Final Program

Welcome to ECIC 2015

2nd European Congress on Intrapartum Care

Following on the enormous success of the 1st European Congress on Intrapartum Care – ECIC 2013 -in Amsterdam, we are honoured to welcome you to the second edition - ECIC 2015 - in Porto.

Now jointly organised by the European Association of Perinatal Medicine and the European Midwives Association, the European Congress on Intrapartum Care has a general focus on evidence-based practice and aims to promote excellence in all aspects of labour management. Teamwork, communication and a shared philosophy between all members of the staff play a central role in the quality of intrapartum care. ECIC 2015 will constitute an exceptional opportunity for all healthcare professionals working in the labour ward to meet and socialize, share their ideas and experiences, and obtain updated information on key aspects of practice.

The congress is held within the historical centre of Porto, designated World Cultural Heritage by UNESCO. The city is particularly famous for its medieval alleyways, extravagant baroque churches and the unique “port wine”, and was nominated in 2014, for the second time, “Best European Destination of the year”, by European Consumers Choice. All the conditions will be present for you to enjoy unique scientific, social and cultural experiences.

ABSTARCT BOOK

The abstract book is available for download from the congress website.

UEMS

The 2nd European Congress on Intrapartum Care (Porto, Portugal (21-23.05.2015), Event code: 12083 was granted **15 European CME** credits (ECMEC) by the European Accreditation Council for Continuing Medical Education (EACCME).

European Accreditation

European Accreditation is granted by the EACCME in order to allow participants who attend the above-mentioned activity to validate their credits in their own country.

Accreditation Statement

Accreditation by the EACCME confers the right to place the following statement in all communication materials including the registration website, the event programme and the certificate of attendance. The following statements must be used without revision:

- The 'European Association of Perinatal Medicine' (or) '2nd European Congress on Intrapartum Care' is accredited by the European Accreditation Council for Continuing Medical Education (EACCME) to provide the following CME activity for medical specialists. The EACCME is an institution of the European Union of Medical Specialists (UEMS), www.uems.net.
- The '2nd European Congress on Intrapartum Care' is designated for a maximum of (or 'for up to') 15 hours of European external CME credits. Each medical specialist should claim only those hours of credit that he/she actually spent in the educational activity.
- Through an agreement between the European Union of Medical Specialists and the American Medical Association, physicians may convert EACCME credits to an equivalent number of AMA PRA Category 1 Credits™. Information on the process to convert EACCME credit to AMA credit can be found at www.ama-assn.org/go/internationalcme.
- Live educational activities, occurring outside of Canada, recognized by the UEMS-EACCME for ECMEC credits are deemed to be Accredited Group Learning Activities (Section 1) as defined by the Maintenance of Certification Program of The Royal College of Physicians and Surgeons of Canada.

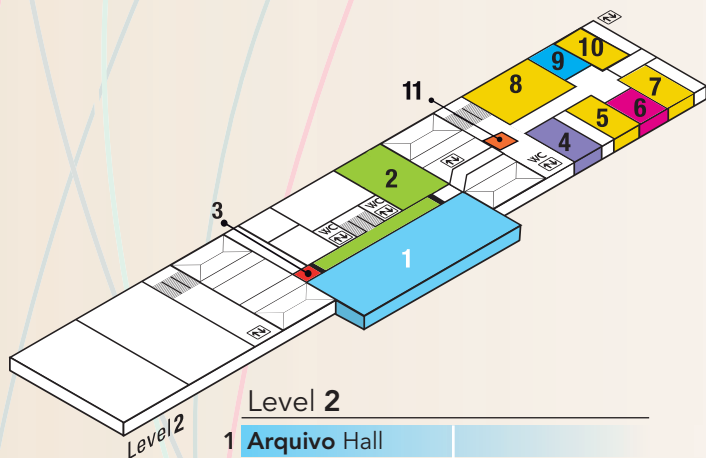

EACCME credits

Each medical specialist should claim only those hours of credit that he/she actually spent in the educational activity. The EACCME credit system is based on 1 ECMEC per hour with a maximum of 3 ECMECs for half a day and 6 ECMECs for a full-day event.
