JLL Award for Best Sustainable Development - Existing Buildings

Award Criteria

This award recognises and rewards innovation and encourages the demonstrated application of sustainability practices that reduce an existing building's eco footprint.

Eligible entrants are existing developments which are less than 5 years old (or have been occupied for three years since refurbishment) which have a minimum of 12 months of operating data as at 31 December 2014 to demonstrate performance against criteria.

The award is open to members of the Property Council of Australia only and who have not won the award previously.

Innovation in your responses should be clearly expressed.

Judging Criteria

1 PROJECT VISION AND MANAGEMENT – 10% WEIGHTING

Explain the ways in which the asset demonstrates it has met key eco-efficiency targets that include superior performance in the following categories:

- Energy/greenhouse
- Water
- Waste
- Indoor environmental quality.

Include the building's NABERS rating in your response.

2 PROJECT VISION AND INNOVATION – 10% WEIGHTING

Describe, using specific examples, the ways in which the asset displays innovation in the attainment of true eco efficiency targets. This should be described as a point of difference.

3 CORPORATE AND SOCIAL RESPONSIBILITY – 10% WEIGHTING

Describe how the asset demonstrates tangible economic, environmental and social dividends.

4 ECONOMIC & FINANCIAL FACTORS – 20% WEIGHTING

Explain how the asset demonstrates the ability to produce financial outcomes that met or exceeded the project's planned objectives.

5 QUALITY OF DESIGN AND FINISH – 10% WEIGHTING

Describe how the asset exhibits a high quality of architectural design; is compatible with surrounding land uses; and contributed to the success of the project (e.g. site constraints, unique design solutions, and project cost constraints).
