HOW DO WE GIVE OUR PARTNERS A VOICE?

The VOICE Project has four phases:

Phase I: Preceptorship at VIDC with CHE exam follow-up (1 week)

Phase II: Monthly 2 day CPCs at remote community site, with 50% VIDC and 50% local staff (1 year)

Phase III: Weekly HCV clinics with local staff at remote community site with weekly-monthly communication with VIDC (1 year)

Phase IV: Long-term observational cohort study (indefinite)
