35EPS EasyChair Abstract Submission Guidelines

- Participants need to register separately with EasyChair for submitting an abstract using the abstract submission link: <https://easychair.org/conferences/?conf=35eps>
 - For additional information on how to submit an abstract, please see the tutorial that follows.
- All abstracts must only be written in English.
- Abstracts should only be submitted through the conference EasyChair submission link only. No other forms of submissions are accepted.
- All accepted abstracts will be published in the conference booklet.
- Organising committee will discard submitted abstracts from the participants who are not officially registered to attend the conference. Participants must register to attend the conference. Further details on conference registration can be found at the following link:

35EPS EasyChair Abstract Submission Tutorial

4. Once the information has been submitted, an email will be sent to the provided email address. If you do not receive the confirmation email, please read the following list for possible reasons.

Account Application Received

We received your application. A mail with further instructions has been sent to the email address timmonsp@tcd.ie.

If You Do not Receive the Instructions

If you do not receive our mail with instruction on how to create an account, please read the following information.

Our mail server normally sends all mail within a few seconds. The following is an incomplete list of possible reasons for the problem.

Incorrectly typed email address

This is still the most likely cause of delays.

Slow mail processing

Some mail servers process mail for a long time. For example, your mail server may spend a lot of time checking incoming mail for spam.

"Reply-me" mail protection.

Some mailers, when receiving a mail from an unknown sender, ask the sender to send a mail with specific content to ensure that it has been sent by a human. Account-related emails in EasyChair are sent by a computer program, so if your email address uses such a protection, you will never get our mail. If you have such a protection and it is configurable, configure it to accept mail from the domain easychair.org.

Mail box problems and quotas

Some mail sent by EasyChair bounces back because the mail box of the receiver is over quota.

Anti-spam filters

It is possible that your spam filters will classify our mail as spam. Please check your spam mail boxes.

General connection problems

There might be general connection problems, for example your mail server may be unreachable for a long time.

Unfortunately, we have no resources to cope with all possible kinds of mail server (mis)behavior. If you believe you have a problem related to your mail server and want to solve it quickly, try to get and use an email address from one of major mail hosts, such as a Google Mail, Yahoo Mail, or Hotmail. You will be able to change your email address in EasyChair or have multiple email addresses associated with your account later.

You can repeat your application at any time. Another email will be sent to you.

5. Confirm your registration by clicking the link provided in the EasyChair account confirmation email. You will then need to provide additional personal details, choose a username and password, and agree to the EasyChair Terms of Service. Ensure you complete the registration within 30 minutes.

By clicking the “Create my account” button you will complete the registration process and you will then be able to login to your EasyChair account with your username and password.
