Learn More about AT through Hands-On Demonstrations

Welcome to Tools for Life

Tools for Life, Georgia's Assistive Technology Act Program, is dedicated to increasing access to and acquisition of assistive technology (AT) devices and services for Georgians of all ages and disabilities so they can live, learn, work and play independently and with greater freedom in communities of their choice.

Tools for Life and the TFL Network work collaboratively together to accomplish our mission through:

IDEAS CONFERENCE

JUN 2 Epworth by the Sea, St Simons Island

WEBINARS

AT ONLINE EXCHANGE

Find Us Online

The screenshot shows the homepage of the Washington Assistive Technology Act Program (WATAP). The header includes the WATAP logo and the text "Washington Assistive Technology Act Program Technology for Independence". A navigation bar contains links for "Services", "Learn About AT", "About Us", "Contact Us", and "Administrative Backdoor". On the left, there are two sections for sorting content: "Sort Content by Activity" with options like "Tools for Everyday", "Communicating", "Accessing a Computer", "Environmental Adaptation", and "Recreation and Leisure"; and "Sort Content by Function" with options like "Seeing", "Hearing", "Speaking", "Managing Information", and "Fine Motor & Getting Around". Below these are social media icons for Facebook and Twitter. The main content area features a large image of a person in a wheelchair using a laptop, with the heading "What Is AT?" and a definition: "Assistive technology (AT) is any item, piece of equipment, or product that is used to increase, maintain, or improve functional capabilities." Below this are three columns of information: "What is Assistive Technology" with a question mark icon and a paragraph defining AT; "How Can WATAP Help?" with a puzzle piece icon and a list of services including "Borrow a Device", "Device Demonstration", "Finance Assistive Technology", "Get Reused Equipment", and "Ask us a Question"; and "AT Events in Washington" with a calendar icon and a list of events including "Emergency Planning Statewide Conference People with All Abilities" from 06/29/2015 to 06/30/2015.

Buddies!

A Closer Look at iOS

Technology Rapidly Evolves

- June 2007- 1st iPhone
- Sept 2007- 1st generation iPod Touch
- October 2008- 1st Android phone sold
- April 2010- 1ST iPad
- 2010- Google launched its Nexus series of tablets and smartphones
- 50 billion downloads!

Apple iPad/ mini iPad/ iPod Touch

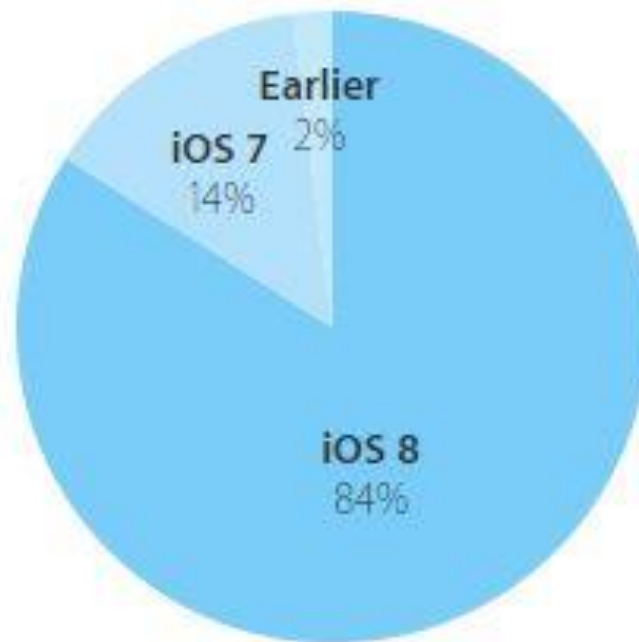

- Multi- touch screen
- iOS 8
- Millions of apps
- Surf web
- iTunes
- Videos
- Organization
- Accessibility
- Books
- Photos
- Speakers
- Camera
- Starts at \$499/\$399 and mini \$329

Devices Running iOS

84% of devices are using iOS 8.

As measured by the App Store on June 22, 2015.

<https://developer.apple.com/support/appstore/>

iOS
Accessibility

Built-in Accessibility Features

- VoiceOver
- Zoom
- Large Text
- Invert Colors
- Speak Selection
- Speak Auto Text
- Mono Audio
- Assistive Touch
- Guided Access
- Home-Click Speed
- Switch Access
- Braille Displays

VoiceOver

- Standard feature on iPhones, iPads, and iTouches
- World's first gesture-based screen reader
- DOES NOT WORK WITH ALL APPS
 - Does not work with many eBooks or textbooks
 - Works with built-in apps
- Built-in voices that speak 36 languages
- Adjustable speaking rate
- Echoes each character as you touch it when typing or can speak completed word instead.
- Speak Auto-text
- Has the rotor
- Works with all built-in applications

Zoom & Invert Colors

- **Zoom**

- Magnify entire screen of any application
- Double-tap with 3 fingers
- Can magnify 100%-500%
- Works with VoiceOver on

- **Invert Colors**

- Reverse video effect works in all applications
- Can be used with Zoom and VoiceOver

Creating Keyboard Shortcuts

- Go to General => Keyboard and make sure Shortcut is turned on
- Go to Add New Shortcut
- Put in your Phrase
- Create Short Cut
- Example:
 - Phrase : Martha E. Rust, MS CRC ATP
 - Shortcut is: MER
 - So when MER is typed it will put in the above Phrase
 - OMW => On My Way!

iOS 8

iOS 8 Preview

What's New ▾

Our smartest keyboard ever.

iOS 8 makes typing easier by suggesting contextually appropriate words to complete your sentences. It even recognizes to whom you're typing and whether you're in Mail or Messages. Because your tone in an email may be different from your tone in a message.

[Learn more >](#)

iOS 8 iCloud

Edit View Favorites Tools Help

iOS 8 Preview

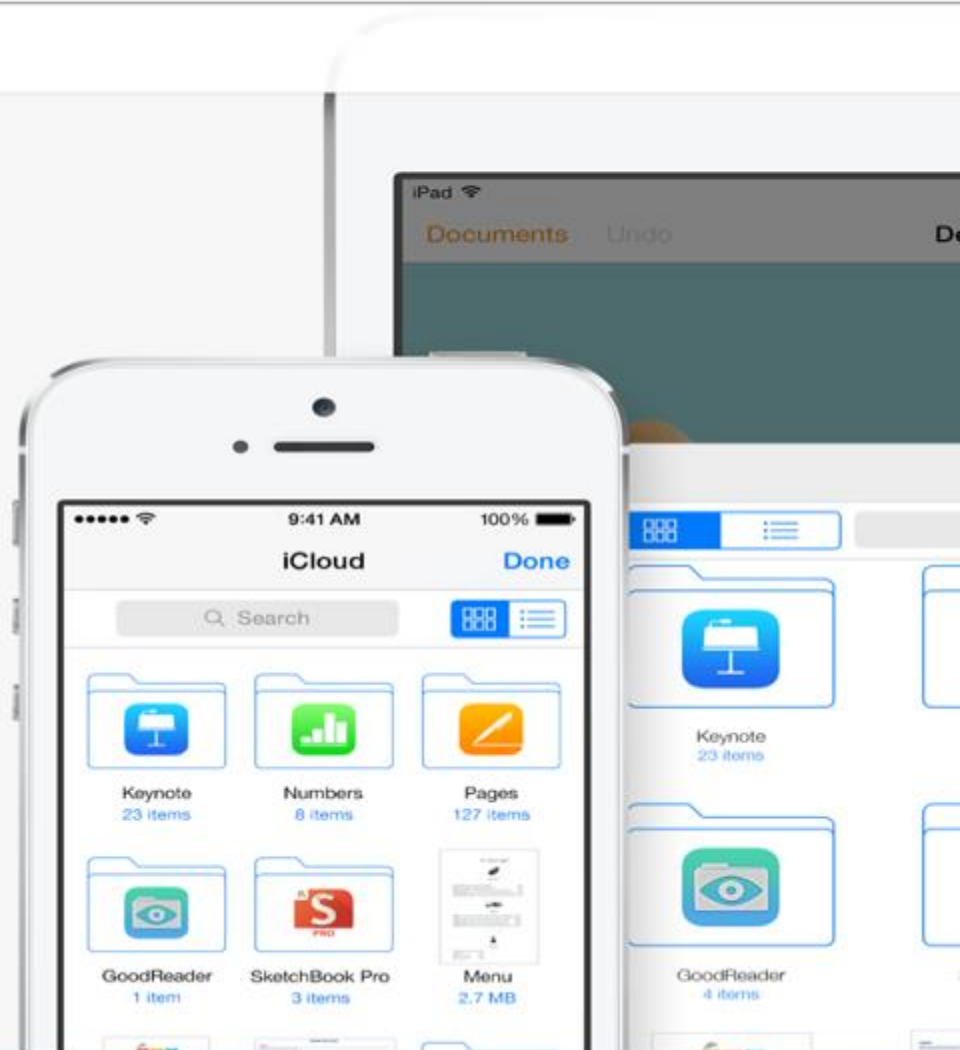

iCloud Drive.
Any kind of file.
On all your devices.

The good news: You can work on any file, anywhere. The bad news: You can work on any file, anywhere. That includes presentations, PDFs, images, and more — right from iCloud.

On whichever device you're using, including your Mac or PC.

[Learn more >](#)

iOS 8 Health

iOS 8 Preview

Health.

An entirely new way to use your health and fitness information.

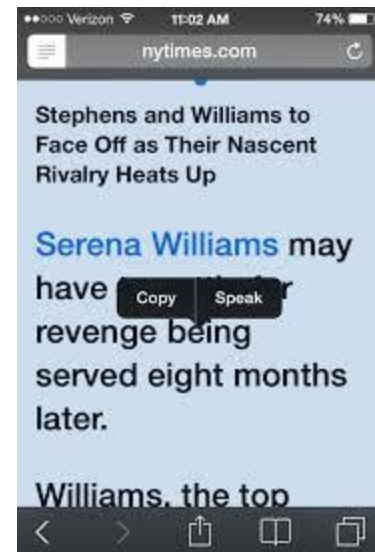

Now your activity tracker, heart rate monitor, and other health and fitness apps can talk to each other. Which means they'll be able to work even harder for you. And all the information is accessible in one easy-to-read dashboard.

[Learn more >](#)

Apple: Read Text Out Loud

- Open the Settings app on your home screen.
- Tap the General tab.
- Scroll down and tap the Accessibility tab.
- Tap the Speak Selection option (it should be set to off, currently).
- Tap the toggle switch to turn it on. You
 - can also adjust the rate of speech as well.
- Highlight any text like you would if you were going to copy it but tap the "Speak" button instead.
 - This option will change to "Pause" while the text is being spoken so you can stop it at any point.
- Can choose to highlight as it reads

iOS 9 Preview- Double Screen

Double up on productivity with iPad.

Slide Over, Split View, and Picture in Picture give you new ways to multitask on iPad. New QuickType features make formatting and text selection even easier — and put shortcuts right at your fingertips.

iOS 9 Preview- Shortcut Bar

Commands at
your fingertips.

Shape up your text in no time with an all-new Shortcut Bar, convenient editing tools, and a handy new way to select text with Multi-Touch gestures. And now when you use a wireless keyboard with your iPad, you can enjoy even more keyboard shortcuts.

Shortcut Bar · Easy text selection · Keyboard shortcuts

iOS 9 Preview- More Powerful Siri

Meet your proactive assistant.

Based on the apps you commonly use and the time of day you use them, you'll get intelligent suggestions for what you might want to do next — even before you ask.

iOS 9 Preview- Notes

Now more noteworthy.

The Notes app has always been great for jotting down your thoughts. And now it's great for so much more. Want an easy way to make a checklist of to-dos? Consider it done. Or add a photo, map, or URL to a note. You can even draw a sketch with your finger. And thanks to iCloud, changes to your notes will be updated across all your devices and on iCloud.com. So you'll always have your latest notes in hand.

iOS 9 Preview - Maps

Get around. And see what's around.

Now you can use public transportation with Maps as your guide. In select cities around the world, a new Transit view shows you lines and stations right on the map. When you plan a route, every step of your trip is laid out from point A to point B. And with the Nearby feature, it's easier to see what's around you and decide on places to shop, eat, and more.

iOS 9 Preview- Battery Life

Even longer battery life.

Across the entire operating system, apps and key technologies have been made more efficient to trim battery usage wherever possible — so you get more battery life for the things you do every day. Thanks to ambient light and proximity sensors, your iPhone knows if it's facedown on the table and prevents the screen from turning on, even when you receive a notification. And the new Low Power mode lets you extend your battery life even further.

1 hour

OF ADDITIONAL TIME
BEFORE CHARGING

Smaller, more convenient updates.

iOS 9 does even more to efficiently stream new updates to your device without having to first download and unpack them — which means you don't need as much free space to update. And when it's time for an update, you'll get new notification options that let your device update while you sleep or when you use it least.

iOS 9 1.3GB

iOS 8 4.58GB

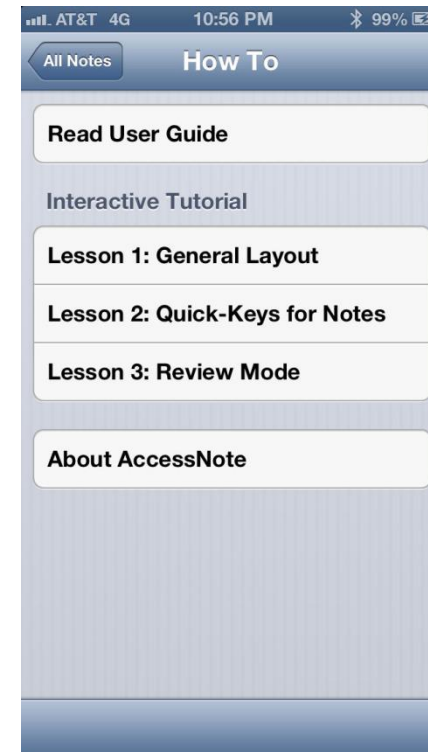

Our Favorite Apps

AccessNote

- AccessNote is the official iOS notetaker from the American Foundation for the Blind
- Keyboard commands customized for input with both QWERTY and refreshable braille display keyboards
- Cursor tracking that always keeps your place when you return to a note
- Fast and efficient navigation throughout a note by page, paragraph, line, word, character, and other elements.

- Free

Reminders

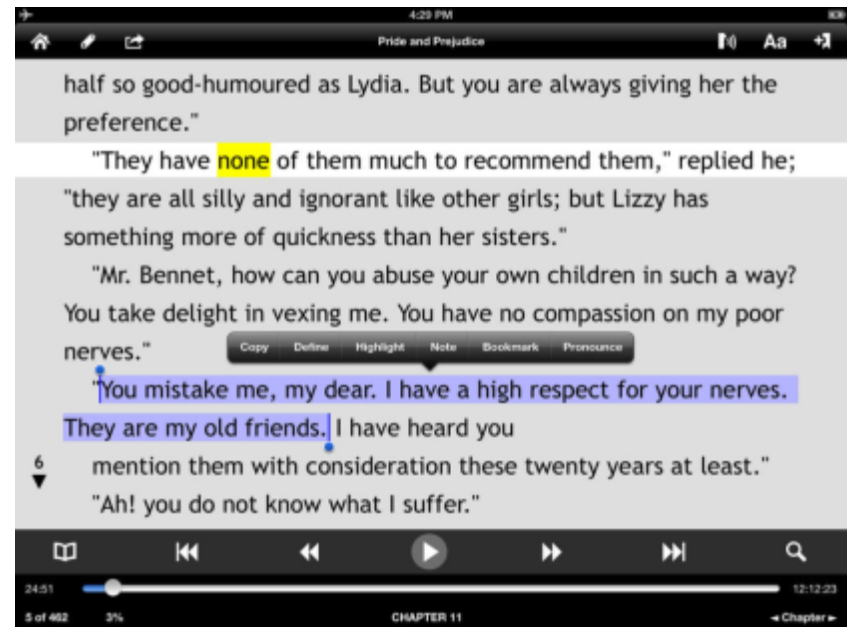

- Built-in App
- Works with VoiceOver
- Organize your reminders
- Siri if have iPhone 4s or 5
- The new iPad

Voice Dream

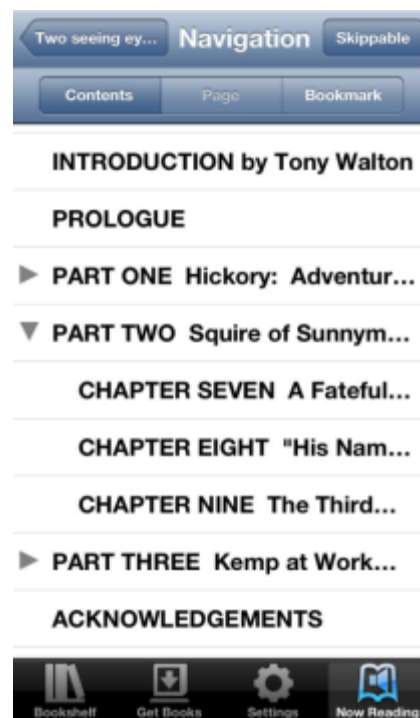

- Text to Speech
- Highlights as it reads
- Import
 - Bookshare
 - Dropbox
 - Gutenberg
 - Word Doc
 - PDFs
- Buy different voices
- Change rate of speed

- Download for later reading
- \$9.99

BARD Mobile

- Access directly to the National Library Service for the Blind and Physically Handicapped (NLS)
- Must be registered
- Settings
- Can use with braille display
- <http://www.loc.gov/nls/find.html>
- Free

KNFB Reader

- iOS App \$99.99
- Fast, accurate, and efficient mobile text recognition that delivers instantaneous results
- Reading modes for books, articles and labels, bills and memos
- Synchronized text highlighting with high quality speech and Braille output
- Field of view report to assist with aligning the camera relative to the document
- Tilt guidance feature to assist with capturing the perfect picture of a document
- Automatic text detection to enable hands-free operation

Our challenge Sensotec was founded in 1986 as a company active in the development of aids for blind children, their parents and teachers in mainstream education. We have since grown into a business with 35 employees, operating from 3 sites. Over the

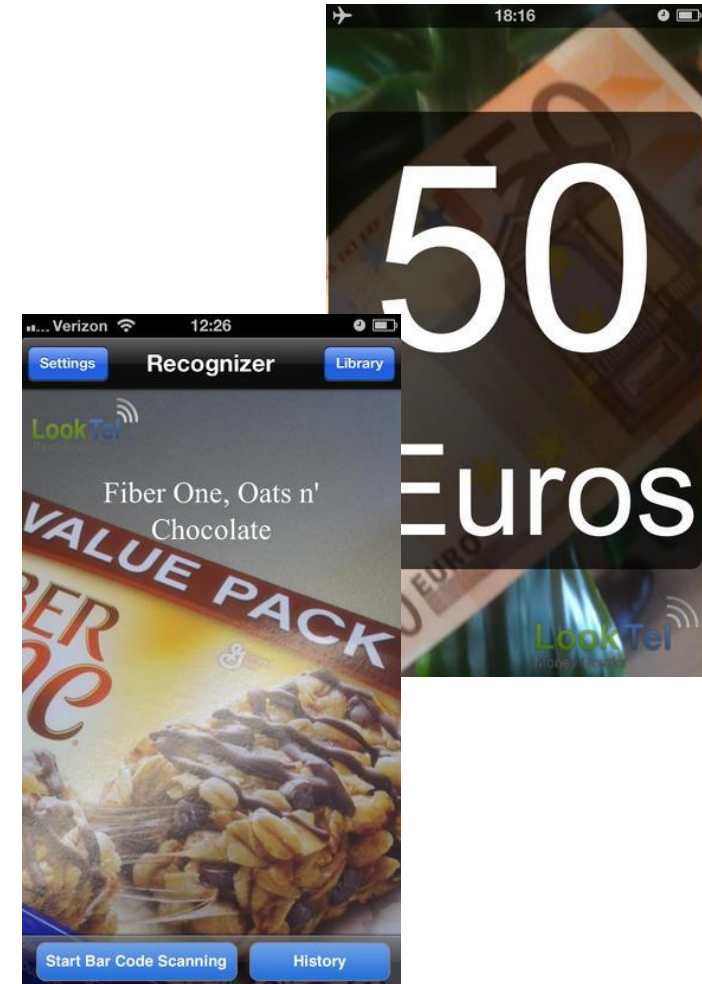

Apps for Sleep Management

- Sleep Time-Alarm Clock (free, iOS, Android)
- Sleep Cycle (\$1, iOS, Android)
- Sleepbot (free, iOS, Android)
- Monitors sleep habits
- Uses accelerometer in the smartphone, tells you how quickly you fall to sleep, when you enter each phase of sleep, and how efficient each sleep cycle is. The app gently wakes you up at the right time, not in the middle of a deep sleep

LookTel

- Money Reader
 - Instantly recognizes currency and speaks the denomination
 - Twenty one currencies are support
- Recognizer
 - Identify cans, packages, ID, credit cards
 - Can store images of object in database
 - Recognition happens instantly in real time

Trackers/Locators

- Stick n Find
- Tile
- Pixie

- Easy to use
- Tap pictures to call or email
- \$60/ month
- No contract
- Wireless charging station and stylus
- Support and Training

Meet grandPad!

The simplest way for seniors to connect to the digital world

Surface

Surface Pro 3

- 12 inch screen
- Up to 9 hours of web browsing
- Windows 8.1
- Surface pen
- Multi positioning kickstand
- Palm Block Technology
- Install Software
- Starting at \$799

Surface RT and Pro

- 2 types
 - RT
 - PRO
- RT
 - Cannot download software
 - Does not support digital pen
 - Built in MS Office
 - Word, PowerPoint, Excel
- Pro
 - 30 day trial of MS Office
 - Ability to download software
- Open 3 Windows
- Tiles
 - Start screen
- Charms
 - Right hand side

Exploring the Surface Accessibility & Devices

Accessibility of Surface

- Magnetic Attachments
 - Charger and keyboards
- Uses Windows 8
 - Ease of Access
- Narrator
- Magnifier
- On-Screen Keyboard
- Windows Speech Recognition
- Picture Password

Surface Tiles

- Used to launch all apps
- 2 size
 - Small and large
- Live tiles
 - Quick short bit of information
 - Can be turned off/on
- Pin on Start screen
- Move Tiles to different sections
- Name the group of tiles

Snapping

- Having 2 or 3 apps open on the screen at the same time
- With an open app, drag a finger from the top of a screen; app will pull away and a dividing bar will appear
- Drag to the left side to bring up a previous app

Our Favorite Surface Apps

Surface Apps: OneNote

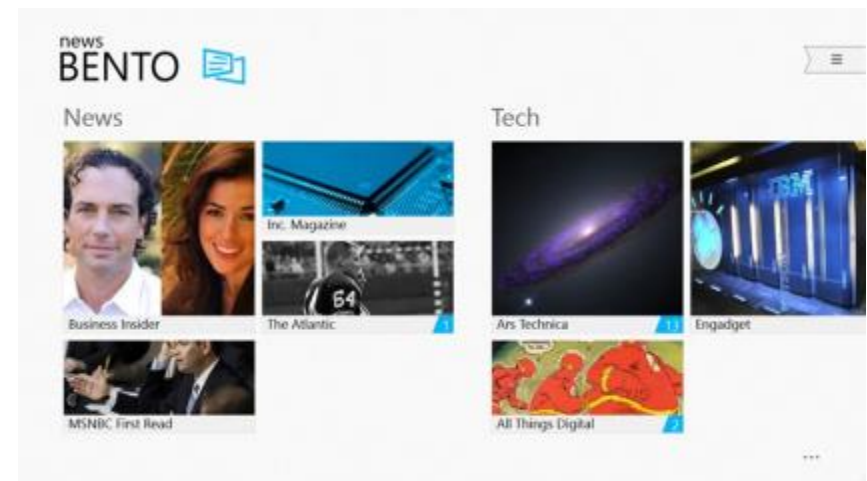

- Save all your notes in the cloud
 - All devices
- Share for viewing and editing
- Save any web page to OneNote and view it later, online or offline
- Send emails to me@onenote.com
 - Put into your notebook.
- Take photos of documents and whiteboards

Surface Apps: News Bento

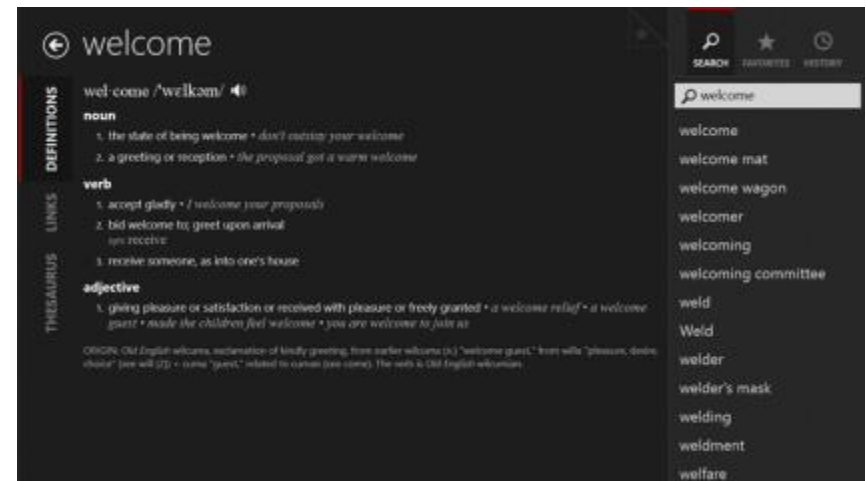

- Aggregate all the news you care about in one spot
- Personalize home screen
- All the news in one spot
- Free

Surface Apps: WordBook

- Dictionary App
- 120,000 pronunciation guides
- 150,000 real human voice audios
- Built-in thesaurus and word links
- Browser-like content navigation with ability to tap on any word to view its definition

A Closer Look at Android

Version History

ANDROID

@ijooH

Devices Running Android OS

Version	Codename	API	Distribution
2.2	Froyo	8	0.3%
2.3.3 - 2.3.7	Gingerbread	10	5.6%
4.0.3 - 4.0.4	Ice Cream Sandwich	15	5.1%
4.1.x	Jelly Bean	16	14.7%
4.2.x		17	17.5%
4.3		18	5.2%
4.4	KitKat	19	39.2%
5.0	Lollipop	21	11.6%
5.1		22	0.8%

Data collected during a 7-day period ending on June 1, 2015.

Any versions with less than 0.1% distribution are not shown.

Note: This data is gathered from the new Google Play Store app, which supports Android 2.2 and above, so devices running older versions are not included. However, in August, 2013, versions older than Android 2.2 accounted for about 1% of devices that checked in to Google servers (not those that actually visited Google Play Store).

https://developer.android.com/about/dashboards/index.html?utm_source=ausdroid.net

Facts about Android

- The Android operating system was first developed by Google in 2008 in response to Apple's iOS, which dominated the smartphone market at the time.
- Since 2008, the Android OS has proven itself a worthy competitor and officially took over as the market leader in the fourth quarter of 2010.
- The number of new Android devices being activated each month continues to climb at a staggering rate.

The World's Most Popular Mobile OS

- Android powers more than a billion phones and tablets around the world.
- It's customizable, yet easy to use, and since it's made by Google, it works seamlessly with all your favorite Google apps.

Smartphone Users Pick Android

47% of People Use Android Smartphones

30% of People Use iPhones

23% Use Other Smartphones

Samsung Galaxy Tab 3

- 7 inch screen
- Open one screen at a time
- Camera for photos and videos
- Ability to organize apps
- Similar to the Galaxy smartphone
- Starts at \$179

Samsung Galaxy Note 8.4

- Built in accessibility features
- Multi Windows
 - 2 Screens
- Customize dashboards
- 8.4 inch display
- 10 hrs Internet time
- e- Meeting
 - Share screen
- Starting at \$349

Google Nexus Tablet

- 7 inch screen
- Up to 9 hours of HD video playback
- 10 hours of web browsing
- Made to Share
 - Customize space and personal homepage
- Starts at \$229

Kindle Fire HD/HDX Features

- Download Books and Movies
- Access to Amazon
- Front Facing Camera
 - Skype
- Can Read Books out loud
 - If book has this feature enabled
 - Check on product details page
- Whispersync for Voice
- Immersion Reading
- Mayday Button
- Can Change:
 - Font
 - Line Spacing
 - Text Size
 - Background color

Exploring Android Accessibility & Devices

Easy Mode

- In Settings under Home Screen Mode
- Has three home screens
- The main home screen has non removable widgets for the time, date, and weather. You will also find six apps to choose from that have much larger icons
- The left home screen is dedicated to calling
 - Can select up to nine contacts
- The right home screen includes 9 apps that you can customize to whatever you want
- Still have an app drawer
 - All apps are spelled out and in alphabetical order.
- The settings menu and camera interface is also simplified

Android Tablets Accessibility

- Accessibility features are not all built in
 - Talkback, Kickback, and Soundback
 - Gesture Feature in Jellybean
 - Eyes - free keyboard
 - IDEAL Web Reader for internet
- What operation system is tablet running
 - KitKat, Jellybean, Ice cream sandwich, Honeycomb, Gingerbread
- Google Play Store to buy apps
 - Must have Gmail address
 - Can use Amazon gift cards
- Customize features
 - Pick from several kinds of keyboards

★ [Samsung Gravity smart t-mobile](#)

I saw a tweet about this phone earlier. It's been announced but not yet released. The estimated release date is 06/08/2011. This phone has a slide out keyboard and is supposed to be available for under \$100 with a contract. I didn't see if it was 4g, but it might be a phone of interest to some of you.... [more >](#)

By **Gordon** - 3:19am - [1 new of 1 message](#) - [Report as spam](#)

★ [The vOICe and Color Identification](#)

I'm using the vOICe to identify colors. Generally speaking, it does a good job though it's better at giving me color approximations than precise colors. for example, it says that my aqua bedspread, sky blue throw pillow and green blanky are all cyan, and it says a canary yellow box is green or yellow green. I remember colors and the exercise of combining red, yellow, and blue in kindergarten well enough to understand that blue, aqua, and green are all on a continuum and that certain yellows (maybe not canary) can kind of sort of look green in certain lighting, so what the vOICe does makes sense to me.... ★ [Calculator](#)

Ok I've attempted to use several different calculators, but no luck. Can someone please let me know which one I need and maybe

Our Favorite Android Apps

Google Drive

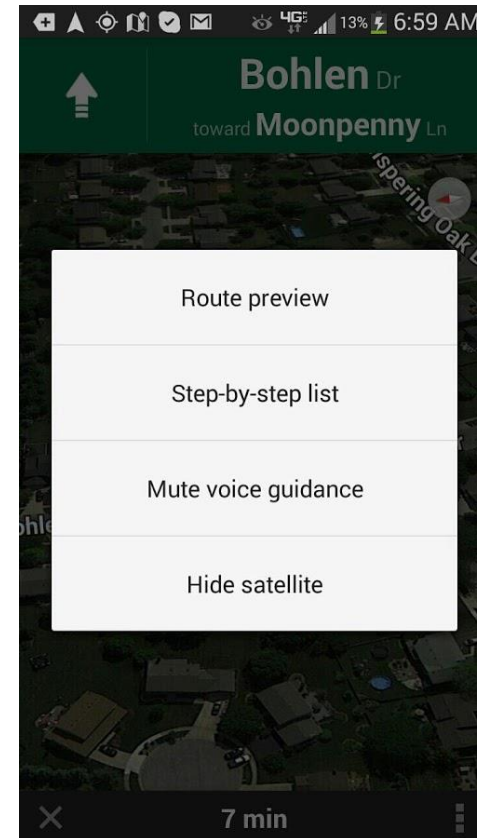

- Upload photos, videos, documents, and other files and access wherever you go
- Share photos and files
- Make files available off-line
- Scan documents with device camera
- Up to 15 GB of storage
- Free

GuideDroid

- fully-accessible, mainstream GPS application
- provide walking, biking, driving, and transit directions
- walking directions shows users where they are as they walk, and continually announces street addresses near their current walking location

Go Read

Please listen to the following quick tips on how to use this reader. You can press the menu button to access the main menu. From there, among other features, you may select "Read to Me" to have the book read to you

While listening to a book, you may press the previous button to go back a paragraph, the play/pause button to pause or resume playback, the next button to go forward a paragraph, or table of contents button to access the table of contents.

During book playback you may also access the same features using gestures. Double tap to play or pause.

Go Read Quick Start

Prev section

Pause/ Play

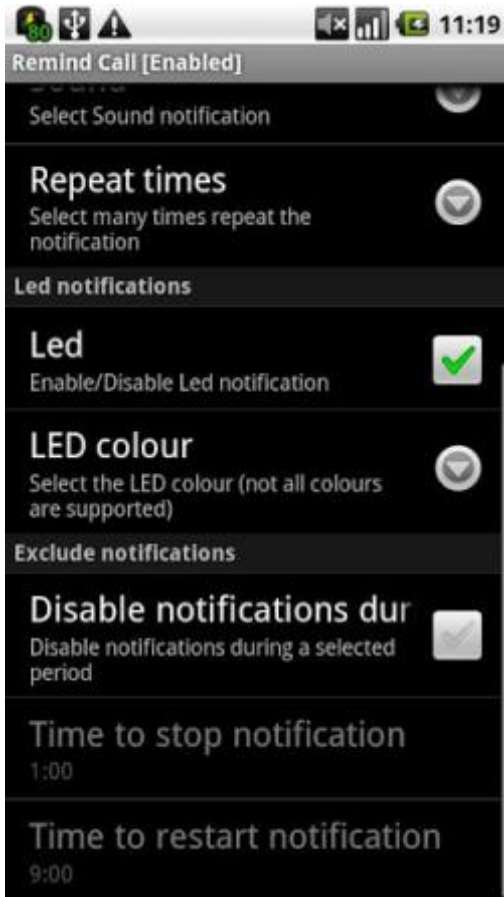

Table of Contents

Next section

- FREE accessible e-book reader for people with print disabilities
 - Android 2.2 Froyo and above
- Access and download books directly from Bookshare
- Read with voiced navigation and text-to-speech
- Read books in DAISY 3 text and EPUB 2 formats

Easy Reminder

- Set alerts to remind you about unread messages or missed calls
- Notification is configurable
 - decide a time slot during which you will not be disturbed
- Free

Talk Text to Voice

- Convert text to voice using the Text-to-speech engine on your smartphone
- Allows importing web pages directly from the browser to listen to them
- Can also import selected text from other apps

- Read books in DAISY 3 text and EPUB 2 formats

Easy Reminder

- Set alerts to remind you about unread messages or missed calls
- Notification is configurable
 - decide a time slot during which you will not be disturbed
- Free

The Future of this OS is Limitless

- Google has the futuristic ambition and the funds to take Android to unprecedented heights. In many areas — such as predicting what users will do next.
- Google Now knows that in the morning you're getting ready for work and will tell you about the traffic.
