Surrounded by manicured gardens and a championship golf course, this 100-hectare resort is perfectly positioned just a short distance from the white sandy beaches of Surfers Paradise and the lush beauty of the Gold Coast Hinterland.

Accommodation offers available for delegates

A link to book will be included in your registration confirmation email or visit <https://www.ava.com.au/bain-fallon-venue> to book.

EVA Young Members who register for the full Lecture & Social Package have the opportunity to receive our special shared accommodation offer - a \$200 flat rate for the entire week, Sunday 21 -26 July! Register your interest when you complete your online registration. Offer is strictly limited.

Keynote speakers

**Professor Brian
Gilger (USA)**

Professor Brian Gilger received his veterinary degree from The Ohio State University in Columbus, Ohio. Dr. Gilger joined the faculty at North Carolina State University in 1995 and is now a Professor of Ophthalmology at NC State University. He is board certified in Veterinary Ophthalmology by the American Board of Toxicology. Dr Gilger has been President of the American College of Veterinary Ophthalmologists, President of the International Equine Ophthalmology Consortium, Chair of the Association for Research in Vision and Ophthalmology (ARVO) Animals in Research Committee and is a Fellow of ARVO. A number of recent achievements include: Distinguished Alumnus of the Ohio State University College of Veterinary Medicine (2017), and Huffmann Leadership Award by North Carolina State University and the AVMA Clinical Research Award (2018).

Sessions include:

- How to improve your ophthalmic exams and diagnostic tests in horses
- Periocular Neoplasia - diagnosis and treatment in the 21st century
- Advanced surgical interventions in the equine eye

**Professor Stephen
White (USA)**

Professor White is Professor and Chief of Service, Dermatology at the School of Veterinary Medicine at University of California, Davis. Having completed his internship and graduating from University of California, Davis, Professor White has worked as a veterinary dermatologist for 3 decades, becoming a Diplomate of the American College of Veterinary Dermatology in 1983. He has held faculty positions at Tufts University School of Veterinary Medicine and Colorado State University College of Veterinary Medicine and Biomedical Sciences, before joining the School of Veterinary Medicine at University of California at Davis as a full Professor in 1998. He has also been staff dermatologist at SPCA Angell Memorial Animal Hospital in Boston, twice a sabbatical professor at the Ecole National Vétérinaire de Nantes, France, and a Clinical Teaching Locum at the Atlantic Veterinary College on Prince Edward Island, Canada.

Sessions include:

- Working up the pruritic horse
- Auto-immune skin diseases
- Photosensitivity and pigment disorders

**Dr Paul Robinson
(Aus)**

Dr Paul Robinson qualified as a veterinarian in 1999 from the University of Queensland. After working as a junior equine vet in South Australia, he then completed a 3-year residency training program at Michigan State University and became a specialist in Equine Surgery in 2007 after passing the American College of Veterinary Surgeons board examination. His professional interests include soft tissue and orthopaedic surgery and the use of low-field MRI in horses. Paul has published a number of journal articles and spoken at international veterinary meetings in the USA, Australia and Hong Kong. Paul is transitioning into the role of Head of Veterinary Clinical Services at the Hong Kong Jockey Club where he has worked for the last 6 years.

Sessions include:

- Diagnostic imaging of horses with bone stress injuries
- Case selection for fracture repair in the standing sedated horse
- Diagnosis and management of suspensory ligament desmitis

Bain Fallon Memorial Lectures Pascoe Oration

11:45am - 12:45pm Tuesday 23 July 2019

Dr Susan Beetson, WA BSc (Hons), BVMS, PhD

Dr Susan Beetson graduated from Murdoch University after which she completed an internship in small animal medicine and surgery at Murdoch and was employed as a resident in Clinical Pathology for two years. In 1985, she completed an Honours degree in clinical biochemistry and nutrition and in 1994 gained a PhD also in clinical biochemistry. She currently runs an in-practice clinpath consultancy service based in WA and consults throughout Australia. Sue is also an adjunct associate professor at Murdoch University Veterinary School and has lectured and consulted throughout the country on clinical pathology and diagnostic pathology in geriatric horses.

Clinical Paper Sessions

EVA invites members and non-members to submit a clinical or research paper to present at the combined Australian and New Zealand College of Veterinary Scientists (ANZCVS)/Equine Veterinarians Association (EVA) abstract session. There are a number of prestigious awards and prizes to be won for submissions. The abstracts can be recent research, clinical projects or, alternatively, a case series or report involving any aspect of equine veterinary science. The purpose of the clinical papers is to inform attendees of clinical research or case experience that they can use in their own practices for the benefit of clients and their horses. Submitted abstracts will be peer-reviewed by a panel appointed by both the EVA Executive Officer and the office bearers of the equine chapter of the ANZCVS. If accepted, the author will be invited to present at RACV Royal Pines, Gold Coast on Monday 22 July 2019.

For more information:

<https://www.ava.com.au/bain-fallon-clinical>

[ava.com.au/bain-fallon-awards](http://www.ava.com.au/bain-fallon-awards)

Abstracts submission date is Friday 26 April 2019.

Ophthalmology Wetlab

7 VetEd Points

Gold Coast Equine Clinic on Sunday 21 July, 9.00am - 5.00pm

EVA Members: \$985

AVA Members: \$1,478

Non-Members: \$1,970

Price includes GST

Morning tea, lunch and afternoon tea included

Bring your own ophthalmoscope

Brian Gilger,
Professor of Ophthalmology
at North Carolina State University

Lecture:

- review of eyelid blocks
- retrobulbar block
- aqueocentesis
- vitreous injection
- subpalpebral lavage catheter placement.
- common surgical procedures, such as eyelid repair and enucleation will be reviewed.

Wetlab:

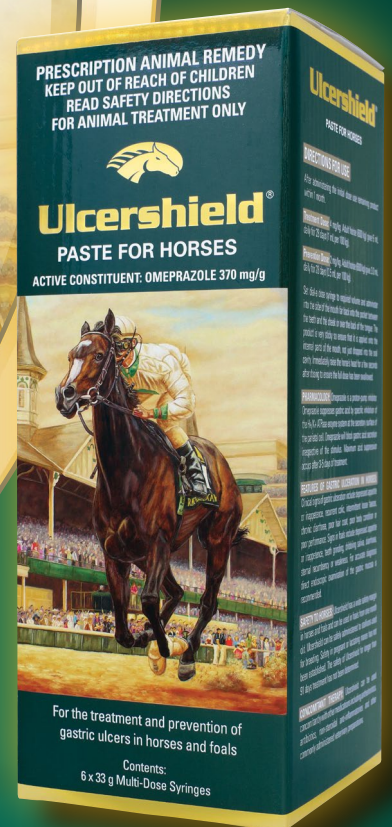

Attendees will refresh and review examination of the eye and related structures.

A demonstration of common eye examination techniques; stains, fundic exam, mydriasis and a direct/indirect method, will be given with ample time for each attendee to complete an exam under supervision.

Techniques for useful nerve blocks to facilitate ophthalmic procedures will be demonstrated. Attendees will practice nerve blocks on live horses and cadaver specimens. Placement of a subpalpebral lavage system will be demonstrated and attendees will have the opportunity to practice placement of an SPL on a live horse, cadaver specimen or simulation model. Discussion of topics and cases while working through the station will be possible as time permits.

Social Events

Sunday 21 July

Welcome Drinks & Exhibition Opening

Exhibition Hall, 6.30pm–7.30pm

Mix and mingle with your peers and industry friends at the Bain Fallon trade exhibition and opening night!

Sunday Night Equine & Dine RANDLAB

Hydrate Bar, RACV Royal Pines Resort Sunday 21 July, 7.30pm-10.00pm

Opening night continues with more festivities at the Hydrate Bar, RACV Royal Pines Resort.

Kindly sponsored by Randlab.

Available only for registered veterinary delegates only.
Please note, not a sit down dinner.

Monday 22 July

Happy hour & clinical posters

Exhibition Hall, 5.30pm–6.30pm

Enjoy a drink or two with your colleagues in the industry exhibition and start gathering stamps on your exhibition passport. Great prizes to be won!

For those delegates presenting a poster, please attend your poster station and be available to present to the judges.

Industry evening

Exhibition Hall 6.30pm–8.30pm

A grand tradition of Bain Fallon is the Industry Evening in the Exhibition Hall.

Industry Evening is kindly sponsored by Radincon.

Tuesday 23 July

Tuesday night casual dinner sponsored by CEVA at Miami Marketta

Together, beyond animal health

Tuesday 23 July, 7.00pm–11.00pm

Buses depart RACV Royal Pines at 7.00pm sharp

Imagine walking the back streets of Thailand, Barcelona or New York City... Step into an exotic street food scene for the Tuesday night casual dinner at Miami Marketta,

Kindly sponsored by CEVA.

Wednesday 24 July

Happy hour

Exhibition Hall 5.30pm–6.30pm

Enjoy a cold a drink with delegates and new friends after an immersive day of Bain Fallon.

EVA Young Members Dinner

Cicchetti, Isle of Capri, 7.00pm-11.00pm

Water Taxis depart RACV Royal Pines 7.00pm sharp

Make your getaway by water taxi to the Isle of Capri for an Italian feast at Cicchetti*.

Kindly sponsored by 4CYTE.*open to EVA Young Members only.

Thursday 25 July

Trot up charity fun run

Thursday 25 July, 7.00am

Onsite at the RACV Golf Course. Join us for a morning run to raise funds for the AVA Benevolent Fund. A cause to help Veterinarians and their families in times of need. Bring a cash donation.

Bain Fallon golf afternoon

RACV Royal Pines Resort Golf Course
Thursday 25 July, 1:00pm-5:30pm

Meet at Tees' Club House at 1:00pm. Lunch provided. Green fees and club hire costs applicable.

The 41st Bain Fallon Memorial Lectures Gala Dinner: Bain Fallon Royale, RACV Royal Pines Resort

Thursday 25 July 7.00pm–Midnight “The name’s Bond. James Bond”

Join delegates and industry friends at the Bain Fallon Royale to celebrate the conclusion of another successful year. Come dressed in your best for a night of awards and dazzling entertainment!

Lecture and Social packages

Lecture and Social package

Package Includes:

- Access to the full Bain Fallon Conference lecture program
- Conference show bag containing conference materials
- Morning tea, lunch and afternoon tea for the four day program
- Sunday night welcome exhibition opening
- Sunday night Equine and Dine sponsored by Randlab
- Monday and Wednesday night Happy Hours
- Tuesday Night Casual Dinner Sponsored by CEVA
- Gala Dinner

Lecture Only Package

Package Includes:

- Access to the full Bain Fallon Conference lecture program
- Conference show bag containing conference materials
- Morning tea, lunch and afternoon tea for the four day program
- Sunday night welcome exhibition opening
- Sunday night Equine and Dine sponsored by Randlab

The Lecture Only Package does not include tickets to Tuesday Night Casual Dinner Sponsored by CEVA to the Casual Dinner or the Gala Dinner.

Day Registration

Package Includes:

- Access to the Bain Fallon Conference lecture program on the day of your choice
- Conference show bag containing conference materials
- Morning tea, lunch and afternoon tea on the day
- Sunday night welcome exhibition opening
- Sunday night Equine and Dine sponsored by Randlab
- Monday or Wednesday night Happy Hours (if in attendance on that day)

The Day Registration package does not include tickets to the Tuesday Night Casual Dinner Sponsored by CEVA or the Gala Dinner. Tickets for these can be purchased/ booked separately during online registration.

Practice Registration

This package allows the Bain Fallon Conference pass to be transferred between up to four EVA / AVA Members from the same practice (limited to one attendee per day).

Package includes:

- Access to the full Bain Fallon Conference lecture program
- Conference show bag containing conference materials
- Morning tea, lunch and afternoon tea for the five day program Sunday night welcome Monday and Wednesday night Happy Hours
- Sunday night Equine and Dine sponsored by Randlab

The Practice Registration package does not include tickets to the Tuesday Night Casual Dinner Sponsored by CEVA or the Gala Dinner. Tickets for these can be purchased/booked separately during online registration.

the joint health experts

4CYTE™
horse

EPIITALIS®
FORTE

4CYTE™ Equine granules containing Epiitalis® and a full complement of marine derived actives.

4CYTE E 700 700g

4CYTE E P 3.5kg

Epiitalis® Forte is a gel formulation for joint and cartilage matrix support in horses.

4CYTE E GEL 250mL

4CYTE G1 1L

Epiitalis® is patented to:

- Proliferate chondrocyte cells which actively 'tips the balance' back in favour of the production of healthy cartilage instead of degeneration
- Suppress the inflammatory chemicals responsible for poor joint function and inflammation

4CYTE™, containing Epiitalis®, is scientifically developed to address the clinical signs of joint health and modify the process by reversing or repairing the pathological process that occurs in diseased joints.

The Joint Health Opportunity

4CYTE™ have created a resource booklet designed to educate and provide greater insight into the opportunities within the joint health market so you can better understand what 4CYTE™ Equine & Epiitalis® Forte have to offer and how you can benefit from this.

We are so confident that 4CYTE™ will work for you & your clients we offer a formal guarantee:

Should yourself or your client be dissatisfied with the product or don't see results within 30 days, we will refund your money*.

For more information about the 4CYTE™ Equine range, visit the Provet Stand or visit www.provet.com.au

*Conditions apply regarding correct usage of product.
