</table>
| 11:30am - 12:15pm (45 mins) | **Value based healthcare in NSW – Working together to deliver value across the patient journey**  
A conversation between:  
- Brad Rossiter – Patient and consumer representative  
- Sarah Buckley – Clinical Nurse Consultant, Respiratory, Mid North Coast Local Health District (MNCLHD)  
- Dr Nigel Lyons – Deputy Secretary, Health System Strategy and Planning  
- Susan Pearce – Deputy Secretary, Patient Experience and System Performance  
In this session, participants will listen to a conversation between Ministry leaders, a rural clinician and a patient. The group will discuss what value based healthcare means to them, and what it looks like in NSW. |

| 12:30pm – 1:00pm (30 mins) | **Demonstration 1**  
HOPE  
Melissa Tinsley – Program Manager, Patient Based Care, Agency for Clinical Innovation  
**Demonstration 2**  
Commissioning for Better Value (CBV) Pathway  
Trinette Kinsman – Principal Policy Officer, Strategic Priorities Unit, Strategic Reform and Planning Branch  
Demonstration 1  
In this session, participants will participate in a live demonstration of the Patient Reported Measures (PRMs), Health Outcomes and Patient Experience (HOPE) platform. The overview will emphasize the importance PRMs plays in everyday care to ensure we improve the health outcomes and experiences for people receiving care in NSW. HOPE will be available from February 2021 for Leading Better Value Care & Integrated Care program cohorts. Participants will have the opportunity to see first-hand the features and functions in HOPE to collect and use PRMs to inform care, treatment and decisions as well as viewing the report and dashboard functions.  
**Demonstration 2**  
In this session, participants will witness the CBV Pathway in practice. Presenters |

</table>
| 12:45pm – 1:15pm (30 mins) | **Have your say:** Value based healthcare research  
Facilitated by Dr Mary Haines – Director, Mary Haines Consulting Pty Ltd |
| 1:15pm – 2:45pm (90 mins) | **Collaborative Commissioning Masterclass**  
Presenters include:  
- Louise Fisher – Director, Collaborative Commissioning  
**Leading Better Value Care Masterclass**  
Panel discussion facilitated by Dr Nigel Lyons and George Leipnik.  
Panel members include: |
|              | In this session, participants will hear:  
- how value based healthcare (VBHC) research fits into the broader NSW Health research strategy  
- the purpose of setting research guidance and priorities in VBHC  
- how to use the VBHC framework and priorities to shape research and research partnerships  
- overview of draft priority themes for VBHC research identified with input from key thought leaders in the VBHC space.  
Participants will also be surveyed interactively during the session to seek their feedback on:  
- their main challenges when partnering on research  
- the draft priority themes that will be used to shape the VBHC research agenda. |
| 9 | 3:00pm – 4:00pm (60 mins) | Looking at the patient journey - a focus on the Statewide initiative for diabetes management  
Panel discussion facilitated by Kiel Hennessey, Agency for Clinical Innovation.  
Introduced by Kate Lloyd, Agency for Clinical Innovation.  
Panel members include:  
• Yvonne Appleby – consumer  
• Sturt Eastwood - Diabetes NSW & ACT  
• Dr Natalie Cochrane – General Practitioner | In this session, participants will gain an understanding of:  
• Examples of care received that either worked well or did not go well for consumers  
• What matters to consumers when it comes to their diabetes care  
• What people living with diabetes value when they receive care in the community |
| George Leipnik – Director Strategy and System Priorities. | How people know when things are working well  
• How things can be improved to the way they receive care for their diabetes management |
