Participant Expectations

The State Leadership Conference Staff wants you to have the best possible experience at the conference. Much of your experience at the conference depends on you. Let's keep everyone safe physically, emotionally and culturally. Please abide by these simple guidelines:

1. My actions and attitudes will reflect positively on my club, my county and myself.
2. I understand that the rules of the conference are designed for the well-being of all and I will abide by them.
3. If I see someone breaking rules of the conference or the 4-H Code of Conduct I will report it. If I do not report it, I know that I am now breaking the Code of Conduct myself.
4. I commit to being an active participant in all activities.
5. I understand that I can only get out of the conference what I put into it and I commit to make the most of my opportunities.
6. I will meet friends new and old, learn new things that will help me be a better leader and role model in my community and I will have a good time!
