NOTE: if this is not immediately apparent, please refresh the page. The system has the tendency to time out without notification.

You will not be adding a new submission for this round but updating your abstract information.

After clicking on your submission to update your manuscript information, the first thing you will see will be the abstract round of information.

Clicking the small arrow next to the heading “TPS 2018 Abstract Submission” will down size this information so that you can better view what is required for this round.

Please fill out all required fields. You will need to click “next” to see the next few pages of information that is required before you can “save and submit”.

Once you “save and submit”, you will not be able to edit the information.

★ You can “save & continue later” if there are items you are unsure of but the committee will not be able to review your submission until you “save and submit”

Once you have completed the manuscript information, these fields will fill out and the status will change to “Complete” to let you know you have completed the manuscript submission process.
