ACTION GROUP (C2) ON (INDEPENDENT LIVING SYSTEMS)

Main Achievements & Targets for 2015

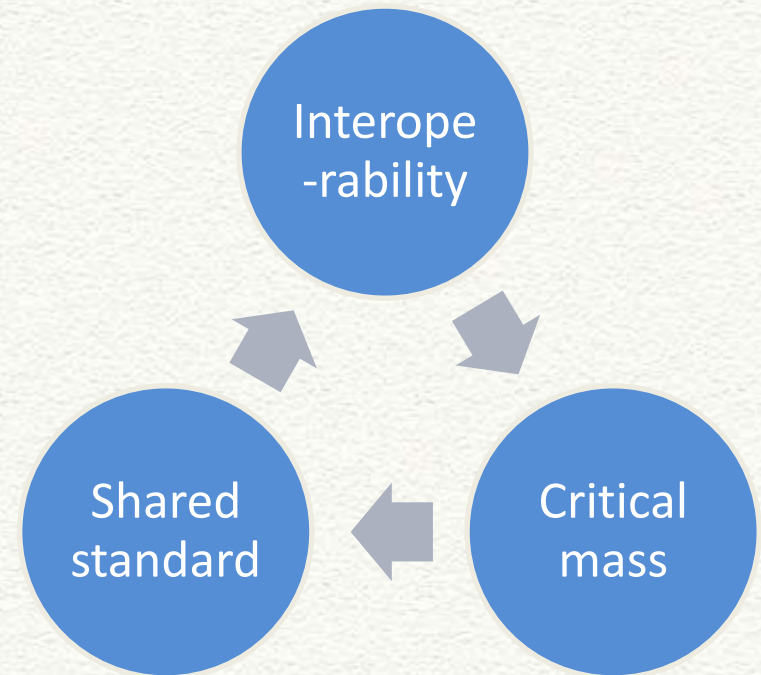

Follow us  @eHealthWeekEU #eHW15

EIP-AHA C2

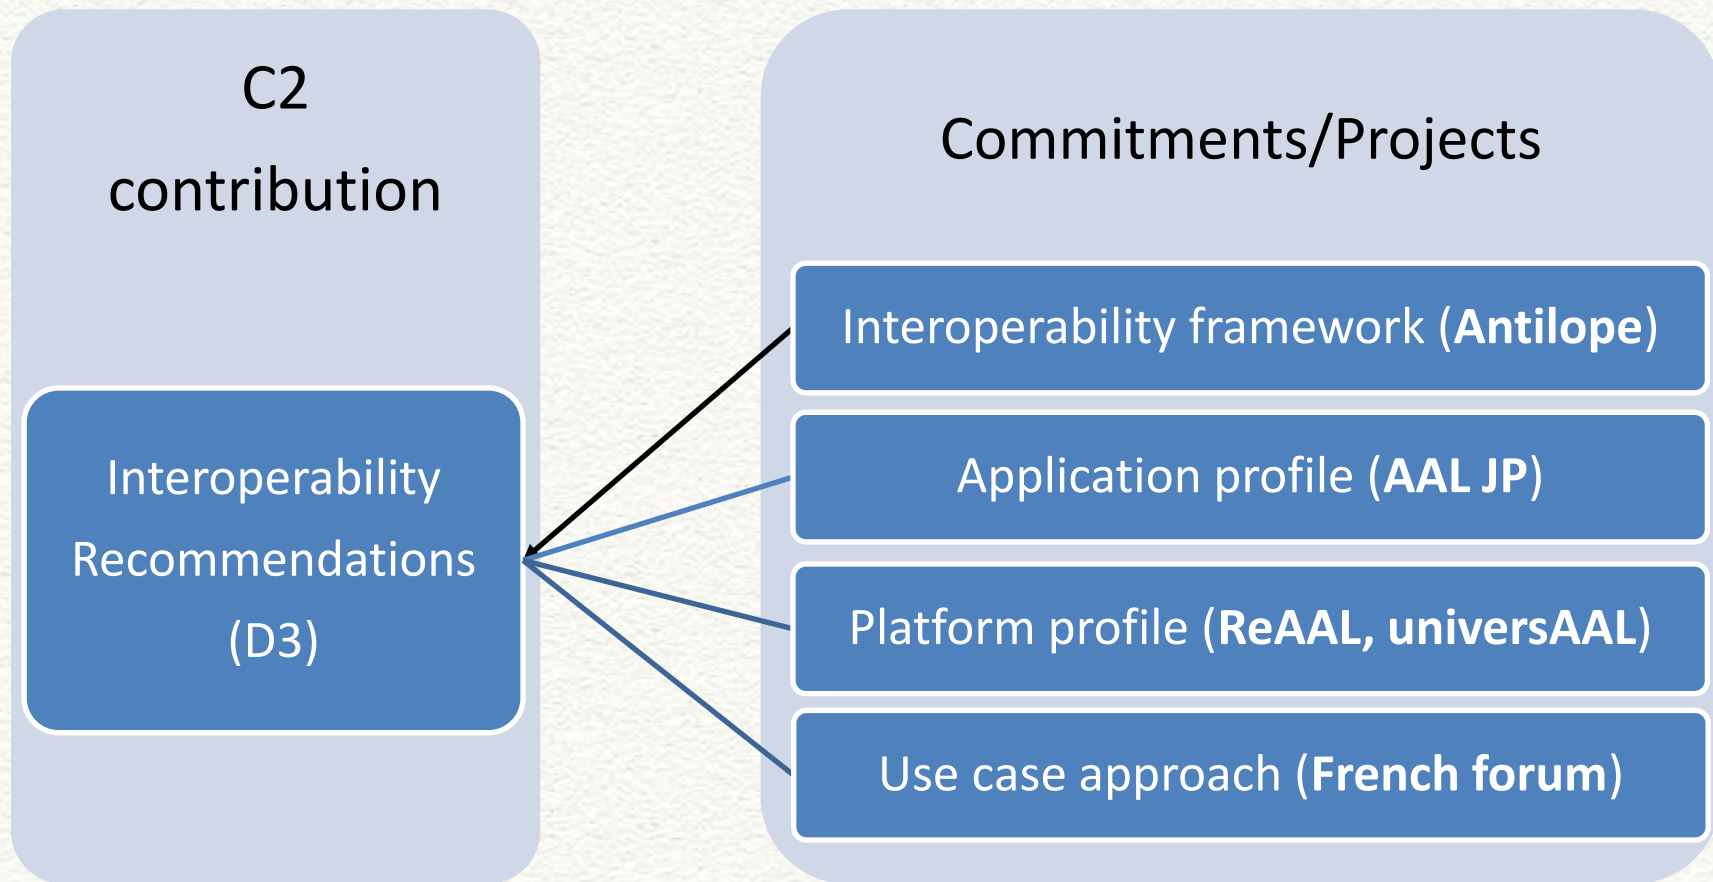

- Towards an innovation ecosystem for active and independent living
 - through **flexible and interoperable ICT solutions**
 - taking into account **user empowerment**
 - supporting **personalisation**
 - taking advantage of **innovative procurement**

Example of Contribution Interoperability

- How to avoid
 - fragmentation,
 - vendor lock-in
- through
 - open and personalised solutions supported by global standards,
 - validated implementation of interoperable platforms
 - evidence on the return of investment

Approach: Six-month Sprint

Three Strategic Recommendations

- S1: Support Several Types of Readiness
 - Research level interoperability
 - Innovation level interoperability
 - Industry level interoperability
- S2: Use case based approach
- S3: Build a community

Four Operational Recommendations

- O1: Common interoperability framework
- O2: Application Integration Profiles
- O3: Platform integration profiles
- O4: Liaise with standards

One Point of Focus: Platform Interoperability

- Tuesday 10 March Panel EIP-AHA summit: Towards interoperability profiles for open platforms
 - UniversAAL, M2M, FiWare, URC/GII
- Wednesday 13 May Panel EIP6 Actions towards governance of interoperable specifications
 - Common use case
 - Alliance within EIP-AHA
 - Link with IHE/IEC working group

Be involved!

- Many focus points
 - User empowerment
 - Personalisation
 - Innovative procurement
 - Application profiles
 - Platform profiles
 - Creating shared items (market place)

THANK YOU
