IIA Central Florida Chapter (CFIIA) Members,

Thank you for your continued support of the IIA Central Florida Chapter. As we navigated the uncertainty of COVID-19, the Officers and Board of Governors have worked diligently to plan valuable virtual events for the 2020-2021 chapter year while focusing on the safety of our members. It also brought the opportunity to partner with other local chapters to provide high caliber speakers and events for our membership. As a result, we were able to offer 5 virtual member events encompassing 12 hours of CPE.

Additionally, we introduced a certification scholarship for our membership which covered the cost of one section of the CIA. We were pleased to award this scholarship to 3 members during the inaugural year.

We also continued to focus on educating and promoting internal audit as a career to students. The IIA Central Florida Chapter participated in 2 panel discussions with students and awarded 2 scholarships to students interested in pursuing internal audit as a career.

It has been my honor to serve as the IIA Central Florida’s Chapter President for the 2020-2021 chapter year. Thank you for the opportunity!

With gratitude,

Jennifer Parshall
