

## Opening Keynote

**Patti Digh**

**Love, Live, Let Go, and Make a Difference:  
Four Practices for Transforming Your Life  
and Work**

**Thursday, 7:30pm – 8:30pm**

Both in your personal life and as an educator, you have immense capacity to make a difference with your life. Are you tapping into that creative, brave, generous energy? In this keynote address, Patti will outline four practices for transformation: Loving Well, Living Fully, Letting Go Deeply, and Making a Difference. Her stories and truths will help you reimagine your role as an educator – and as a person.

*Patti Digh is the author of eight books, including a Fortune magazine best business book for the year 2000 (Global Literacies), one of five finalists for the prestigious "Books for a Better Life Award" in 2008 (Life is a Verb), and finalists for the Southern Independent Booksellers' Association "Book of the Year" award in both 2008 and 2010 for Life is a Verb and Creative is a Verb. Patti is a Southern-born master storyteller whose stories are full of humor, poignancy, surprise, pain, and knowing. Her award-winning blog, 37days.com, brings together readers from ages 12 through 95 across the globe.*

## Friday Keynote

**Dr. Rebecca Isbell**

**Author, Speaker, Consultant**

**Putting the Pieces Back Together: Nurturing  
the Whole Child and the Creative Thinker**

**Friday, 8:30am – 10:00am**

Today's headlines scream that creativity is declining in the United States. This is happening as we are focusing on the separate parts of the young child: learning, language, social, emotional, and physical development. Although each domain is important, it is time to put the pieces back together and recognize that young children develop holistically while participating in integrated experiences. Discover how the skills needed in the 21st Century can be supported in young children. Gain insight into ways to design a classroom for young children that will inspire their learning in holistic ways while encouraging creative thinkers.

**Getting to the Core of Literacy: "Speaking", "Reading",  
and "Writing"**

**Friday, 1:30pm – 3:00pm**

Common Core has provided renewed attention to ensuring children are participating in meaningful literacy experiences. Investigate how young children develop language and express their thinking in both speaking and writing. Discover how to encourage positive interest in books and reading that can also support the comprehension of the story. Collect many ideas, books, and experiences that can be used in your classroom to nurture literacy.

*Dr. Rebecca Isbell is a professor and consultant in early childhood education. She served as Director of the Center of Excellence in Early Childhood Learning at East Tennessee State University, Johnson City, TN where she was honored as a "Distinguished Teacher". Isbell has been a director of a lab school, teacher of young children, supervisor of early childhood students, and team leader. She is the author of twelve books and numerous articles related to: environments, play, literacy, creativity, music, and child development. Dr. Isbell has presented keynotes and professional development throughout the United States and internationally including Denmark, Singapore, Beijing, and Canada. ## Closing Keynote

**Gigi Schweikert**

**Author, Speaker, Mother**

**The Power of One Positive Person**

**Saturday, 3:00pm – 4:30pm**

Have you ever thought about the incredible power you have to make a positive difference in the lives of those around you? The positive choices you make each day, the ways in which you help others, and even your smile can change the course of a day, and in some situations, the course of a life. Join us for this informational and humorous keynote session that will renew your spirit and affirm your commitment to working with young children and their families. One positive person does make a difference. Is that positive person you? It can be.

**"Good Enough Never Is": The Benefits of Challenge and Change**  
**Saturday, 10:00am – 11:30am**

Are you open to change? Most of us say we are, but the reality is, even good change can be hard. Think about it, we like our routine and the comfort of knowing what to expect. Most of us aren't really willing to even sit in another section of the movie theater. Join us for this humorous keynote full of practical ways to "do things a little differently." Let's develop more positive relationships with parents, provide better customer service, and just do things better. Laugh, and learn that even change can be fun and rewarding.

*With 18 published books, in three languages, and 30 years of experience, Gigi Schweikert is an international thought leader in the early years. Her best-selling book series, Winning Ways for Early Childhood Professionals, has changed the field through innovative ideas about leadership, child development, and professionalism.*

*Gigi is a contributor to Child Care Information Exchange, former Director of the United Nations Child Care Centre in NYC, consultant to Fortune 100 companies on workplace child care, and COO of Lightbridge Academy.*

*As the working mother of four, Gigi's practical ideas and realistic perspective will have you laughing and learning. [www.gigischweikert.com](http://www.gigischweikert.com)*

## Featured Speaker

**Kevin Carnes, President of Lakeshore**

**Successful Outdoor Classrooms in Both Urban &  
Rural Environments**

**Saturday, 10:00am – 11:30am**

Kevin Carnes will demonstrate how bringing an organic outdoor play area into your environment is not only desirable but very achievable, and can be a positive experience for children, teachers, and parents; and regardless of the current state of your outdoor area, whether in the midst of a concrete jungle, or seemingly settled on a vast and desolate prairie, or in a simply bland suburban play space, you can achieve a nurturing and stimulating natural outdoor classroom.

*Kevin Carnes, President of Lakeshore Learning Materials, has been with Lakeshore for over 30 years, beginning in Northern California when Lakeshore was strictly a small, California-based company. Kevin has been actively involved in helping Lakeshore expand nationwide, and in promoting Lakeshore's unique brand to educators around the world. He has also been instrumental in helping a growing company of 1500+ employees use appropriate technology to communicate their message to increasingly tech savvy followers and employees. Kevin has helped guide Lakeshore's use of technology to enhance their message and product lines without forgetting their main purpose of "hands on" learning, including their recently certified on-site Nature Explore® preschool classroom for their employees' children.*

## Pre-Conference Opportunity

### Using the Environmental Rating Scales as a Tool for Quality Improvement

**Suzanne Dohm, M.S.**

**ERS Assessment Coordinator, Center for Assessment and Policy Development**

Thursday, April 9

ECERS-R – 9:30am – 12:30pm \$50 for Conference Attendee; \$70 for Non-Conference Attendee (Cost inclusive of ECERS-R Assessment Tool)

ITERS-R – 2:00pm – 5:00pm \$50 for Conference Attendee; \$70 for Non-Conference Attendee (Cost inclusive of ITERS-R Assessment Tool)

ECERS-R and ITERS-R are widely utilized quality assessment instruments. ECERS-R is used as an instrument to assess quality in classrooms for children 2.5 to 5 years old. ITERS-R defines its use for children who are infants up to 11 months and toddlers from 12 to 30 months. Another way to use these instruments is as a guide for development and supervision of classrooms. Using the indicators in each of the items is a way to clearly specify the expectation of what materials should be in the room and what should be occurring in that classroom. The tool can be a guide to assist teaching staff to meet the developmental needs of all their children.

#### **Additional References Available (Purchase Optional)**

The "All About the ECERS-R" and "All About the ITERS-R" will be referenced and used during their respective trainings. If you already have these books you are encouraged to bring them with you.

The books will be available for pre-purchase during registration (on-site sales will not be available) for \$49.95 each. You will receive the book(s) at the event.

Lunch will be available for those who selected it at pre-registration. A Supreme Salad Bar of mixed greens, various vegetables, dressings, tortellini pasta salad, tuna, chicken, and egg salad, sliced, fresh fruit, two dessert options and much more will be provided.

Lunch Cost - Conference Attendees - \$25

Non-Conference Attendees - \$30
