About World STI & HIV Congress 2015

For the first time in its 40 year history, the International Society for STD Research (ISSTDR) is holding its biennial meeting below the equator, not to mention the eastern hemisphere.

Once again the meeting is being held in conjunction with the International Union against STIs (IUSTI, www.iusti.org), ensuring a vibrant event with delegates from around the world. The ISSTDR and IUSTI are the preeminent global bodies dedicated to research into STIs, HIV and sexual health, from basic science through to population health.

The host organisations are the Australasian Sexual Health Alliance (ASHA) and the Australasian Society for HIV Medicine (ASHM). The meeting will be held back-to-back with the Annual Australasian HIV & AIDS Conference, 16-18 September, and discounted combined registration will be available.

Aims of the Congress are to:

- Promote up-and-coming new and outstanding international researchers
- Ensure a strong basic science track
- Highlight the research that is coming from the Asia-Pacific Region
- Promote research into the sexual health of vulnerable populations; including Indigenous people, ethnic minorities, and sexual/gender minorities
- Attract future researchers to witness the best science in the field of STIs, HIV and sexual health

Emerging themes include:

- Challenges and opportunities for STI control programs
- Antimicrobial resistance
- Multipurpose technologies – strategies that simultaneously prevent multiple reproductive health risks; including unwanted pregnancies, STIs and HIV infection
- Rapid diagnostics, point-of-care and home tests
- STIs and maternal-child health outcomes
- Cancer, infection and vaccination
- Research translation into policy and practice

The Brisbane Convention and Exhibition Centre will host the event. Brisbane is a sophisticated international destination with direct flights to many countries and the gateway to many of the region’s attractions including the Great Barrier Reef and Australia’s Red Centre.

We cordially invite you to take part in the Congress and offer a large range of sponsor packages. In addition, we also offer the possibility of organising a company satellite symposium during the conference.

# Conference Overview

## The Conference

The challenge of Sexually Transmitted Infections (STIs) and HIV is common to every country in the world. Every year, over 19 million people are infected with STIs and the growing resistance to treatment is a problem in both STIs and HIV. Even though progress has been made in prevention programs, they still remain under-resourced. HIV therapy and its dissemination into the developing world has been a huge success. Improvements in disease prevention and diagnosis are provided by improved laboratory diagnostics and new HPV vaccines. The STI & HIV World Congress 2015 will bring together researchers, clinicians and experts from around the world to share their experience and newest developments.

The advertisement will feature in the printed handbook and within the USB (if produced). The advertisement will appear in colour and will be placed within the handbook at the discretion of the Conference organiser. The deadline for booking artwork is 27 March 2015.</td>

<td>Inserted into every Conference satchel, stationery items are constantly used by delegates throughout the Conference. This sponsorship offers excellent exposure, as the sponsor will be a constant presence for the duration of the event and beyond. Each stationery sponsor is entitled to insert two items into each satchel. Stationery items required include Note Pads, Pens, Post-it Notes, Highlighters and Flags. The secretariat reserves the right to include a number of each item but may also refuse the sponsorship of a particular item if too many are pledged. ASHM understand that Medicines Australia guidelines allow pads and pens only, however companies not governed by these guidelines can provide other items, with prior approval by the Conference Secretariat. Sponsorship benefits include: • Opportunity to supply to the Conference two stationery items with company logo for inclusion in satchels</td>

Terms of participation include:

If any exhibit does not meet the standards required or expected the organisers reserve the right to prohibit an exhibit. The design of all structures is subject to the approval of the organisers. This applies to displays, custom stands, literature, advertising material, souvenirs and conduct of persons.
