INTRODUCTION TO AGRICULTURE PRODUCTION BOOT CAMP

A 5-DAY IMMERSIVE, HANDS-ON INTRODUCTORY EVENT TWICE A YEAR:
JANUARY & SEPTEMBER

COLLEGE STATION, TX

Developed for those with limited agriculture experience, this event will provide participants with knowledge of essential agricultural production concepts and prepare them to create an agriculture business plan.

Participants can expect education on topics such as basics of livestock production, farm safety, equipment selection, and natural resource management, as well as farm tours in several production areas.
