[select all](#) [unselect all](#) Quickrate: [selected](#) / [all](#) Print: [selected](#) / [all](#) Download: [selected](#) / [all](#)

Entries: 1 - 2 / 2 on 1 pages Results per page: 50

### 3. You have two options to review

- a. Review and rate abstracts one by one in the online system
- b. Download and/or print the abstracts, review them 'on paper' and add your ratings later online by using the Quickrate function.

Type:		Peer Review Abstract
Publication presentation preference:		Oral only

[Rate](#)

- ⇒ Click on 'Rate' to the right side of the abstract you would like to rate (see blue circle in above image)
- ⇒ You will see the complete abstract followed by the rating catalogue underneath. Authors will not be shown as the WCDEM rating is done anonymously
- ⇒ Rate the respective abstract and click on 'save and next' at the bottom of the page to continue to the next abstract
- ⇒ You can always stop rating by clicking on 'Back to overview' at the top of the page and log back in at a later time to complete your ratings
- ⇒ The system will keep track of the abstracts you still have to rate, the abstracts you have already rated, as well as the abstracts that you indicated to have a conflict of interest (see the three tabs 'To rate', 'Already rated', 'Conflict of interest')
