Introduction

Context

- Transformational era
- Where, how and by whom care is delivered is changing at a rapid pace

Research Institute for Aging and Conestoga College

- a 10-year collaboration
- Research-Practice-Education partnership, with growing involvement of industry
- Innovation in education and practice
- Products, services and initiatives that foster workforce capacity building and practice development

ERCC

Excellence in Resident-Centred Care

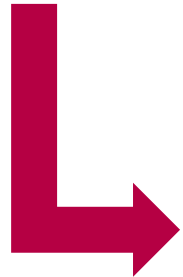

- Across Ontario, 2 years (160; 600)
- Train-the-trainer model
- Peer-to-peer learning
- Innovative approach to curriculum design, development and delivery
- Intentional, integrated, impactful — framed in the context of interprofessional collaborative practice realities

Excellence in Resident-Centred Care

Palliative/End-of-Life Care

The Case of Palliative Care

What is the **current state**
of palliative care in LTC?

Now... let's consider an
envisioned future.

Enhancing Life

Life and Death

What does it mean to live or die?
What comes to mind when you hear the term
palliative?

Hospice Palliative Care

Moments that Matter

- “Tell me a little about your life history”
- “When do you feel the most alive?”
- “What do you feel most proud of?”
- “What advice or words of guidance would you wish to pass to others?”

(Activity adapted from Chochinov, Hack, Hassard, Kristjanson, McClement & Harlos, 2005, p. 5522)

Summary

In summary, identify 3 ways that you as a team will work to enhance a palliative approach to care within your home.

Palliative/End-of-life Care

Safety and Mobility

Person-Centred Care

Enhanced Facilitator Support

Updated Modules

Observational Assessment

Oral Care and Skin Integrity

Working With Others

Adult Learning Principles

Pain and Comfort

Delirium, Dementia and Depression

Multidisciplinary

Video-based Learning

Self-Care

Continence

Additional Modules

Nutrition and Hydration

Infection Prevention and Control

Translated to French

Striving Together....

.... for Excellence in Resident-Centred Care

Harnessing expertise and momentum of a research-education-practice partnership to:

- Move innovation to scale across health system and sector
- Foster spread across and deepen reach into organizations
- Build capacity, capability and confidence within your teams

Value & Benefits

- Designed to improve care to achieve better outcomes
- Mobilizes evidence-informed practices to reduce variation
- Offers tailored learning opportunity built on the principles of adult learning
- Improves access to high-quality training product in the face of growing budgetary constraints
- Situates learning within context
