When you see chronic dry mouth, say

 **NeutraSal[®]**
(Supersaturated Calcium Phosphate Rinse)

Prescription-strength NeutraSal[®] is a clinically proven rinse that helps relieve dry mouth symptoms and restore the oral environment.^{1,2}

**As low as \$0 copay
and no out-of-pocket costs for
commercially insured patients***

Visit www.NeutraSal.com to learn how

Both young and old patients may suffer from dry mouth for a variety of reasons

- >500 commonly prescribed medications^{3,4}
- Medical and physical conditions^{1,3-5}
- Chronic behavioral factors such as smoking⁴

NeutraSal[®] is easy to use¹

- Single-use packet dose dissolves in 1 oz water
- No added flavoring

NeutraSal[®] has an established safety profile with no anticipated adverse effects if swallowed accidentally and no known interactions.¹

NeutraSal[®] is not intended to prevent xerostomia or oral mucositis or to treat diseases of the throat or upper GI tract.¹

***Eligibility Restrictions and Requirements:** This offer is only valid for patients with commercial insurance where NeutraSal[®] Supersaturated Calcium Phosphate Rinse is a covered medication. This offer is not valid for any person eligible for reimbursement of prescriptions, in whole or in part, by any federal, state, or other governmental programs, including, but not limited to, Medicare (including Medicare Advantage and Part A, B, and D plans), Medicaid, TRICARE, Veterans Administration or Department of Defense health coverage, CHAMPUS, the Puerto Rico Government Health Insurance Plan, or any other federal or state health care programs. By using this program, the patient agrees not to seek reimbursement for all or any part of the benefit received through this offer and is responsible for making any required reports of use of this offer to any insurer or other third party who pays any part of the prescription filled. This offer is good only in the United States of America (including the District of Columbia, Puerto Rico and the U.S. Virgin Islands). This offer is not valid where otherwise prohibited, taxed, or otherwise restricted and not valid for any person that is 65 years of age or older without commercial insurance. Patients must be 18 years of age or older to redeem this offer for themselves or a minor. This offer cannot be redeemed at government-subsidized clinics. This offer is valid for one (1) initial prescription fill of NeutraSal[®] and up to ten (10) prescription refills. The maximum benefit available is \$150 per box. Participating patients are responsible for all costs and expenses after the maximum benefit is reached. If the patient receives coverage through a health savings account (HSA) or similar arrangement, it is the patient's responsibility to know how claims are processed and understand that amounts paid by the third party for their NeutraSal[®] prescription may be deducted from their benefits limit automatically. This offer is not valid with other offers. The coupon has no cash value or cash back. This offer is not health insurance. This offer expires on December 31, 2016. Valeant Pharmaceuticals and OraPharma reserve the right to rescind, revoke, terminate, or amend this offer at any time, without notice.

**WELCOME TO
PITTSBURGH!**

Dear ADHA Attendee,

Welcome to ADHA's 2016 Center for Lifelong Learning at the 93rd Annual Session in the Steel City, Pittsburgh, Pennsylvania! The David Lawrence Convention Center is a spectacular venue, and we are thrilled that it is serving as our headquarters for the nation's premier professional dental hygiene meeting. I am confident that with our exceptional continuing education programs, exhibits showcasing cutting-edge technology and services, and numerous networking opportunities, you will leave Pittsburgh energized by all the new connections you have made and excited about the future of your profession.

I gratefully acknowledge our sponsors and exhibitors. As you are making your purchases, please take a moment to thank these companies for being a part of the 2016 CLL. Their generosity and support of ADHA are highly appreciated. I also thank the Committee on Annual Session and the volunteers for their hospitality in hosting our national professional meeting here in Pittsburgh. Their dedication, support and commitment are crucial components of the meeting's success, and we are most appreciative.

As a special invitation, I invite you to attend the House of Delegates from June 12 to 14 when the leaders of our association discuss the current issues relevant to the profession. The dental hygiene profession is establishing its place within the evolving health care environment and amazing opportunities lie ahead.

Thank you again for being here among friends and colleagues, working to strengthen this wonderful health care occupation of dental hygiene. You are ensuring its relevance for years to come. I hope you enjoy the many new connections you will make this week, as well as the new knowledge and skills that will help you grow both personally and professionally. In the words of Helen Keller, "Alone we can achieve so little; together we can achieve so much."

Together, we are forging our future and are headed Upward!

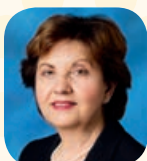

WELCOME FROM THE COMMITTEE ON ANNUAL SESSION

On behalf of ADHA welcome to Pittsburgh and the ADHA's Center for Lifelong Learning at the 93rd Annual Session. We are excited to have you join us here in our home state of Pennsylvania at the David Lawrence Convention Center. This unparalleled space blends functionality and flexibility with cutting-edge technology for what is sure to be an unforgettable experience.

We hope that the many networking opportunities, exhibits and CE sessions taking place throughout the coming week bring you excitement and energy every day. Then, during the evening, we encourage you to unwind and explore gorgeous downtown Pittsburgh.

This year's annual meeting provides the perfect opportunity to catch up with your colleagues and make new connections. The committee and ADHA staff have worked diligently to ensure that you have a productive, enjoyable and memorable meeting.

Sincerely,
The Committee on Annual Session

THURSDAY, JUNE 9 MORNING COURSES

Maximizing the Potential of Ultrasonics: What to Use and How to Use It Effectively (Hands-on)

Speaker: Tim Donley, DDS, MSD

Day: Thursday, June 9

Time: 9:30 a.m. - 12:30 p.m.

Fee: \$85 **CE Hours:** 3

Ticket Required

Audience: Dental Hygienists, Dentists

Course Level: Intermediate **Room:** 411 - 412

Successful periodontal therapy depends on successful debridement. This course presents evidence-based protocols to maximize chances for resolving patients' periodontal disease. Hands-on training is intended to allow the attendee to develop maximum confidence in their debridement skills (what to use, how to use it).

Think Outside the Mouth – Treatment Planning for Nonsurgical Periodontal Treatment

Speaker: Karen Davis, RDH, BSDH

Day: Thursday, June 9

Time: 9:30 a.m. - 12:30 p.m.

Fee: \$55 **CE Hours:** 3

Ticket Required

Audience: Dental Hygienists

Course Level: Advanced **Room:** 315 - 316

The most common procedure provided by dental hygienists in dental practices today is adult prophylaxis. This course compels clinicians to look beyond the oral cavity in order to build a foundational premise for diagnosing and treating chronic periodontal infection in the earliest possible stages. New technologies for diagnosis and individualized treatment planning will be featured, and biofilm management with low abrasive air polishing devices will be presented as the most efficient method to obliterate subgingival biofilm.

Have you Met Alice? Understanding Dementia

Speaker: Doreen Naughton, RDH, BSDH

Day: Thursday, June 9

Time: 9:30 a.m. - 12:30 p.m.

Fee: \$55 **CE Hours:** 3

Ticket Required

Audience: Dental Hygienists, Dentists

Course Level: Advanced **Room:** 406

This course will help dental professionals gain a better understanding of dementia. It will include: a review of basic brain anatomy and physiology related to memory; a discussion of early warning signs of dementia and reversible causes of symptoms; a differentiation among various dementia types, identification of risk factors and promotion of prevention strategies; and information about current research and medications used for the treatment of dementias. Finally it will offer treatment strategies for safe treatment and quality of life for adults with dementia.

It's (Medically) Complicated

Speakers: Tom Viola, RPh, CCP, PhRS and Lillian Caperila, RDH, BSDH, MEd

Day: Thursday, June 9

Time: 9:30 a.m. - 12:30 p.m.

Fee: \$55 **CE Hours:** 3

Ticket Required

Audience: Dental Hygienists, Dentists

Course Level: Intermediate **Room:** 407

The goal of this seminar is to blend the expertise of pharmacological, medical and oral health education and correlate these conditions with an appropriate dental hygiene diagnosis and treatment plan. Concentration will be given to adults maintaining their oral health despite their risk levels and how the dental professional can identify best practices in supporting their professional treatment. As participants review a case study, they will complete their own treatment plan with full discussion to follow. **Sponsored by:**

Patients that Drive You Crazy: Difficult Patients Made Easy

Speaker: Jen Butler, MEd, CPC, BCC

Day: Thursday, June 9

Time: 9:30 a.m. - 12:30 p.m.

Fee: \$55 **CE Hours:** 3

Ticket Required

Audience: Dental Hygienists, Dentists

Course Level: Intermediate **Room:** 317 - 318

Working with difficult patients can be emotionally and mentally draining. Limiting your patient base solely to patients you "like" or are "easy" isn't practical and won't fill the schedule. Every patient presents a unique opportunity to navigate the patient experience in an effort to connect with them and meet their needs. Learn how to turn difficult patients into raving fans so you both have a pleasant and positive experience.

Transforming Dental Hygiene Part II

Speaker: Pam Overman, RDH, Ed.D.

Day: Thursday, June 9

Time: 9:30 a.m. - 12:30 p.m.

Fee: \$55 **CE Hours:** 3

Ticket Required

Audience: Dental Hygienists

Course Level: All **Room:** 408 - 410

This session will focus on changes to the dental hygiene educational curricula as based on recommendations made during the ADHA and Santa Fe Group symposium, "Transforming Dental Hygiene Education: Proud Past, Unlimited Future" held in Chicago, IL in September 2013. The proposed curricular changes reflect the current and future dental hygiene practice, the dental workforce environment, and overall patient health care needs.

THURSDAY, JUNE 9 AFTERNOON COURSES

Maximizing the Potential of Ultrasonics: What to Use and How to Use It Effectively (Hands-on)

Speaker: Tim Donley, DDS, MSD

Day: Thursday, June 9

Time: 2:30 p.m. - 5:30 p.m.

Fee: \$85 **CE Hours:** 3

Ticket Required

Dead Bones Walking: Osteoporosis and Its Treatment and the Link to Osteonecrosis

Speaker: Tom Viola, RPh, CCP, PhRS

Day: Thursday, June 9

Time: 2:30 p.m. - 5:30 p.m.

Fee: \$55 **CE Hours:** 3

Ticket Required

Audience: Dental Hygienists, Dentists

Course Level: Intermediate **Room:** 407

This program will provide participants with an overview of osteoporosis and the various available agents used in its prevention and treatment. Special emphasis will be given to the use of oral bisphosphonates and the current treatment guidelines for the management of patients receiving oral bisphosphonate therapy in everyday clinical situations.

More Stats, Facts, Myths and Downright Lies

Speakers: JoAnn Gurenlian, RDH, PhD and Ann Eshenaur Spolarich, RDH, PhD

Day: Thursday, June 9 **Time:** 2:30 p.m. - 5:30 p.m.

Fee: \$55 **CE Hours:** 3 **Ticket Required**

Audience: Dental Hygienists, Dentists

Course Level: Intermediate **Room:** 406

Back by popular demand, a continuation of the popular course given at ADHA 2013, this course expands upon the opportunity to explore the science behind common beliefs and misperceptions that frame oral health care. Participants will review evidence that supports or refutes current practices and evaluate what constitutes quality evidence. Clinicians will engage in decision-making skills that will define best practices.

Improving the Effectiveness of Your Local Anesthesia

Speakers: Michele Carr, RDH, MA and Rachel K. Kearney, RDH, MS

Day: Thursday, June 9 **Time:** 2:30 p.m. - 5:30 p.m.

Fee: \$55 **CE Hours:** 3 **Ticket Required**

Audience: Dental Hygienists, Dentists

Course Level: Intermediate **Room:** 315 - 316

Techniques for maxillary and mandibular anesthesia are well taught and studies show that the administration of local anesthesia is safe and effective. But, when local anesthesia is not effective, do you know why and do you know how you can maximize the effectiveness of any intraoral injection administered? Ways to reduce patient anxiety and pain such as aromatherapy, needle gauge, and numbing the injections site will be discussed from an evidence-based perspective.

Promoting and Assessing Critical Thinking Throughout the Dental Hygiene Curriculum

Speaker: Ann O'Kelley Wetmore, RDH, BSDH, MSDH

Day: Thursday, June 9 **Time:** 2:30 p.m. - 5:30 p.m.

Fee: \$55 **CE Hours:** 3 **Ticket Required**

Audience: Dental Hygienists

Course Level: Intermediate **Room:** 408 - 410

This workshop provides the educator with practical information on critical thinking by looking at the who has critical thinking, what is critical thinking, when can educators promote critical thinking, where do health professionals use critical thinking, and lastly, how can we teach and measure critical thinking skills. The facilitator will provide practical tools educators may use in the classroom, clinical, or online environment to encourage critical thinking, a skill deemed crucial in providing care.

HPV: New Research, New Directions

Speaker: Jaquelyn Fried, RDH, BA, MS

Day: Thursday, June 9 **Time:** 2:30 p.m. - 5:30 p.m.

Fee: \$55 **CE Hours:** 3 **Ticket Required**

Audience: Dental Hygienists, Dentists

Course Level: Intermediate **Room:** 317 - 318

This course will explore new research findings related to the Human Papilloma Virus (HPV) that are relevant to the practice of dental hygiene. Attendees will be apprised of the latest HPV research and will discuss their thoughts on some of the unanswered questions. Interprofessional models that address HPV also will be explored.

FRIDAY, JUNE 10 MORNING COURSES

Forensic Dentistry - The Role of the Dental Hygienist

Speaker: Edward Herschaft, DDS, MA, DABFO, DABOM

Day: Friday, June 10 **Time:** 10:00 a.m. - 1:00 p.m.

Fee: \$55 **CE Hours:** 3 **Ticket Required**

Audience: Dental Hygienists

Course Level: Intermediate **Room:** 406

This course is intended to provide the dental hygienist with basic evidence-based procedural and reference material regarding forensic dentistry. The role of the dental hygienist in situations requiring identification of human remains through dental information, recognition and reporting of human abuse, and appreciation of the role of bite mark pattern recognition in civil and/or criminal legal cases will be stressed.

Audience: Dental Hygienists

Course Level: Intermediate

Time: 10:00 a.m. - 1:00 p.m.

Ticket Required

Room: 317 - 318

While Practice-Based Research Networks (PBRNs) have existed in medicine for several decades in the United States and a century abroad, PBRNs came to dentistry ten years ago when the National Institutes of Health created three regional networks. The three regional networks will be described along with the roles of dental hygienists as researchers and part of the management team.

FRIDAY, JUNE 10 AFTERNOON COURSES

The 21st Century Dental Hygiene Therapist - Discussing Difficult Topics With Our Patients

Speaker: Catrice Opichka, RDH

Day: Friday, June 10

Fee: \$55 **CE Hours:** 3

Audience: Dental Hygienists

Course Level: Intermediate

Time: 2:30 p.m. - 5:30 p.m.

Ticket Required

Room: 411 - 412

From dental technician to dental therapist, the face of our daily interactions with patients has taken on new challenges and created new responsibilities. Every day we are faced with difficult conversations that go far beyond the dental health of our patients. To add to these complex conversations - these challenges are being seen in our teen and young adult patients as well as adults. This course takes an interactive approach to dealing with these complex conversations.

The Mysterious Mole - Spotting These Spots Could Save Your Patient's Life!

Speaker: Shannon Nanne, RDH

Course Level: Intermediate

Time: 2:30 p.m. - 5:30 p.m.

Ticket Required

Room: 408 - 410

Placing syllabi, course documents and discussion boards online for students to access does not equate to a quality E-learning experience. Many models of E-Learning exist, so how do you determine the best method for you and your students? This presentation will discuss a variety of web-based models: synchronous distributed, web-enhanced, hybrid, and online and illustrate each with examples including technologies utilized for delivering these virtual experiences. Strategies for flipping the classroom while simultaneously developing quality online experiences that maintain academic rigor will be examined.
