.....

 THE
MEETING
PLANNERS

MeetInCPH is a new international B2B workshop in Denmark, where both the meeting and travel industry will be present. For the first time, we will be bringing together professional meeting planners, buyers, tour operators, event organizers, business travel agencies, the incoming industry, as well as a large number of Danish and international suppliers, such as hotels, venues, airlines, car rental companies, tech providers and more.

MeetInCPH will be an annual workshop, where we will be focusing on quality meetings between customers and suppliers, as well as the opportunity to bring together the entire industry - all while using the opportunity to engage in status meetings and close agreements with existing customers and partners.

MeetInCPH is a workshop in Copenhagen although it targets the entire Nordic region.

MeetInCPH will take place in Tivoli Gardens - which forms the ideal setting for play, inspiration, and business.

Our focus is first and foremost business, relationship building and maintaining and then of course a great ROI.

Welcome to MeetInCPH!
