

A collection of blue, oval-shaped pills scattered across the left side of the image.

# **HIV PREVENTION HAS CHANGED.**

**PrEP CAN CHANGE HIV  
IN QUEENSLAND.**

Come to the forum to find out more.

## What is PrEP?

PrEP is a new HIV prevention option in which people who do not have HIV take a pill daily to reduce their risk of contracting HIV.

## Your Community Forum will be discussing:

### PrEP in San Francisco 2013-2015:

Hear how PrEP has changed HIV in San Francisco from the man who led the way - Professor Bob Grant.

### What's it like to be on PrEP?

Your chance to hear directly from someone about their experience of taking PrEP and what is involved.

### PrEP in Queensland 2015:

Hear about options for access and costs both now and plans for the future - Dr Darren Russell.

### Get your questions answered:

Bob & Darren will be joined by Dr Fiona Bisshop to answer any questions you have.

**PrEP is changing HIV prevention. Get the facts!**
