

Since 2011, Secureworks has hosted the Enterprise Security Summit. This year, we are proud to launch **Access**, a three-day, educational event designed to help security professionals navigate security insights, innovations and business priorities.

## Access Value Proposition

In a world where you are laser focused on controlling access, preventing access, denying access, limiting access in order to reduce the cyber-risk exposure for your business, and where, at the same time, you need to enable your business to access new technologies, new clients, access new ideas, access each other, and access growth and profitability

Access is for you wherever you may be in your security journey.

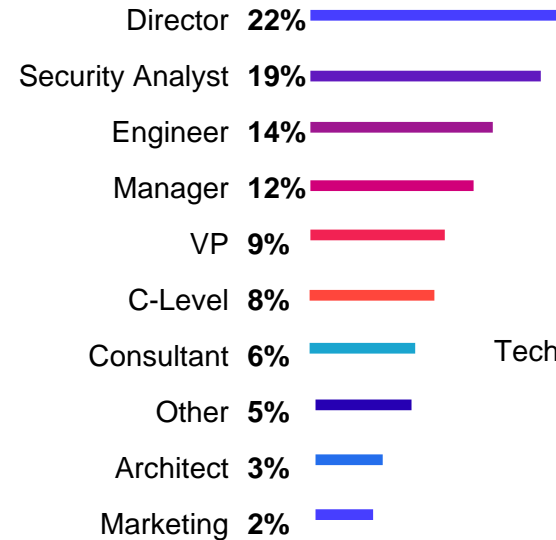

Orchestrated by the industry leader in cybersecurity, Secureworks is giving you exclusive access to

- Unique insights into the threat landscape and threat actors from our elite CTU researchers and responders
- Perspectives on market dynamics and opportunities for security in 2025 – Cloud, IOT, Machine Learning...
- Insights into your Security maturity and how you rate relative to peers – with the Security maturity model
- Hands on experiences in running security operations – with our Hands-on labs
- Learnings from over 400 IR engagements
- Better ways to engage your C-suite and your board
- A like-minded peer network of cybersecurity professionals

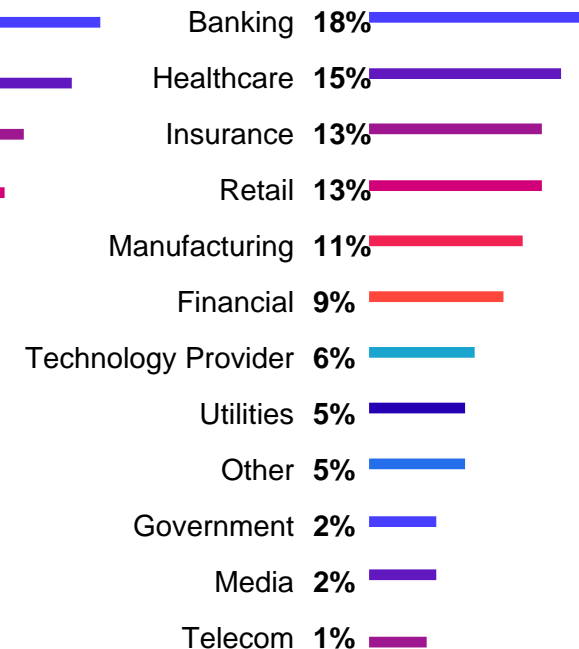

## Who's Attending?

- CISO / CIO
- VP, Security
- Director, Global Security
- Director, Information Security
- Manager, Security Operations
- Manager, Information Security
- Sr. Security Operations Analyst
- Network Security Engineer
- Information Security Lead
- Security Analyst

### By Title

### By Industry

2018 Pricing	Individual Rates	Bundle
<b>Early Bird</b> (through August 31st)	Client: <b>\$995</b>	4 for <b>\$3,200</b>
	Regular: <b>\$995</b>	4 for <b>\$3,200</b>
	Government: <b>\$895</b>	2 for <b>\$1,400</b>
<b>Standard</b> (after August 31st)	Client: <b>\$995</b>	4 for <b>\$3,200</b>
	Regular: <b>\$1,295</b>	4 for <b>\$3,200</b>
	Government: <b>\$895</b>	2 for <b>\$1,400</b>

### Feedback From Past Attendees

*“Well organized conference, great speakers and very informative.”*

*“You all did a great job of not promoting yourselves and truly making this an engaging conference.”*

**Attendees From 5 Countries and More Than 30 US States... And Growing!**

## Monday, October 22<sup>nd</sup>

### 11:00 am – 1:00 pm Check-in

- Sponsor Expo
- Lunch at Leisure
- Secureworks Expert Bar
- Hands-on Lab Opens

### 1:00 pm – 2:30 pm General Session

- Welcome and Intro to Access
- Opening Keynote: *A Very Bad Day*, Ryan Davidsen, VP of Worldwide Security Solutions, Secureworks
- How Mature is Your Security Program? Hadi Hosn, Global Consulting Solutions Lead, Secureworks

### 2:30 pm – 4:45 pm Breakout Sessions

- Session I
- Session II

### 5:00 pm – 6:00 pm General Session

- Driving Security with McLaren, Karen McElhatton, CIO, McLaren moderated by Kevin Hanes, COO, Secureworks

### 6:00 pm – 9:00 pm Welcome Reception (onsite)

## Tuesday, October 23<sup>rd</sup>

### 7:00 am – 8:00 am Breakfast

- Sponsor Expo
- Secureworks Expert Bar
- Hands-on Lab Opens

### 8:00 am – 9:45 am Keynote Sessions

- *New Power in a Hyper Connected World*, Henry Timms
- Executive Keynote *The Biology of an Evolved Security Program*: Jon Ramsey, CTO, Secureworks

### 10:00 am – 12:00 pm Breakout Sessions

- Session III
- Session IV

### 12:00 pm – 1:15 pm Networking Lunch Sponsored by: Carbon Black

- Sponsor Expo
- Secureworks Expert Bar

### 1:15 pm – 3:30 pm Breakout Sessions

- Session V
- Session VI

### 4:00 pm – 5:00 pm General Session

- Ahead of the Game: A Conversation with the NFL and the City of Atlanta, Richard Cox, COO, City of Atlanta, and Michael Palmer, CISO, NFL Moderated by Barry Hensley, Chief Threat Intelligence Officer, Secureworks

### 5:30 pm – 9:30 pm Offsite Event at Mercedes Benz Stadium

## Wednesday, October 24<sup>th</sup>

### 7:00 am – 8:00 am Breakfast

- Sponsor Expo
- Secureworks Expert Bar
- Hands-on Lab Opens

### 8:00 am – 10:00 am Breakout Sessions

- Session VII
- Session VIII

### 10:30 am – 12:30 pm Keynote Sessions

- Keynote Session: Christina Richmond, Program Vice President, Worldwide Security Services, IDC
- Accelerating Your Path to Security Maturity, Hadi Hosn, Global Consulting Solutions Lead, Secureworks

### 12:30 pm Closing Session

- 12:45 pm Conference Ends  
• Boxed Lunches Provided

## Access Journey by Track

Your Access journey has been created for your job title and technical level. Each session has been designed to arm attendees with valuable security knowledge for the day-to-day world. Full event attendees are eligible to receive 14.5 continuing education hours.

Attendees also have the opportunity to build their own agenda from the robust list of breakouts and workshops.

### BUSINESS STRATEGY

CEO/CFO/COO

### SECURITY STRATEGY

CIO/CTO/CISO/SECURITY DIRECTOR

### TECHNICAL SECURITY OPERATIONS

SECURITY MANAGER/STAFF

### SECUREWORKS CLIENTS

These sessions are exclusively for Secureworks clients.

- Business Strategy
- Security Strategy
- Technical Security Operations

Attendees also have the opportunity to build their own agenda from the robust list of breakouts and workshops.

		BREAKOUT SESSIONS				SECUREWORKS CLIENTS ONLY <i>Restricted access</i>	HANDS-ON LAB	
MONDAY 10.22	I	Around the World in 60 Minutes: Lightning talks / panel with the CTU Thematic Leads <span style="float: right;"><span style="color: green;">●</span><span style="color: yellow;">●</span><span style="color: magenta;">●</span></span>	Deciphering NIST and How to Make it Your Best Friend <span style="float: right;"><span style="color: yellow;">●</span></span>	The Security Tools You Have, But Are Probably Not Using <span style="float: right;"><span style="color: yellow;">●</span><span style="color: magenta;">●</span></span>	Effective and Efficient Incident Response in the Cloud <span style="float: right;"><span style="color: yellow;">●</span><span style="color: magenta;">●</span></span>		With scenarios geared to give you a real world experience with the Secureworks MDR Solution (Managed Detection & Response) and technologies like RedCloak and iSensor our team has created an experience that you don't want to miss. You'll have the option for self-paced or guided sessions with our team of security engineers as we look to bring you closer to the tools and services our clients are passionate about.	
	II	How to Build a Successful Security Team <span style="float: right;"><span style="color: green;">●</span><span style="color: yellow;">●</span></span>	A Peek Behind the Curtain, Intelligence Methodologies, Innovation and Data Science at Secureworks <span style="float: right;"><span style="color: yellow;">●</span><span style="color: magenta;">●</span></span>	Sponsor Session: Carbon Black <span style="float: right;"><span style="color: magenta;">●</span></span>	Business as Usual - Current Dealings of the Business Club <span style="float: right;"><span style="color: magenta;">●</span></span>	What's Coming for Secureworks Clients (repeat) <span style="float: right;"><span style="color: green;">●</span><span style="color: yellow;">●</span><span style="color: magenta;">●</span></span>		
TUESDAY 10.23	III	What the CEO Really Needs from an Incident Response Table Top Exercise <span style="float: right;"><span style="color: green;">●</span><span style="color: yellow;">●</span></span>	Analytics Done Right– Gain Speed, Scale and Accuracy, not Headaches. <span style="float: right;"><span style="color: green;">●</span><span style="color: yellow;">●</span></span>	Curious Cases of Past Intrusions: Why are the Adversaries Winning? <span style="float: right;"><span style="color: yellow;">●</span><span style="color: magenta;">●</span></span>	Sponsor Session: CrowdStrike <span style="float: right;"><span style="color: magenta;">●</span></span>			
	IV	Presenting to the Business and the Board Bootcamp <span style="float: right;"><span style="color: green;">●</span><span style="color: yellow;">●</span></span>	SIEM Management: Challenges and Opportunities <span style="float: right;"><span style="color: yellow;">●</span></span>	ATT&CK The Problem <span style="float: right;"><span style="color: yellow;">●</span><span style="color: magenta;">●</span></span>	The Axis of Pwnage <span style="float: right;"><span style="color: magenta;">●</span></span>	3 Ways Managed Detection and Response Improves Your Security Program <span style="float: right;"><span style="color: yellow;">●</span></span>		
	V	Check Your Pride at the Door: Mind-Blowing Red Team Results <span style="float: right;"><span style="color: green;">●</span><span style="color: yellow;">●</span><span style="color: magenta;">●</span></span>	DevSecOps Panel Discussion: How it all started, where we are today, and where we're headed <span style="float: right;"><span style="color: yellow;">●</span><span style="color: magenta;">●</span></span>	Forensic Readiness: Preparing for When the Worst Happens <span style="float: right;"><span style="color: yellow;">●</span><span style="color: magenta;">●</span></span>	Sponsor Session: Lastline <span style="float: right;"><span style="color: magenta;">●</span></span>	A Great Few Tips To Get More Value from Your Managed Security Partner <span style="float: right;"><span style="color: yellow;">●</span><span style="color: magenta;">●</span></span>		
	VI	Managing Cybersecurity Risk – from Business Strategy to Security Operations <span style="float: right;"><span style="color: green;">●</span><span style="color: yellow;">●</span></span>	How to Effectively Apply Threat Intelligence <span style="float: right;"><span style="color: yellow;">●</span><span style="color: magenta;">●</span></span>	Cloud SecOps: Understanding Key Data Sources and Use Cases <span style="float: right;"><span style="color: yellow;">●</span><span style="color: magenta;">●</span></span>	IR Insights: Eviction and Re-entry Lessons Learned <span style="float: right;"><span style="color: magenta;">●</span></span>	What's Coming for Secureworks Clients (repeat) <span style="float: right;"><span style="color: green;">●</span><span style="color: yellow;">●</span><span style="color: magenta;">●</span></span>		Scoring & Criticality: Follow the Ticket <span style="float: right;"><span style="color: magenta;">●</span></span>
WEDNESDAY 10.24	VII	Defense in Concert: Beyond the Layers <span style="float: right;"><span style="color: green;">●</span><span style="color: yellow;">●</span></span>	Aligning Digital Transformation Objectives to Your Security Program <span style="float: right;"><span style="color: green;">●</span><span style="color: yellow;">●</span></span>	Prioritizing Incident Response Using Security Posture Assessment and Attack Surface Analysis (QUALYS) <span style="float: right;"><span style="color: magenta;">●</span></span>	A Day in the Life of an Incident Responder <span style="float: right;"><span style="color: magenta;">●</span></span>	Transforming your Security Operations with Orchestration and Automation <span style="float: right;"><span style="color: yellow;">●</span><span style="color: magenta;">●</span></span>		Threat Hunting with Red Cloak: A Hands-on Approach <span style="float: right;"><span style="color: magenta;">●</span></span>
	VIII	Adapting Your Security Program and Risk Management Framework for Cloud <span style="float: right;"><span style="color: green;">●</span><span style="color: yellow;">●</span></span>	Improve Incident Response Outcomes <span style="float: right;"><span style="color: yellow;">●</span></span>	How a Cyber Crew Plundered the Shipping Industry <span style="float: right;"><span style="color: yellow;">●</span><span style="color: magenta;">●</span></span>	Know How to Respond to a Business Email Compromise <span style="float: right;"><span style="color: magenta;">●</span></span>	Secureworks Orchestration Demo <span style="float: right;"><span style="color: yellow;">●</span><span style="color: magenta;">●</span></span>
