

## Annual Meetings 2021 Hotel Contact Sheet

On 11:59 on October 21, 2021 the Annual Meetings hotel reservation system will be closed. AAR & SBL will compile the current booking lists and send them to the individual hotel properties, who will then upload them into their system.

Please note, the hotels need time to upload the housing lists into their system. This process usually takes 7-10 days. Please do not contact them until you see their information below, because they will not have your information in their system.
