**KACT, WCO Headquarters, Brussels, Belgium
June, 22 – 24, 2015**

Harmonized System – General Interpretative Rules

Case studies

Facilitator: Izaak Wind

Case studies

You have been asked to provide classification advice on a blackberry.

What are the steps to make?

What information do you need?

What would be your classification advice?

Case studies

Is the following statement correct or incorrect?

‘Goods coated or covered with other material are always classified by application of GIR 1.’

WORLD CUSTOMS ORGANIZATION
ORGANISATION MONDIALE DES DOUANES

Case studies

Is the actual use of a good determining its classification?

Case studies

Is it possible to use Rule 2 (a) with a view to classifying **unassembled watch movements** in heading 91.08?

Please explain.
