

Dear PSBA Members,

The Pennsylvania School Bus Association takes pride in promoting school bus safety around our state. We work together with school bus contractors, state legislators and federal agencies to make sure that safety is the number one priority in the school bus transportation community. The PSBA is excited to provide you with materials to use in your own neighborhoods and communities to promote safety on the school bus. This School Bus Safety Activity & Coloring Book can be used at Kindergarten Registration, Back to School nights, community events, school activities and many other events. We encourage you to add the name of your company to the front page before printing to introduce yourself to new families and as a reminder to families who have been riding your school buses for generations.

Also throughout the coloring book are opportunities to add your company name to the school bus images as demonstrated below. We hope this activity book covers multiple safety rules that are important to stress to our students and that you find them useful as a tool to integrate within your company.
